1752. *Who exempted from examination.*—Nothing in this chapter shall be taken as including or affecting in any way the practice of dentistry; nor shall it include physicians or surgeons residing in other States and called into consultation in a special case with a physician or surgeon residing in this State; nor shall it be construed as affecting or changing in any way the laws in reference to the license tax to be paid by physicians, surgeons and dentists.

1753. *Midwives.*—The preceding sections of this chapter shall not apply to any midwife.

AN ACT to amend and re-enact sections 1747 and 1750 of the code of Virginia, in regard to the examination of applicants for the practice of medicine and surgery, and to repeal an act entitled "An Act to amend sections 1747 and 1750 of the code of Virginia of 1887, in regard to examination of applicants for the practice of medicine and surgery, approved 19th January, 1892." Approved February 4, 1892.

1. Be it enacted by the general assembly of Virginia, That sections seventeen hundred and forty-seven and seventeen hundred and fifty of the code of Virginia, of eighteen hundred and eighty seven, be a nended and re-enacted so as to read as follows:

1747. *Examination of applicants for practice of medicine; re-examination; fees of* .—It shall be the duties of said board, at any of its meetings, to examine all persons

making application to them, who shall desire to commence the practice of medicine or surgery in this State; and when an applicant shall have passed an examination satisfactory as to proficiency before the board in session, the president thereof shall grant to such applicant a certificate to that effect. A fee of five dollars shall be paid to said board, through such officers or members as it may designate, by each applicant before such examination is had. In case any applicant shall fail to pass a satisfactory examination before the board, he shall not be permitted to stand any further examination within the next three months thereafter, nor shall he have again to pay the fee prescribed as aforesaid; provided, however, no applicant shall be rejected upon his examination on account of his adherence to any particular school of medicine or system of practice, nor on account of his views as to the method of treatment and cure of diseases; and provided further, that when in the opinion of the president of the board, any applicant has been prevented by good cause from appearing before the board, he shall appoint a committee of three members, who shall examine such applicant, and may, if they see fit, grant him a certificate, which shall have the same force and effect as though granted him by the full board. until the applicant shall have an opportunity to appear before the said board, when, if applicant failing to appear for examination, the president of the board shall have authority to revoke said certificate; or in any case the president shall have authority, at his discretion, to grant a special permit to any applicant to practice medicine, until he shall have an opportunity to appear before the board in session for examination, which shall be revokable at the discretion of the president. The said board shall have in their discretion authority to accept, in lieu of examination of an applicant, a certificate from the medical board of any other State, showing that said applicant has passed a satisfactory examination as to his proficiency, and obtained license from said board to practice medicine and surgery in said State.

1750. *Who prohibited from practicing medicine without certificate.*—No person who shall have commenced the practice of medicine or surgery since the first day of January, eighteen hundred and ninety-two, or who shall hereafter commence the practice of the same, shall practice as a physician or surgeon, for compensation, without having first obtained a certificate and caused the same to be recorded as aforesaid. Any person violating the provisions of this section, shall be fined not less than fifty nor more than five hundred dollars for each offense, and be debarred from receiving any compensation for services rendered as such physician or surgeon. Any person who shall have been assessed with a license tax, as a physician or surgeon, by any commissioner of the revenue in this State, at any time prior to the passage of this act, shall be taken as having commenced the practice of medicine or surgery prior to that date; but any person who shall not have been so assessed, shall be taken as not having commenced such practice prior to that date.

2. The act entitled an act to amend sections seventeen hundred and forty-seven and seventeen hundred and fifty of the code of Virginia of eighteen hundred and eighty-seven, in regard to the examination of applicants for the practice of medicine and surgery, approved nineteenth January, eighteen hundred and ninety-two, is hereby repealed.

3. This act shall be in force from its passage.

AN ACT to provide for the mode of applying for license to transact any business in this State, approved March 6th, 1886.

80. No person shall, without a license authorized by law, practice as attorney-at-law, physician, surgeon or dentist, and no person who shall hereafter apply for license to practice as a physician or surgeon shall have such license granted to him unless he shall have complied with the provisions of an act entitled, "An Act to regulate the practice of medicine and surgery," approved January thirty-first, eighteen hundred and eighty-four. Provided, that no person who was licensed to practice as physician or surgeon at any time prior to January the first, eighteen hundred and eighty-five, need comply with the provisions of said act in order to be again licensed as a physician or surgeon.

ALE AND BEEF PEPTONIZED
YOUR LEADING DRUGGISTS HAVE IT.
The sale of Ale and Beef, Peptonized, with us has been wonderfully large since you introduced it in Philadelphia. It meets with great favor among most of our prominent physicians. Yours truly,
GEO. B. EVANS, Pharmacist, Philadelphia, Pa.

WASHINGTON.

CAPITAL, OLYMPIA.

POPULATION OF STATE, 349,390.

(Census of 1890.)

Males	217,562	Native	259,385
Females	131 828	Foreign	90 005
White	340,513	Chinese	3,620
Colored	1,602	Indians	3,655

Washington extends from 45° 33′ to 49° north latitude, and from 117° to 124° 41′ west longitude, and is bounded on the north by the British Possessions, on the south by Oregon, on the east by Idaho, on the west by the Pacific Ocean, and on the northwest by the Strait of San Juan de Fuca and the Strait of Georgia. It comprises an area of 69,994 square miles, or 44,796,160 acres, and is divided by the Cascade Mountains into two distinct sections; the western, a heavily timbered country, rugged and broken, with a few fertile prairies; and the eastern, which has extensive plains admirably adapted to stock raising. Wheat, barley, flax, hops, and oats are the agricultural staples, and are grown principally west of the Cascades.

The climate is mild, equable and salubrious, and the mean annual temperature is 50.81°. The average annual rainfall is about 39 inches. The principal rivers are the Columbia, Snake, Spokane, Walla Walla, Yakima, Kilkitat and Cowlitz. Gold and silver are mined. Salt abounds on the Spokane Plain. Large coal fields occur near Bellingham Bay and back of Seattle, on Lake Washington, and iron, copper, lead, zinc, cinnabar, gypsum, etc., are found in large quantities.

The following table shows increase in population during 30 years:

1860	11,594	1880	75,116
1870	23,955	1890	349,390

Fishing is an important industry, and immense numbers of salmon are canned here every year and shipped to all parts of the Union.

There is one medical college in the State, the University of Spokane Falls, College of Medicine, at Spokane.

Rate of Mortality in Washington, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
349,390	2,695	7.71	2,630	65	7.72	7.32

Total number of deaths from consumption during 1890 was 278, which was at the rate of .79 per 1,000 of population, or 103.15 per 1,000 of total deaths.

MEDICAL LAWS OF WASHINGTON.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE AND SURGERY IN THE STATE OF WASHINGTON, AND TO LICENSE PHYSICIANS AND SURGEONS; TO PUNISH ALL PERSONS VIOLATING THE PROVISIONS OF THIS ACT, AND TO REPEAL ALL LAWS IN CONFLICT THEREWITH, AND DECLARING AN EMERGENCY.

Be it enacted by the Legislature of the State of Washington:

SECTION 1. The Governor of this State shall appoint a board of examiners to be known as the State Medical Examining Board, consisting of nine members, who shall be learned and skilled in the practice and theory of medicine and surgery, and who shall hold their office for three (3) years, and until their successors are appointed and qualified: *Provided*, That the members thereof first appointed under this act shall be divided into three (3) classes, each class to consist of three (3). The first class shall hold office under said appointment for the period of one (1) year, the second class for two (2) years, and the third class for three (3) years from the date of their appointment. *It is further provided*, That no member thereof shall be appointed to serve for more than two terms in succession.

2. The members of said Medical Examining Board, shall, before entering upon their duties as such members, take and subscribe an oath to support the Constitution and laws of the State of Washington, and of the United States, and to well and faithfully and without partiality perform the duties of such office according to the best of their knowledge and ability ; which oaths shall be filed and preserved of record in the office of the secretary of said Board. (See p. Opp. Contents.) Publishers of the "Annual of the Universal Medical Sciences."

Examining Board shall elect a president, secretary and treasurer, and shall have a common seal. The president and secretary shall have the power to administer oaths; said Medical Examining Board shall hold meetings for examination on the first Tuesday of January and July of each year; said meetings shall be held alternately in western and eastern Washington at such places as the Board may designate: *Provided*, That the first meeting be held at Olympia within thirty (30) days after the appointment and qualification of said Board: *And provided*, That the Board may call special meetings when in the opinion of a majority of said Board such special meetings are necessary; said Board shall keep a record of all the proceedings thereof, and also a record or register of all applicants for a license, together with his or her age, the time such applicants shall have spent in the study and practice of medicine and surgery, if they shall have so practiced at all, and the name and location of all institutions granting to such applicants degrees, or certificates of lectures in medicine or surgery. Said record or register shall also show whether such applicant was rejected or licensed under this act. Said books and register shall be *prima facie* evidence of all matters therein recorded.

3. Hereafter every person desiring to commence the practice of medicine and surgery, or either of them, in any of their or its branches in this State, shall make a written application to said Board for a license so to do, which application shall be supported and accompanied by an affidavit of such applicant, setting forth the actual time spent by the applicant in the study of medicine and surgery, and when; whether such study was in an institution of learning, and if so, the name and location thereof, and if not in such an institution, where and under whose tutorship such study was prosecuted; the time said applicant shall have been engaged in the actual practice, if at all, of medicine and surgery, or either of them, and where the applicant was located during the time of such practice, and the age of the applicant at the time of making such application; such application and affidavit to be filed and preserved of record in the office of the secretary of said Board. Such applicant, at the time and place designated by said Board, or at the regular meeting of said Board, shall submit to an examination in the following branches, to wit: anatomy, physiology, chemistry, histology, materia medica, therapeutics, preventive medicines, practice of medicine, surgery, obstetrics, diseases of women and children, diseases of the nervous system, diseases of the eye and ear, medical jurisprudence, and such other branches as the Board shall deem advisable. Said Board shall cause such examination to be both scientific and practical, and of sufficient severity to test the candidate's fitness to practice medicine and surgery; which examination shall be by written or printed, or partly written and partly printed, questions and answers, and the same shall be filed and preserved of record in the office of the secretary of said Board. After examination, if the same be satisfactory, said Board shall grant a license to such applicant to practice medicine and surgery in the State of Washington; which said license can only be granted by the consent of not less than five members of said board, except as hereinafter provided, and which said license shall be signed by the president and secretary of said Board, and attested by the seal thereof. The fee for such examination shall be ten ($10) dollars, and shall be paid by the applicant to the treasurer of said Board toward defraying the expenses thereof, and such Board may refuse or revoke a license for unprofessional or dishonorable conduct, subject, however, to the right of such applicant to appeal from the decision of said board refusing or revoking such license, as hereinafter provided.

4. The words "unprofessional or dishonorable conduct," as used in section three (3) of this act, are hereby declared to mean—

First. The procuring or aiding or abetting in procuring a criminal abortion.

Second. The employing of what are popularly known as "cappers" or "steerers."

Third. The obtaining of any fee on the assurance that a manifestly incurable disease can be permanently cured.

Fourth. The wilfully betraying of a professional secret.

Fifth. All advertising of medical business in which untruthful and improbable statements are made.

Sixth. All advertising of any medicines or of any means whereby the monthly periods of women can be regulated, or the menses re-established if suppressed.

Seventh. Conviction of any offense involving moral turpitude.

Eighth. Habitual intemperance.

5. In any case of the refusal or revocation of a license by said Board under the provisions of this act, said Board shall file a brief and concise statement of the grounds and reasons for such refusal or revocation, in the office of the secretary of said Board, which said statement, together with the decision of said Board in writing, shall remain of record in said office. Before a license can be revoked by said Board for unprofessional or dishonorable conduct under the provisions of this act, a complaint of some person under oath must be filed in the office of the secretary of said Board, charging the acts of unprofessional or dishonorable conduct and facts complained of against the licentiate accused, in ordinary and concise language; and thereupon said Board shall cause to be served upon such accused licentiate a written notice and copy of such complaint, which said notice shall contain a statement of the time and place of hearing of the matters and things set forth and charged in such complaint, and said notice shall be so served at least ten days prior to the time of such hearing. Such accused licentiate may appear at such hearing and defend against the accusations of such complaint personally, and by counsel, and may have the sworn testimony of witnesses taken, and present other evidence in his behalf at such hearing, and said Board may receive the arguments of counsel at such hearing.

6. In any case of the refusal or revocation of a license by said Board under the provisions of this act, the applicant whose application shall be so refused, and the licentiate whose license shall be so revoked by said Board, shall have the right to appeal from the decision so refusing or revoking such license within thirty days after the filing of such decision in the office of the Secretary of said Board, as hereinbefore in this act provided. Such appeal shall be to the superior court in and for the county in which was held the last general meeting of said Board prior to the refusal of such license, in the case of such refusal; and to the superior court in and for the county in which the hearing was had upon which such license was revoked in case of

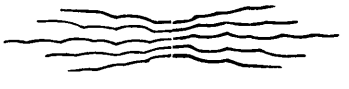
such revocation. In any case, a person desiring to take such appeal, shall serve or cause to be served upon the secretary of said Board a written notice of such appeal, which shall contain a statement of the grounds of such appeal, and shall file in the office of such secretary an appeal bond with good and sufficient surety, to be approved by said secretary, to the State of Washington, conditioned for the speedy prosecution of such appeal, and the payment of such costs as may be adjudged against him upon such appeal. Said secretary shall, within ten (10) days after the service of said notice of appeal, and the filing and approval of said appeal bond, transmit to the clerk of the superior court to which such is taken, a certified copy under the seal of said Board, of the decision of said Board, and the grounds thereof in the case of the refusal of a license; and in addition thereto, a certified copy, under such seal, of the complaint in the case of the revocation of a license, together with the bond and notice of appeal. The clerk of such court shall thereupon docket such appeal causes and they shall stand for trial in all respects as ordinary civil actions, and like proceedings be had thereupon. Upon such appeal said cause shall be tried *de novo*. Either party may appeal from the judgment of said superior court to the supreme court of the State in like manner as in civil actions, within sixty (60) days after the rendition and entry of such judgment in said superior court. If such judgment shall be in favor of the party appealing from the decision of said Board, and in case said Examining Board does not appeal from said judgment within sixty (60) days, then and in that case, said Board shall at the end of said sixty (60) days and immediately upon the expiration thereof, issue to such successful party the usual license to practice medicine and surgery in this State, and in addition thereto, shall reinstate upon the records of said Board the name of such successful applicant in case of the revocation of his license by such Board. In case of such appeal to the superior court by said Board, no such license shall be issued nor reinstatement be required until the final determination of said cause, and as hereinafter provided. In case the final decision of the supreme court be against said Medical Examining Board, then and in that case said court shall make such order in the premises as may be necessary, and said Board shall act accordingly; provided, that in no case shall an appeal bond be required of said Board, nor shall any costs be adjudged or taxed against the same.

7. The person receiving said license shall file the same, or a copy thereof, with the county clerk in and for the county where he or she resides, and said county clerk shall file said certificate or copy thereof, and enter a memorandum thereof, giving the date of said license and name of the person to whom the same is issued, and the date of such filing, in a book to be provided and kept for that purpose, and said county clerk shall each year furnish to the secretary of said Board a list of all certificates on file in his office, and upon notice to him of the change of location or death of a person so licensed, or of the revocation of the license granted to such person, said county clerk shall enter at the appropriate place in the record so kept by him, a memorandum of said fact, so that the records kept by said county clerk shall correspond with the records of the Board as kept by the secretary thereof. In case a person so licensed shall move into another county of the State, he or she shall procure from the county clerk a certified copy of said license, and file the same with the county clerk in the county to which he or she shall remove. Said county clerk shall file and enter the same with like effect as if the same was the original license.



8. Any person practicing medicine or surgery within this State without first having obtained the license herein provided for, or contrary to the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be fined not less than fifty ($50) dollars nor more than one hundred ($100) dollars, or by imprisonment in the county jail not less than ten nor more than ninety days, or by both such fine and imprisonment. All such fines shall be paid into the State treasury for the use and benefit of the common schools. Any person shall be regarded as practicing within the meaning of this act who shall append the letters "M. D." or "M. B." to his or her name, or for a fee prescribe, direct or recommend for the use of any person, any drug or medicine, or agency for the treatment, care or relief of any wound, fracture or bodily injury, infirmity or disease; *provided, however*, the act shall not apply to dentists. Justices of the peace and the respective municipal courts shall have jurisdiction of violations of the provisions of this act. It shall be the duty of the respective county or district attorneys to prosecute all violations of this act. In cases of appeals to the superior courts as hereinbefore provided, it shall be the duty of the district attorney of the county wherein such appeal shall be tried, to represent said Board upon said appeal. And in all cases of appeal to the supreme court, under the provisions of this act, the attorney-general shall represent said Board upon such appeal.

9. Said Board shall have authority to prescribe and establish all needful rules and regulations to carry into effect the provisions of this act

10. Section 2,289 of the General Laws of Washington Territory of 1881, and section 1, to amend section 2,289 of the Code of Washington Territory, are hereby repealed. It is, however, provided, that all persons licensed under said act, or having complied with the provisions thereof, shall be taken and considered as licensed under this act, and the secretary of the Board herein provided for shall enter the names of such persons upon the register so kept by him as licensed physicians and surgeons, upon the written application of such persons.

11. Whereas, great embarrassment and inconvenience in relation to the practice of medicine and surgery in this State will arise from delay of time when this act shall take effect, it is therefore declared that an emergency exists, and this act shall take effect and be in force in thirty days from and after the date of approval by the governor.

The State of West Virginia is bounded on the north by Pennsylvania and Maryland, on the south and east by Virginia, and on the west by Kentucky and Ohio. It extends from 37° 6′ to 39° 37′ north latitude, and from 77° 43′ to 82° 33′ west longitude, and comprises an area of 24,780 square miles, or 15,859,200 acres. The surface is mountainous and well wooded, and the bottom lands are wonderfully fertile, being especially adapted to grazing and dairy farming. Blue grass is indigenous. The principal rivers are the Ohio, Potomac, Monongahela, Cheat, Big Sandy and Little and Great Kanawhas. The climate is mild and healthful, the mean annual temperature being 54.27°; that of the summer 71.40°, and of the winter 36.66°. The average annual rainfall is about 43 inches. Nearly the whole of the State lies within the Allegheny coal system, and large quantities of coal are exported. The other great mineral resources of the State are salt, iron ores, fire clay, petroleum, limestone, sandstone, etc. The agricultural staples are corn, wheat, oats and tobacco; and West Virginia is specially famous for wool.

The following table shows increase in population during 20 years :

1870.....442,014 | 1880.....618,457
1890.....762,794

MEDICAL LAWS OF WEST VIRGINIA.

AN ACT AMENDING AND RE-ENACTING CHAPTER 150 OF THE CODE OF WEST VIRGINIA CONCERNING THE PUCLIC HEALTH.

Be it Enacted by the Legislature of West Virginia:

SECTION 1. There shall be a State Board of Health in this State, consisting of two physicians residing in each congressional district thereof, who shall be graduates of reputable medical colleges, and who shall have practiced medicine for not less than twelve years continuously. They shall be appointed by the Governor, and hold their office for the term of four years, unless sooner removed as provided in this chapter. But the members of said board now in office shall, unless sooner removed therefrom, remain in office until their successors are appointed and qualified. On the first day of June, 1882, and in every second year thereafter, or as soon after said day as possible, the Governor shall appoint two members of said board for the term of four years. Vacancies in said board shall be filled by the Governor for the unexpired term. Any person so appointed may be removed from office by the Governor for

incompetency, neglect of duty, gross immorality or drunkenness, or for any cause deemed necessary for the public good.

2. The persons so appointed shall take the oath of office prescribed by the fifth section of the fourth article of the constitution of this State, before entering upon the duties of their office, and file a certificate of their having done so with the Secretary of State.

3. The said board shall, on a day to be fixed by them, in every two years, elect from their own number a president and secretary, who shall hold their offices for the term of two years and until their successors are appointed and enter upon the duties of their office. The said board shall be a corporation by the name and style of "The State Board of Health of West Virginia," and have and use a common seal, and, as such corporation, may sue and be sued, contract and be contracted with, plead and be impleaded, to the extent of the powers conferred upon said board by this chapter. Said board may make and adopt all necessary rules, regulations and by-laws, not inconsistent with the constitution and laws of this State, or of the United States, to enable it to perform its duties and transact its business under the provisions of this chapter. A majority of said board shall constitute a quorum for the transaction of business. A meeting of the board may be called by the president or any three members thereof.

4. The secretary shall be the recording officer of the board, and, in addition to his other duties prescribed in this chapter, he shall respond to all communications of the local boards of health, as well as from any member of said State Board of Health residing at a distance from his office, and give to them such advice and information relative to their duties as he may deem necessary and proper. He shall also do and perform such other duties as the State Board of Health may lawfully direct; and, in case of the prevalence of endemics, epidemics, infectious and contagious diseases, or other unusual sickness, he shall, on the request of the local board of health, visit the locality and advise with them, and adopt such regulations for its suppression as may seem best. He shall annually report to the Governor, on or before the first day of January, the investigations, discoveries and recommendations of the board, which shall be printed and distributed as soon as practicable thereafter in the same manner as other public documents of the State, except that the Governor may cause said report to be printed and distributed annually.

5. The board shall take cognizance of the interests of the life and health of the inhabitants of the State, and shall make or cause to be made, sanitary investigations and inquires respecting the causes of diseases, especially the endemics and epidemics, and the means of prevention, the sources of mortality, and the effects of localities, employments, habits and circumstances of life on the public health They shall also investigate the causes of diseases occurring among the stock or domestic animals in the State, the methods of remedying the same, and shall gather information in respect to these matters and kindred subjects for diffusion among the people. They shall also examine into and advise as to the water supply, drainage and sewerage of towns and cities; the ventilation and warming of public halls, churches, school houses, workshops and prisons; the ventilation of coal mines, and how to treat promptly accidents resulting from poisonous gases. When they may believe there is a probability that any infectious or contagious disease will invade the State from any other State, it shall be their duty to take such action and adopt and enforce such rules as they may, in the exercise of their discretion, deem efficient in preventing the introduction and spread of such disease or diseases. The better to accomplish such objects, the board are empowered to establish and strictly maintain quarantine at such places as they may deem proper, and may adopt rules and regulations to obstruct and prevent the introduction or spread of infectious or contagious diseases to or within this State. They may enforce inpections of persons and articles of baggage, or other goods of whatsoever character, as well as the purification of the same, and companies or individuals operating or controlling railroads, passenger coaches, public conveyances, and steamers plying the Ohio river, or its tributaries in this State, shall obey the rules and regulations when made and published by the board in some newspaper printed at or near the place where the danger is; and any owner or person having charge of such railway train, passenger coach, steamboat or public or private conveyance, who shall refuse to obey such rules and regulations when so made and published, shall be guilty of a misdemeanor, and for each offense be fined not less than fifty nor more than five hundred dollars, and be confined in the county jail not less than fifteen days nor more than two months, at the discretion of the court.

6. It shall be the duty of the county court to nominate, and the said board to appoint, in each of the counties of this State, three intelligent and discreet persons residing therein, one of whom, at least, shall be a person qualified to practice medicine under the provisions of this chapter, if there be such person residing in the county, and the persons so appointed shall constitute a *local board of health* for the county of their residence, and hold their office for the term of two years, and until their successors are appointed, unless sooner removed from office by the State board of health. Vacancies in said local board shall be filled by the State board for the unexpired term upon the nomination of the county court. The said local board of health shall make and estabilsh for their county, or for any district or place therein, such sanitary regulations and rules as they may deem necessary and proper to prevent the outbreak and spread of cholera, small-pox, scarlet fever, diphtheria and other endemic, infectious and contagious diseases; and they, or any of them, may, except in the night time, in the performance of the duties imposed upon them, enter into or upon any house or premises and inspect the same whenever they have reason to believe that such house or premises is in an unclean or infectious condition; and if any house or premises so inspected be found in such condition as aforesaid, said local board shall direct and require the person in charge of, or occupying the same, if of sufficient ability, to cleanse and purify the same according to the sanitary rules and regulations made by said board as aforesaid; and if any such person shall fail or refuse to comply with and obey the said directions and requirements of said board, he shall be guilty of a misdemeanor, and fined not less than ten nor more than one hundred dollars. Such local board shall also enforce within their county all the lawful rules and regulations of the State board of health applicable to such county.

It shall be the duty of every practicing physician in any county in which there is such local board of health, to report to said board promptly all or any diseases of the above-named char-

acter under treatment by him; and said local board shall once, at least, in every three months, report to the State board of health the character of all such infectious, contagious, endemic or epidemic diseases, the number of persons reported as affected with either of said diseases, naming the same; the action taken by such local board to arrest the progress of every such disease, and the visible effects (if any) of such action. Where any city, town or village has a board of health of its own, the jurisdiction of the local board so appointed shall not extend thereto, but such city, town or village board of health shall be auxiliary to and act in harmony with the State board of health.

7. The local board of health of any county may declare quarentine therein, or in any particular district or place therein, against the introduction of any contagious or infectious disease prevailing in any other State, county or place, and of any and all persons and things likely to spread such contagion and infection. As soon as such quarantine is established, such local board shall, in writing, inform the members of the State board of health residing in their congressional district thereof, whose duty it shall be to ascertain as soon as practicable the necessity therefor, if any exist; and if they find that no such necessity exists, they shall declare the same raised. The said local board shall have power and authority to enforce such quarantine until the same is raised as aforesaid, or by themselves; and may confine any such infected person, or any person likely to spread such contagion or infection, to the house or premises in which he or she resides, or if such person have no residence in the county, at a place to be provided by them for the purpose, and if it shall become necessary to do so, they shall summon a sufficient guard for the enforcement of their orders in the premises.

Every person who shall fail or refuse to comply with any order made by such board under this section, and every person summoned as such guard who shall, without a lawful excuse, fail or refuse to obey the orders and directions of such board in enforcing said quarantine, shall be guilty of a misdemeanor, and for each offense be fined not less than twenty-five nor more than one hundred dollars. In cases of emergency or of actual necessity, and when the court or corporate authority are from any cause unable to meet or to provide for the emergency or the necessity of the case, all actual expenditures necessary for local and county sanitation, as provided for in this section, shall be certified by the local board of health to the county court, and the whole or as much thereof as the said court may deem right and proper shall be paid out of the county treasury. The board of health of any city, town or village shall have the same powers and perform the same duties herein conferred upon and required of the local board of health in their county. The State board of health may also, under the provisions of this section, declare quarantine in any part of the State, and all the provisions of this section shall be applicable to the quarantine so declared.

8. The State Board of Health, its agents and employes, and the local boards of health, in the absence of the State board, its agents and employes, when they have reason to believe that any steamboat or other water craft navigating the Ohio river or its tributaries in this State, or any other of the waters of the State, or bordering thereon, is infected with any contageous or infectious disease, may prevent the landing of such boat or craft at any point in this State. They may also, if they have reason to believe that any railroad train, coach or other vehicle passing on or along any railroad in this State, contains any person or thing infected with contageous matter, detain at any station or point on such railroad, where it can be done with safety, such train, coach or vehicle, for a time sufficient to examine the same, and if found to be so infected, for a time sufficient to disinfect and purify the same; and if the conductor or person in charge of such train, coach or vehicle, shall wilfully fail or refuse to stop the said train, coach or vehicle for the time aforesaid, he shall be guilty of a misdemeanor and punished as prescribed in section five (5) of this chapter. Nothing herein contained shall be so construed as to impair or affect the powers and duties of the county court of any county under the provisions of sections twenty-five (25) and twenty-six (26) of chapter thirty-nine of the code of West Virginia, as amended and re-enacted by chapter five of the acts of one thousand eight hundred and elghty-one.

9. The following persons, and no others, shall hereafter be permitted to practice medicine in this State, viz:

First. All persons who are graduates of a reputable medical college in the school of medicine to which the person desiring to practice belongs. Every such person shall, if he have not already done so and obtained the certificate hereinafter mentioned, present his diploma to the State board of health, or to the two members thereof in his congressional district; and if the same is found to be genuine, and was issued by such medical college as is hereinbefore mentioned, and the person presenting the same be the graduate named therein, the said board or said two members thereof (as the case may be) shall issue and deliver to him a certificate to that effect; and such diploma and certificate shall entitle the person named in such diploma to practice medicine in all its departments in this State.

Second. All persons who have practiced medicine in this State, continuously, for the period of ten (10) years prior to the eighth day of March, one thousand eight hundred and eighty-one. Every such person shall make and file with the two members of the State board of health in the congressional district where he resides, or, if he reside out of the State, in the district nearest his residence, an affidavit of the number of years he has continuously practiced in this State, and if the number of years therein stated be ten (10) or more, the said Board or said two members thereof, shall, unless they ascertain such affidavit to be false, give him a certificate to that fact, authorizing him to practice medicine in all its departments in this State.

Third. A person who is not such graduate and who has not so practiced in this State for a period of ten (10) years, desiring to practice medicine in this State, shall, if he have not already done so, present himself before the State board of health, or before the said two members thereof in the congressional district in which he resides, or, if he reside out of this State, to the said two members of the State board of health in the congressional district nearest his place of residence, who, together with a member of the local board of health who is a physician (if there be such member of the local board) of the county in which such examination is held, shall examine him as herein provided; and if upon full examination they find him qualified to practice medicine in all its departments, they, or a majority of them, shall grant him a certificate to

that effect, and thereafter he shall have the right to practice medicine in this State to the same extent as if he had the diploma and certificate hereinbefore mentioned.

The members of the State board of health in each congressional district shall, by publication in some newspaper printed in the county in which their meeting is to be held, or if no such paper is printed therein, in some newspaper in general circulation in such district, give at least twenty-one days' notice of the time and place at which they will meet for the examination of applicants for permission to practice medicine, which notice shall be published at least once in each week for three (3) successive weeks before the day of such meeting. But this section does not apply to a physician or surgeon who is called from another State to treat a particular case or to perform a particular surgical operation in this State, and who does not otherwise practice in this State.

10. Every person holding any such certificate as is hereinbefore provided for shall have the same recorded in the office of the secretary of the State board of health, in a book kept by him for that purpose, and the secretary shall endorse on said certificate the fact of such recordation, and deliver the same to the person named therein, or to his order.

11. Every person, on presenting himself for examination, as hereinbefore provided, shall pay to the State board of health, or to the members thereof by whom he is examined, a fee of ten (10) dollars, which shall not be returned if a certificate be refused him. But he may again, at any time within one year after such refusal, present himself for examination as aforesaid, without the payment of an additional fee, and if a certificate be again refused him, he may, as often as he sees fit thereafter, on the payment of a fee of ten (10) dollars, be examined, as herein provided, until he obtain such certificate.

12. Examinations may be in whole or in part in writing, and shall be of an elementary and practical character, and shall embrace the general subjects of anatomy, physiology, chemistry, materia medica, pathological anatomy, surgery and obstetrics, but sufficiently strict to test the qualifications of the candidate as a practitioner of medicine, surgery and obstetrics. The provisions of this chapter shall not apply to females practicing midwifery.

13. Any person shall be regarded as practicing medicine within the meaning of this chapter who shall profess publicly to be a physician, and to prescribe for the sick, or who shall append to his name the letters "M. D." This act shall also apply to apothecaries and pharmacists who prescribe for the sick. This act shall not apply to commissioned officers of the United States army and navy and marine hospital service.

14. Any itinerant physician desiring to practice medicine in this State shall, before doing so, pay to the sheriff of every county in which he desires to practice, a special tax of fifty dollars for each month and fraction of a month he shall so practice in such county, and take his receipt in duplicate therefor. He shall present said receipts to the clerk of the county court of such county, who shall file and preserve one of them in his office, and endorse on the other the words: "A duplicate of this receipt has been filed in my office," and sign the same and deliver it to the person presenting the same; and if any such physician shall practice or attempt to practice medicine in any such county without having paid such tax and filed such receipt with the clerk of the county court and obtained his endorsement on the other as aforesaid, or if he shall so practice or attempt to practice for a longer period than that for which he has paid such tax as aforesaid, he shall be guilty of a misdemeanor, and be fined not less than one hundred nor more than five hundred dollars. Any person who shall travel from place to place and by writing, or printing or otherwise, publicly profess to cure or treat diseases, injuries or deformities, shall be held and deemed to be an itinerant physician and subject to the taxes, fines and penalties prescribed in this section.

15. If any person shall practice or attempt to practice medicine, surgery or obstetrics in this State without having complied with the provision of section nine (9) of this chapter, except as therein provided, he shall be guilty of a misdemeanor and fined for every such offense not less than fifty nor more than five hundred dollars, or imprisoned in the county jail not less than one month nor more than twelve months, or to be punished by both such fine and imprisonment at the discretion of the court. And if any person shall file or attempt to file as his own, the diploma or certificate of another, or shall file or attempt to file a false or forged affidavit of his identity, or shall willfully swear falsely to any question which may be propounded to him on his examination, as herein provided for, or to any affidavit herein required to be made or filed by him, he shall, upon conviction thereof, be confined in the penitentiary not less than one nor more than three years, or imprisoned in the county jail not less than six nor more than twelve months, and fined not less than one hundred nor more than five hundred dollars, at the discretion of the court.

16. The secretary of the State board of health shall receive a salary to be fixed by the board, but not to exceed the sum of five hundred dollars; he shall also receive his traveling and other necessary expenses incurred in the performance of his official duties within the limits of this State, not to exceed, however, one hundred dollars. The other members of said board shall each receive four dollars per day for each day actually and necessarily employed by them in the discharge of the duties of their office. But the whole of the expenses so incurred, the salary of the secretary and the *per diem* of the members of the board, shall not exceed the sum of fifteen hundred dollars in any one year. The State board shall audit all bills made out in due form and verified by the member rendering the services, or incurring the expense, or traveling in the performance of the duties of his office. Such bills, when approved by the Governor, shall be paid out of the State treasury.

17. All moneys received by the State board of health, or any of its members, in payment of fees for examination, as well as the special taxes received by the sheriff under the provisions of section fourteen (14) of this chapter, shall be paid into the State treasury within one month after the same are received. And it shall be the duty of the secretary of the State board of health on the first days of January and July in each year, or within five days thereafter, to certify to the auditor all such moneys received by said board or any member thereof, during the preceding six months. It shall also be the duty of the clerk of every county court on the same days in each year, or within five days thereafter, to certify to the auditor all moneys received by the sheriff under this chapter, shown by the receipts filed in his office, as required by section

fourteen (14) of this chapter. And any such secretary or clerk who shall fail to comply with the provisions of this section, shall be guilty of a misdemeanor and fined for each offense not less than fifty nor more than two hundred dollars. And if any member of the State board of health shall fail to account for and pay into the treasury, as herein required, any moneys received by him as aforesaid, he shall be guilty of a misdemeanor and fined double the amount of the moneys so received, and which he has failed to pay as aforesaid.

18. The secretary of the State board of health, or any member thereof, shall have power to administer oaths and take and certify affidavits in any matter or thing pertaining to the business of the board, or any of the members thereof.

19. If any person knowingly sell any diseased, corrupted or unwholesome provisions, whether food or drink, without making the same known to the buyer, he shall be confined in jail not more than six months, and fined not exceeding one hundred dollars.

20. If any person fraudulently adulterate, for the purpose of sale, anything intended for food or drink, or if he knowingly sell or barter anything intended for food or drink which is not what it is represented to be, or what it is sold for, he shall be confined in jail not more than one year, and fined not exceeding five hundred dollars; and the adulterated or other articles shall be forfeited and destroyed.

21. All acts and parts of acts coming within the purview of this act, and inconsistent therewith, are hereby repealed.

Approved March 25, 1882, and in force from that date.

The State of Wisconsin extends from 42° 31′ to 46° 58′ north latitude, and from 87° to 92° 53′ west longitude, and is bounded on the north by Lake Superior, on the northeast by the Northern Peninsula of Michigan, on the east by Green Bay and Lake Michigan, on the south by Illinois, and on the west by Iowa and Minnesota. It comprises an area of 56,040 square miles, or 35,865,600 acres. The surface is generally an elevated tableland, with high bluffs along the rivers and lakes, caused by the denuding action of the streams, which have cut their beds deep into the alluvial yielding soil; and elsewhere gently undulating, diversified with lakes, prairies and woodlands. The principal rivers of Wisconsin are, the Mississippi, which flows along the southwestern border; the Wisconsin, Chippewa, St. Croix, Montreal, Menomonee, Peshtigo, Fox, Green and Rock. The climate is cool and pleasant, the mean annual temperature being 45.40°, that of the summer 69.11°, and of the winter 20.84°. The average annual rainfall is about 31 inches. The northern portion of the State is well wooded, and in Central and Southern Wisconsin wheat, corn, rye, oats, barley, hops and potatoes are raised in large quantities, Horse breeding, wool growing and dairy farming are all important industries. Lead, iron, copper and building stone constitute the chief mineral resources.

There are several mineral springs in the State, of which we may mention the Salvator and St. John springs of Green Bay.

MILWAUKEE SANITARIUM

FOR

NERVOUS DISEASES.

The Sanitarium is beautifully located in the country, three miles from the City of Milwaukee. It is within a few minutes' walk of the Chicago, Milwaukee & St. Paul Depot, but is in a quiet and retired spot, where patients have the freedom of a large park without observation or intrusion.

The institution is designed for the treatment of nervous disorders, including mild cases of insanity.

The buildings are new and were constructed for the special purpose of a Sanitarium. They are heated by steam and lighted by electricity, and the entire sanitary arrangements of the institution are the best.

Each patient is provided with a separate room, and skilled nurses are always in attendance.

It has been the constant endeavor to make the Sanitarium assimilate, as nearly as possible, to a home, with few of the characteristics of an institution, and with every diversion that can contribute to the entertainment and improvement of the patients.

Terms reasonable.

MEDICAL LAWS OF WISCONSIN.

AN ACT TO PREVENT QUACKS FROM DECEIVING THE PEOPLE BY ASSUMING A PROFESSIONAL TITLE.

The People of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

SECTION 1. No person practicing physic or surgery, or both, who is prohibited by section one thousand one hundred and thirty-six of the Revised Statutes of Wisconsin, 1878, from testifying in a professional capacity, as a physician or surgeon, in any case, shall assume the title of doctor, physician or surgeon, by means of any abbreviation, or by the use of any word or words, letters of the alphabet of the English or any other language, or any device of whatsoever kind, printed, written or painted, or exhibited in any advertisement, circular, hand-bill, letter or other instrument, nor on any card, sign, door or place whatsoever. Any person violating any provision of this act shall be deemed guilty of a misdemeanor, and shall, on conviction thereof, be punished by a fine of not less than twenty-five dollars, nor more than one hundred dollars, or by imprisonment in the county jail not less than ten days, nor more than sixty days, for each offense.

2. Upon complaint made, in writing, under oath, before any magistrate or justice of the peace, charging the commission of an offense against the provisions of this act in his county, it shall be the duty of the district attorney to prosecute the offender, and in all such prosecutions the burden of proof shall be upon the defendant to establish his right to use such title, under the provisions of this act.

3. Any person prohibited by section one of this act from assuming the title of doctor, physician or surgeon, who shall practice, or pretend to practice, physic or surgery, or both, shall not be exempted from any, but shall be liable to all of the legal penalties and liabilities for malpractice; and ignorance shall be no excuse for failing to perform, or for negligently or unskillfully performing, or attempting to perform, any of the duties required by law of practicing physicians or surgeons.

4. Every person pretending to practice physic or surgery, or both, shall, upon demand of any person, exhibit all diplomas or licenses that he may have to practice physic or surgery, or both; and if such person, upon demand, shall refuse to exhibit such diplomas or licenses, any suit instigated against him under this chapter shall not be considered malicious.

5. This act shall take effect from and after its passage and publication.

Approved March 30, 1881.

Section 1436 of the Revised Statutes of Wisconsin, referred to in the above law, reads as follows:

1436 No person practicing physic or surgery, or both, shall have the right to collect in any action, in any court, fees or compensation for the performance of any medical or surgical service, or to testify in a professional capacity as a physician or surgeon in any case, unless he shall have received a diploma from some incorporated medical society or college, or shall be a member of the State or some county medical society legally organized in this State.

Medical societies are empowered to issue diplomas by the following:

1425. [Revised Statutes.] The censors of each medical soeiety shall carefully and impartially examine all medical students who shall present themselves as candidates for a diploma

VACCINE VIRUS. CHICAGO VACCINE STABLES, OAK PARK, ILLINOIS.
E. W. WOOD, M. D., Proprietor. (SEE PAGE 1365.)

and membership of such society, and report their opinion in writing to the president; and thereupon the society may grant diplomas to the persons so examined, under the hand of the president and the seal of the society, which diploma shall constitute them members of such society; but no person shall be so examined and no diploma shall be issued to any person unless he shall have arrived at the age of twenty-one years, have a good English education, have studied medicine at least three years with some respectable practitioner, and shall produce satisfactory evidence of a good moral character. Every person receiving a diploma from any such medical society shall pay therefor ten dollars to the treasurer thereof.

A MODERN METHOD OF MEDICATION.

Among the many methods of administering medicaments, the soluble elastic gelatin capsule is growing to be one of the most popular.

There are many efficient, but unpalatable medicaments which may be readily exhibited in this way without offending the palate of the most sensitive patients, and capsules are much easier to swallow and more soluble than pills.

Among these one need only mention the following to indicate the wide application of this method of giving numerous drugs:

Apiol, balsam fir, balsam Peru, cascara sagrada, castor oil, castor oil and podophyllin, chaulmoogra oil, cod-liver oil, cod-liver oil and creasote, cod-liver oil and iodine, cod-liver oil and iodoform, cod-liver oil and iron, cod-liver oil and phosphorus, copaiba, copaiba and cubeb; copaiba, cubeb and buchu; copaiba, cubeb and iron; copaiba, cubeb and matico; copaiba, cubeb, matico and sandal; copaiba, cubeb and sandal; copaiba, cubeb and sarsaparilla; copaiba and iron; copaiba, cubeb and turpentine; copaiba and sandal; creasote (beechwood), 1 minim; eucalyptus oil, gurjun balsam, linseed oil, liquor sedans, male fern and kamala, nitroglycerin, 1-100 grain; oil of pennyroyal; pichi extract, salol, tar purified, valerian oil, Warburg's tincture, wintergreen oil, wormseed oil, quinine muriate and sulphate.

Of extra sized elastic-filled gelatin capsules there are castor oil, 2½ to 15 grammes; cod-liver oil, 2½ to 15 grammes; male fern and castor oil, santonin and castor oil.

We were among the first to make this method popular, and will be pleased to afford physicians interested all desired information concerning this agreeable method of medication.

Wyoming extends from 41° to 45° north latitude and from 104° to 111° west longitude, and is bounded on the north by Montana, on the south by Colorado and Utah, on the east by Dakota and Nebraska, and on the west by Montana, Idaho and Utah. It comprises an area of 97 980 square miles, or 62,645,120 acres. The surface is broken by mountain ranges, deep river canyons and buttes or flat topped hills, and irrigation is needed in a large part of the country to render the soil productive. Stock-raising and wool-growing are carried on extensively. The principal rivers are Big Horn, Green, Laramie, Little Powder, North Fork of Cheyenne, North Fork of Platte, Upper Yellowstone and Wind. Wyoming is rich in mineral treasures; gold and silver are plentiful; there are vast beds of iron ore, coal and gypsum, and salt, sulphur and copper are found.

The following table shows increase in population for 20 years:

1870	9,118	1890	60,705
1880	20,789		

Rate of Mortality in Wyoming, as computed from the U. S. Census of 1890.

MEDICAL LAWS OF WYOMING.

AN ACT TO PREVENT THE PRACTICE OF MEDICINE, SURGERY OR OBSTETRICS BY UNQUALIFIED PERSONS.

* *Be it enacted by the Council and House of Representatives of the Territory of Wyoming:*

SECTION 1. No person shall practice medicine, surgery or obstetrics in this Territory who has not received a medical education and a diploma from some regularly-chartered medical school, said school to have a *bona fide* existence at the time when said diploma was granted.

2. Every physician, surgeon or obstetrician in this Territory shall file for record with the registrar of deeds of the county in which he or she is about to practice his or her profession, or where he or she now practices it, a copy of his or her diploma, at the same time exhibiting the original, or a certificate from the dean of the medical school of which he or she is a graduate, certifying to his or her graduation.

3 Every physician, surgeon or obstetrician, when filing a copy of his or her diploma or certificate of graduation, as required by section two of this act, shall be identified as the person named in the papers about to be filed, by the affidavit of two citizens of the county, or by his or her affidavit, taken before a notary public or commissioner of deeds for this Territory, which affidavit shall be filed in the office of the registrar of deeds.

4. Any person practicing medicine, surgery or obstetrics in this Territory without complying with sections one, two and three of this act, shall be guilty of a misdemeanor, and upon conviction, shall be punished by a fine of not less than fifty dollars, nor more than five hundred dollars, or by imprisonment in the county jail for a period of not less than thirty days, nor more than six months, or by both fine and imprisonment, for each and every offense. And any person filing or attempting to file as his or her own the diploma or certificate of graduation of another, or a forged affidavit of identification, shall be guilty of a felony, and, upon conviction, shall be subject to such fine and imprisonment in the penitentiary as may be fixed by the court for said offense.

5. It shall be the duty of the police, sheriff or constable to arrest all persons practicing medicine, surgery or obstetrics in this Territory who have not complied with the provisions of this act, and the officer making the arrest shall be entitled to one-half of the fine collected.

6. No portion of this act shall apply to any person who, in an emergency, may prescribe or give advice in medicine, surgery or obstetrics, in a section of country where no physician, surgeon or obstetrician resides, or where no physician, surgeon or obstetrician resides within convenient distance, nor to persons prescribing in their own families; nor shall the provisions of this act apply to persons claiming to practice medicine, surgery or obstetrics in any section of the Territory wherein no physician or surgeon, having a diploma or certificate of graduation as aforesaid, now resides or shall hereafter reside.

7. Upon the trial of any person charged with a violation of any of the provisions of this act, it shall be sufficient for the prosecution to show that the defendant has practiced medicine, surgery or obstetrics within the county where the indictment is found, at any time since the passage of this act, and the defendant shall not, after such proof, be entitled to an acquittal until he or she shows by the testimony of some competent witness, upon oath, that the defendant has received a medical education and a genuine diploma from some regularly-chartered medical school: *Provided*, That the defendant may show such facts by depositions taken in the same manner as depositions are taken in civil cases.

* Since these laws were enacted, Wyoming has become a State.

ALE AND BEER PEPTONIZED
YOUR LEADING DRUGGISTS HAVE IT.
Dr. T. J. Farrow, 1335 North Broad St., Philadelphia, says "I can't speak too highly of your Ale and Beef, Peptonized. As a Nutrient Tonic in cases convalescing from fevers and other wasting diseases, it has no equal. I bespeak for it a grand success."

8. That an act entitled "An Act to protect the citizens of Wyoming Territory from empiricism, and to elevate the standing of the medical profession," be and the same is hereby repealed.

9. This act shall take effect and be in force from and after its passage.

Dr. J. H. Finfrock, of Laramie City, writes:

"I believe our law is efficient, although it has never been tested in our higher courts. Several arrests have been made under it, but the parties either left before trial or ceased to practice. As no attempt has ever been made to repeal the law, I conclude it is favorably received by all classes. Physicians are exempt from jury duty and receive ten dollars per day when testifying before a coroner's jury, and thirty dollars for making a post-mortem examination."

A New Preparation of Iron, a Specific for Anæmia.

Reynold W. Wilcox, M. A., M D., Professor of Clinical Medicine in the New York Post-Graduate School and Hospital, read a scholarly paper entitled, "Anæmia, its Treatment with a New Preparation of Iron," before the section in General Medicine of the New York Academy of Medicine, April 19, 1892, which was published in the New York Medical Journal, May 7, 1892.

The author reports the clinical history of twelve cases of anæmia which he has treated with the most gratifying success by Weld's Syrup of Chloride of Iron [Parke, Davis & Co.'s]

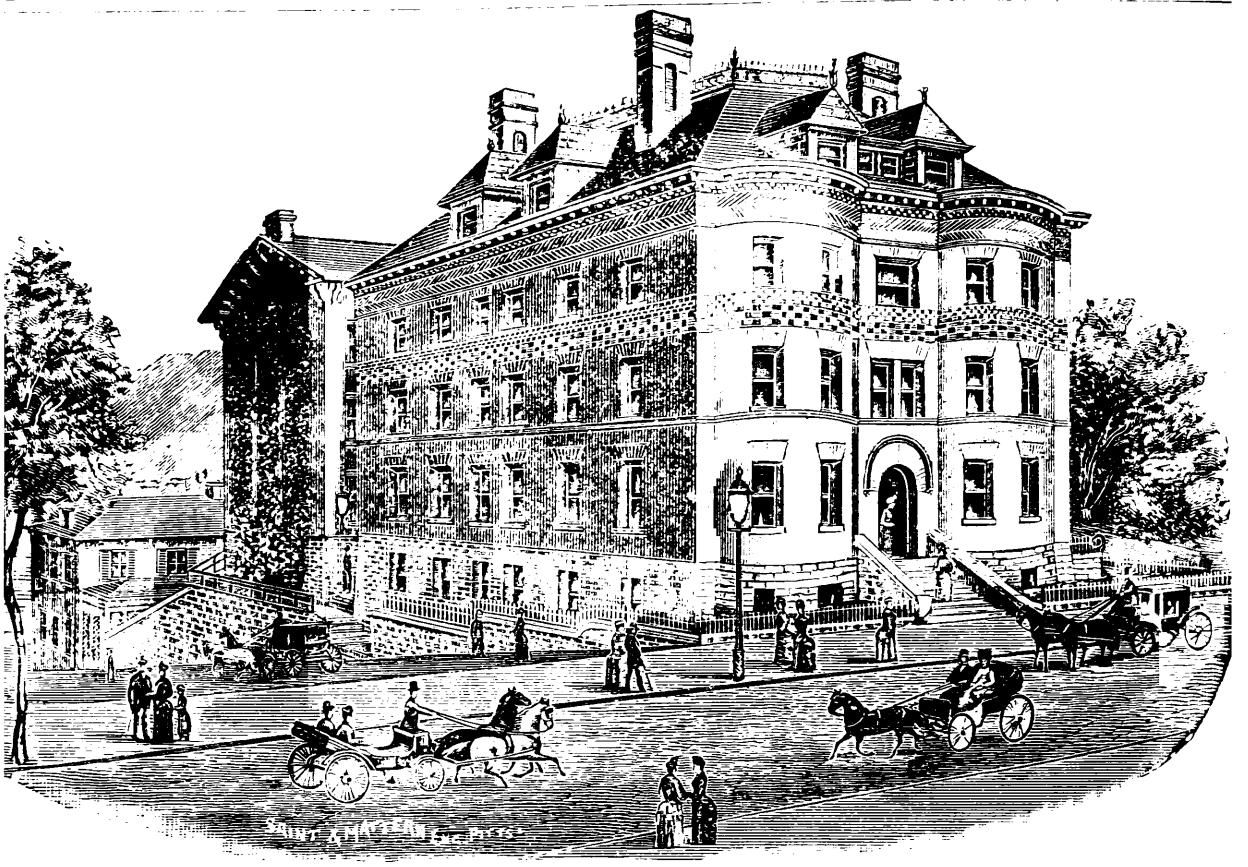
The conclusions of Dr. Wilcox are :

In anæmia iron is by far the best remedy.

Of all preparations the Tincture of Iron Chloride is the most valuable.

The official tincture is objectionable in that it excites nausea, disgust and vomiting, stains and destroys the teeth.

These disadvantages are obviated in Weld's Syrup of Chloride of Iron.



In removing these disadvantages its therapeutic efficacy is not in any way impaired.

The Medical Department

—— OF ——

YALE UNIVERSITY.

THE MEDICAL DEPARTMENT was founded in 1810, and is the oldest of the professional schools of the University. It occupies buildings so near those of the other departments that the medical students may readily take advantage of the University libraries and scientific collections, the numerous University lectures, and the gymnasium.

THE FACULTY consists of the President of the University, a Professor of Pathology, a Professor of the Theory and Practice of Medicine, a Professor of Surgery, a Professor of Obstetrics and the Diseases of Women and Children, a Professor of Clinical Surgery and Surgical Anatomy, a Professor of Chemistry, a Professor of Physiology, a Professor of Anatomy, a Professor of Materia Medica and Therapeutics, and a Professor of Clinical Medicine. The Professors are assisted in the work of instruction in special branches by fifteen Lecturers, Demonstrators and assistants.

TERMS OF ADMISSION. Candidates for matriculation who have not passed the entrance examination at some college or professional school, must present the diploma of an approved high school or preparatory school, or pass an examination in English, Mathematics and Physics.

COURSE OF INSTRUCTION. The methods of instruction in the Medical Department are substantially the same as those prevailing in the other departments of the University. The curriculum is graded to extend through three years, with final examinations at the end of each year.

The class-room exercises are for the most part recitations on assigned lessons in text books. These are conducted by the Professors, and are supplemented by frequent explanatory and didactic lectures.

LABORATORY INSTRUCTION is an important feature of the course, systematic work being required of all students in Analytical, Physiological and Clinical Chemistry, Histology, Anatomy, Pathology and Bacteriology. A new laboratory building has just been erected for Chemistry and Physiology, and the laboratories in the other departments have been enlarged and newly equipped.

CLINICAL INSTRUCTION is conducted at the New Haven Hospital; and at the New Haven Dispensary, which is located on the school grounds. The instruction is personal, the students serving as assistants in the Dispensary during their senior year.

TERMS AND VACATIONS. The college year begins on the first Thursday in October and ends at Commencement, the last Wednesday in June. It is thirty-four weeks in length, exclusive of recesses of three weeks at Christmas and one week at Easter.

FEES.

Matriculation, paid but once	$ 5 00
Tuition, first and second years	each 140 00
Tuition, third year	80 00
Graduation	30 00

DIFFUSIBLE TONIC Relieves all Serious Conditions in LaGrippe and Pneumonia. PAGE —811.—

University of Pennsylvania,

DEPARTMENT OF MEDICINE,

Thirty-Sixth Street and Woodland Ave.,

PHILADELPHIA.

This, the oldest School of Medicine in the United States, will begin its one hundred and twenty-eighth annual session on the second day of October, 1893, and continue until May 7th. The course is graded, and is four years in length, in which practical instruction in laboratories and at the bedside is a prominent feature.

Chemistry, Histology, Pharmacy, Physiology and Pathology are thoroughly taught in laboratories, as well as by lectures, and the student receives instruction in Medicine, including Physical Diagnosis, Surgery, Gynæcology, and other specialties at the bedside, as well as by systematic and clinical lectures.

Matriculates who do not possess a Degree in Arts or Sciences, or Diplomas from reputable Academies in which the required subjects are taught, must pass a preliminary examination in English and Natural Philosophy.

PROFESSORS.

WILLIAM PEPPER, M. D., LL. D., Theory and Practice of Medicine and Clinical Medicine.
WILLIAM GOODELL, M. D., Clinical Gynæcology.
JAMES TYSON, M. D., Clinical Medicine.
HORATIO C. WOOD, M. D., LL. D., Materia Medica, Pharmacy and General Therapeutics.
THEODORE G. WORMLEY, M. D., LL. D., Chemistry and Toxicology.
JOHN ASHHURST, JR., M. D., Surgery and Clinical Surgery.
EDWARD T. REICHERT, M. D., Physiology.
WILLIAM F. NORRIS, M. D., Ophthalmology.
HORATIO C. WOOD, M. D., Clinical Neurology.
LOUIS A. DUHRING, M. D., Diseases of the Skin.
BARTON COOKE HIRST, M. D., Obstetrics.
J. WILLIAM WHITE, Clinical Surgery.
JOHN GUITÉRAS, M. D., General Pathology and Morbid Anatomy.
GEORGE A. PIERSOL, M. D., Anatomy.
JOHN MARSHALL, M. D., Assistant Professor of Chemistry.
JOHN S. BILLINGS, M. D., LL. D., Professor of Hygiene.

The Professors are aided by a large corps of Lecturers, Demonstrators and Instructors.

After the Commencement, in May, the Lectures and Clinics are resumed until June 10th, and during May and June the Laboratories of Chemistry, Histology, Physiology and Pathology, as well as the Dissecting Room, are open.

FEES IN ADVANCE.—Matriculation, $5. For each Session, including Practical Work in the Laboratories, Dissection, Operating and Bandaging, $150. No Graduation Fee.

This College presents in combination the following essential elements:

First—Unequivocally a *three years graded course.*

Second—Applicants for matriculation must present a Baccalaureate degree from some college or university, or must have passed an examination in the English branches before the Regents of the University of the State of New York.

Third—Students must pass a satisfactory examination at the end of the first year in order to be admitted to the Junior year, and at the end of the Junior year, to be admitted to the Senior year.

Fourth—Students are required, before graduation, to pass a satisfactory examination by the Faculty.

FEES, Etc.

Matriculation fee (paid but once)	$ 5 00	Demonstrations in Histology	$ 5 00
Fee for one Full Course	75 00	Laboratory fee	5 00
Fee for three full years	225 00	Graduation fee	30 00
Demonstrator's fee (Anatomy)	10 00		

Admission to the lectures in any chair will be granted upon the payment of $15 for a ticket. Such a course does not entitle the holder of a ticket to examination or graduation.

THE NEW YORK HOMŒOPATHIC SANITARIUM ASSOCIATION.

The Sanitarium is located at 137 West Thirty-fourth street, and equipped with the necessary appliances for the care and treatment of patients. A resident surgeon is in the house and a head-nurse of long experience has charge of the nursing department.

There are no wards; all the patients are accommodated in comfortable private rooms, from which, as far as consistent, the appearance of a hospital has been eliminated.

Applicants are received into the Sanitarium only as the private patients of some member of the association, and arrangements for admission and treatment must be made with such member before admission. Applicants unknown to those in charge will be required to furnish satisfactory references. Incurable, contagious, and inoperable cases are not admitted.

Information regarding the institution may be obtained from any member of the Association.

This College is a member of the National Association of Medical Colleges.

Students matriculating after July 1, 1892, will be required to pursue a three-years' graded course.

The **Preliminary Fall Course** begins September 1st, continues one month, and is gratis to all students.

The **Regular Winter Course** begins October 1st, and is the only one counted as one of the regular courses required for graduation.

It has always been the aim of the Faculty of this School to provide for students, opportunities for obtaining a practical medical education. We endeavor, therefore, to have laboratory and clinical work keep pace with the didactic instructions.

The wards of the Maryland General Hospital, which is owned and controlled by this College, are filled with patients suffering from almost every form of disease and injury, furnishing a large clinic of medical and surgical cases.

Each student is required to complete the course in Anatomical, Chemical, Histological and Pathological Laboratories; each candidate for graduation is required to pursue a course of practical hospital instruction.

The Lying-in Department, thoroughly equipped, furnishes clinics in midwifery throughout the year, every student witnessing cases of labor, and becoming well versed in practical obstetrics. The Gynæcological Department furnishes a large clinic on Diseases of Women. The Eye and Ear Department is well arranged for clinical teaching, and yields abundant material for practical instruction of students on diseases of the eye and ear.

The Baltimore Medical College Dispensary furnishes an out-door clinic of thousands of patients annually. Our clinical facilities are excelled by none.

Our new College Building is ready for reception of students. It is located on Madison Street, corner of Linden Avenue; it is five stories high and contains a large lecture hall and modern amphitheatre, each with a seating capacity of 500 students; Faculty room, Dean's office, large Dispensary and drug room on first floor; large Anatomical, Chemical, Histological and Pathological Laboratories. It is one of the most convenient and typical medical college buildings in the United States.

Course of Instruction and Facilities.

Three years of graded instruction are required of candidates presenting themselves for the degree of M. D., but the voluntary fourth year course which is now offered is strongly recommended. The instruction consists in didactic lectures, amply supplemented by clinical teaching at the bedside and in the laboratories and dispensaries.

In addition to the members of the Faculty named above, there is a large corps of experienced instructors who assist the professors in practical work in the laboratories or in bedside work at the hospitals and dispensaries. Every candidate for the degree is personally taught, by dividing the class into small sections, in Clinical Medicine and Physical Diagnosis, Obstetrics and Gynæcology, Major and Minor Surgery and Bandaging, Orthopædic Surgery, Diseases of Children, Ophthalmology, Neurology, Otology, Dermatology and Laryngology. Ample clinical material is afforded by the Jefferson College Hospital, in which no less than 300 patients are treated daily, and by the Philadelphia and other Hospitals.

Laboratory instruction is given in Medical Chemistry, Pharmacy, Physiology, Clinical Microscopy, Anatomy, and Histology, and in Operative Obstetrics, Surgery, Pathology and Hygiene.

Daily instruction in the practical branches, given in the Hospital of the College, is a special feature of the course in the second and third year, and is without extra charge.

The Annual Announcement, giving full particulars, will be sent on application to

J. W. HOLLAND, M. D., Dean.

BOVININE. The Most Perfect Nutrient ever offered to the Medical Profession. ☞ See Adv., Page 12.

HAHNEMANN

MEDICAL COLLEGE AND HOSPITAL.

CHARTERED 1848.

Broad Street above Race,

PHILADELPHIA.

Medical Students, in selecting their Alma Mater, should

REMEMBER:

1st. That the Hahnemann Medical College of Philadelphia is the oldest Homœopathic Medical College in the World, and her alumni, nearly 2,000 in number, are found in every State in the Union and in the Faculty of every Homœopathic Medical College in the country.

2d. That its College and Hospital buildings are new and modern in construction, and complete in every detail.

3d. That they are located in the heart of the city, within two squares of the City Hall, and convenient to all places of interest and public resort.

4th. That it has a museum of Anatomical and Pathological specimens scarcely excelled in size and variety in this country.

5th. That it has a library of 6,000 volumes to which students have free access.

6th. That its Laboratories—Anatomical, Physiological, Histological, Chemical, etc., etc.—are fully equipped in every detail.

7th. That it has a corps of experienced Professors, Lecturers and Demonstrators, 25 in number.

8th. That its teachings are broad and liberal, embracing everything essential to a thoroughly educated modern physician.

9th. That it has a large Hospital in which over 10,000 patients are treated annually, and that senior students have six months' experience in the several departments of its Dispensary, in which they examine, diagnose and treat hundreds of cases, embracing all classes of disease and accident, under the direction of the Professors and Instructors.

10th. That in the Obstetrical Department every senior student is drilled in the use of Obstetrical instruments, performs all the operations, and attends cases of confinement.

11th. That Philadelphia is renowned as the medical center of the country; is a delightful place of residence, and offers a home for the student full of attractions and interesting historical associations.

12th. That announcements may be had by addressing A. R. THOMAS, M. D., Dean, 113 South 16th Street, or JOHN E. JAMES, M. D., Registrar, 1521 Arch Street, Philadelphia, Pa.

QUICKINE, "The Ideal Antiseptic." "Of inestimable value in a physician's office." Sold by all druggists at about 10c. per oz. Mnf'd only by Standard Chemical Co., Jersey City, N. J.

BOVININE. The VITAL PRINCIPLES of UNCOOKED BEEF CONCENTRATED. See Adv., p. 12.

The Hahnemann Medical College

AND HOSPITAL,

OF CHICAGO.

THE LARGEST HOMŒOPATHIC SCHOOL IN THE WORLD.

THE • NEW • COLLEGE • BUILDING,

2811-2813 COTTAGE GROVE AVE.

The THIRTY-THIRD ANNUAL Course of Lectures began September 20, 1892.

A new and modern College building with unlimited accommodations. A new Hospital Building, complete in every detail. New Chemical, Bacteriological, Physiological and Biological laboratories.

Large clinical resources, maintaining over twenty different clinics and sub-clinics. Every specialty well represented, and Homœopathic teachings throughout.

Post-graduate sessions for advanced study and reviews.

The policy of this institution is "to make no promise for hospital or college tuition, special clinics or any means for observation, that is not literally and righteously kept."

The new hospital now being erected at an expense of nearly $100,000, will be opened for patients in the spring of 1893.

For announcement, sample copy of "The Clinique," and any information, address

H. B. FELLOWS, M. D., Dean.

Or E. STILLMAN BAILEY, M. D., Registrar.

QUICKINE, "The Ideal Antizymotic." "Whenever germ conditions are the cause of the disease, it is simply a question of using enough Quickine and recovery follows." Sold by all druggists. Get an 8-oz. bottle for 50 cents, to keep handy. Manufactured only by **STANDARD CHEMICAL CO., Jersey City, N. J.**

ADMISSION.

The THIRTY-THIRD COLLEGIATE YEAR will begin on Tuesday, September 27, 1892, and terminate on Tuesday, April 25, 1893, with the Public Commencement Exercises.

Applicants for admission must present diplomas or certificates from recognized colleges, schools of science, normal schools or high schools, or sustain a preliminary examination.

The course is four years, and strictly graded. The teaching comprises didactic and clinical lectures, recitations, demonstrations and laboratory work. The clinical material at Mercy, St. Luke's and Wesley hospitals, and the South Side Dispensary, is at the service of the College. A laboratory building, to cost $100,000, for the use of the College, will be ready about March, 1893.

FEES—The college fee is $100 for each year. A laboratory deposit against breakage, of $5 for the first, and of $3 for the second year, is required.

For a circular of information, address the Secretary,

DR. FRANK BILLINGS,

235 State Street, CHICAGO.

PHOTOGRAPHIC LENSES. THE GUNDLACH OPTICAL CO., Rochester, N. Y., Manufacture the Finest PHOTOGRAPHIC LENSES IN THE WORLD. Send for Catalogue.

VACCINE VIRUS.

Chicago Vaccine Stables,

E. W. WOOD, M. D., Proprietor. - OAK PARK, ILLINOIS.

DOUBLE HEAVILY CHARGED IVORY POINTS.

EVERY POINT WARRANTED IN PRIMARY VACCINATIONS.

Any points not giving satisfactory results in primary cases will be promptly duplicated on notice, without charge. Young, healthy, plump, well-fed heifers only used in propagating virus.

Read what Dr. J. H. Hysell, Health Officer of Pomeroy, O., has to say of my points, used under his direction during the epidemic of small-pox which prevailed in that vicinity in May and June, 1892:

POMEROY, OHIO, August 10, 1892.

E. W. Wood, M. D., Oak Park, Ill.

DEAR DOCTOR—During the recent epidemic of small-pox in this city and vicinity, there was used under my observation and direction, about six-thousand vaccine points, all, or nearly all, from your farm, and will say that there was not to exceed 5 per cent. of failures in primary vaccinations, and perhaps as much as 20 per cent. of successful in re-vaccinations.

The above certificate is given unsolicited by any person.

Very truly yours,

J. H. HYSELL, M. D., Health Officer of Pomeroy, Ohio.

Physicians will find my points always fresh and reliable when sent directly from my stables, and used within a reasonable time. If any unused points remain on hand until they have become inert, mail them back to me and I will give you fresh points in exchange for them.

If you want Vaccine that will give you satisfactory results, order the points of the CHICAGO VACCINE STABLES, either through your druggist or direct from me.

PRICES:

10 Double Charged Heavy Ivory Points	$1 00
5 Packages (50 Points)	4 00
10 Packages (100 Points)	7 50

Less than one package, 10 Cents per Point.

If in haste, telegraph your orders. The cost of telegram (not more than ten words) for not less than five packages, you may deduct from your bill. Special rates given to druggists, boards of health, and charitable institutions of all kinds.

Correspondence solicited.

CHICAGO OPHTHALMIC HOSPITAL, 607 W. Van Buren St., having First-Class Accommodations for the Medical and Surgical Treatment of all Eye, Ear and Throat Diseases. Correspondence Solicited. H. M. MARTIN, M. D., Pres. See p. 1369.

INCORPORATED MARCH, 1886.

THE CHICAGO OPHTHALMIC COLLEGE,

A School of Applied Optics and Ophthalmology for Physicians and Opticians.

THE CHICAGO OPHTHALMIC HOSPITAL,

For Diseases of the Eye, Ear, Nose and Throat.

H. M. MARTIN, P. C., M. D., President, Surgeon-in-Charge.

This school is designed for physicians and opticians who desire to become proficient in ophthalmic optics and ophthalmology. We were the originators of teaching these specialties, and have more successful students in the field than all other colleges combined. Having had the most experience, we can guarantee the best satisfaction to all earnest students.

COLLEGE BUILDING.

It is easy of access and desirably located. The lecture and clinical rooms are large and well arranged; being furnished with all the instruments and apparatus for thorough and practical study of the subjects taught. The use of the ophthalmoscope is practically taught to each student, so that they can, at a glance, recognize all the errors of refraction, and approximately their amount. A special feature is the use of a dissolving lime lantern with colored plates, which illustrates all diseases and errors of refraction with life-like likeness.

COLLEGE HOSPITAL.

The upper floors of the college building are divided into hospital wards and single rooms for private patients. Twenty beds are in constant use, and there is space for several more if required. Over one hundred operations were performed during the past year. The surgeon in charge resides in the hospital. This insures to all patients intrusted to this hospital the best possible attention, secured from 15 years' experience. Electric call bells are attached to all beds.

THE DISPENSARY.

The dispensary supplies ample material for illustrating all the acute and chronic affections of the eye, ear, nose and throat. An abundance of cases showing all varieties of refractive errors, muscular weakness, inervations, etc., which gives each student an opportunity of familiarizing himself, by personal experience, with their detection and proper relief.

PHYSICIANS' DEPARTMENT OF THEORETICAL AND APPLIED OPHTHALMIC OPTICS.

This department was established with a view of furnishing educated physicians and ophthalmic practitioners necessary instruction to qualify them for recognizing and correcting all defects of vision and muscular irregularities that can be remedied by the use of lenses or surgical treatment. This departure was taken in view of the fact that there are thousands of intelligent physicians and ophthalmic practitioners who make a profession of prescribing lenses but have not had the advantages of thorough instruction in their proper adjustment. This is the only institution open to physicians and ophthalmic practitioners, where they are taught how to correct all errors of refraction and muscular defects. Every physician knows that many people lose their eyesight endeavoring to have lenses adjusted when there really exists a diseased condition. People usually go to their family physician when their eyes first trouble them, and should he be incompetent, they might lose their sight when prompt and proper treatment would have restored it. Students at this college have the advantage of seeing such cases as referred to, and would never need to make so great a mistake. Again, none but physicians who have devoted special study to this subject, fully appreciate the vast amount of injury that may be done to the organ of vision by delays in proper treatment or imperfectly correcting its optical and muscular defects. Thoroughly qualified physicians and ophthalmic practitioners can co-operate with the members of the medical profession in educating the people to a full appreciation of the requirements of the eye. In no other specialty is the old saying so true, that "a little learning is a dangerous thing."

TIME OF INSTRUCTION, ETC.

A course of lectures will begin the first Tuesday of each alternate month, beginning with January of each and every year. In conclusion, we can but thank the public and profession for the kind and generous appreciation of our efforts in the past, and trust that our actions will merit a continuation in the future. In reference to the College Department and Hospital, correspondence is respectfully solicited.

HARVARD UNIVERSITY

MEDICAL DEPARTMENT, BOSTON, MASS.

One Hundred and Tenth Annual Announcement (1892-1893).

EVERY candidate for admission, not holding a degree of arts or science, must pass a written examination on entrance to this School, in English, Latin, Physics, and any one of the following subjects: French, German, Elements of Algebra, or Plane Geometry, Botany. General Chemistry will be a requirement for admission on and after June, 1893. The admission examination for the coming year will be held June 29, at Boston, Quincy, Andover, Groton, Southborough, Worcester, Exeter, N. H., Concord, N. H., New York, Albany, Buffalo, Philadelphia, Washington, Cleveland, Cincinnati, Chicago, St. Louis, Minneapolis, Denver, San Francisco, Portland, Oregon, Bonn, Germany and Tokyo, Japan; on September 25th at Boston only.

Instruction is given by lectures, recitations, clinical teaching and practical exercises, distributed throughout the academic year. In the subjects of Anatomy, Histology, Chemistry and Pathological Anatomy, laboratory work is largely substituted for, or added to, the usual methods of instruction. The year begins September 28, 1892, and ends on the last Wednesday in June, 1893, and is divided into two equal terms.

Students are divided into four classes, according to their time of study and proficiency, and during their last year will receive largely increased opportunities for instruction in the special branches mentioned. Students who begin their professional studies elsewhere may be admitted to advanced standing; but all persons who apply for admission to the advanced classes must pass an examination in the branches already pursued by the class to which they seek admission.

Beginning with the Academic Year 1892-3, the required course of study in this School will be a graded course covering four years. The degree of Doctor of Medicine *cum laude* will be given to candidates who have pursued a complete four years' course, and obtained an average of 75 per cent. upon all the examinations of this course. In addition to the ordinary degree of Doctor of Medicine, as hitherto obtained, a certificate of attendance on the studies of the fourth year will be given to such students desiring it as shall have attended the course, and have passed a satisfactory examination in the studies of the same.

ORDER OF STUDIES.

For the First Year.—Anatomy, Physiology, Histology and Embryology, Hygiene, Bacteriology and Medical Chemistry during the second half-year.

For the Second Year.—Anatomy, Pathology and Pathological Anatomy, Clinical Chemistry, Materia Medica and Therapeutics, Theory and Practice, Clinical Medicine, Surgery and Clinical Surgery.

For the Third Year.—Theory and Practice, Clinical Medicine, Surgery, Clinical Surgery, Obstetrics, Pediatrics, Dermatology, Neurology, Gynæcology, and Mental Diseases.

For the Fourth Year.—Required Studies: Clinical Medicine, Clinical Surgery, Clinical Microscopy, Genito-Urinary Surgery, Ovarian Tumors, Mental Diseases, Ophthalmology, Otology, Laryngology, Orthopædics, Legal Medicine and Syphilis. *Elective Studies:* Ophthalmology, Otology, Orthopædics, Gynæcology, Dermatology, Neurology, Bacteriology, Physiology, Chemistry, Hygiene, Operative Surgery, Operative Obstetrics.

COURSES FOR GRADUATES AND SUMMER COURSES.

The Faculty has arranged a greatly enlarged and improved Plan of Instruction for Graduates, embracing all the branches of Practical and Scientific Medicine, in which graduates of medical schools may feel the need of advanced or special training. It is designed to supply those opportunities for Clinical and Laboratory study which have hitherto been sought in Europe, and by means of repeated short courses to limited numbers, to give the practitioner the advantages to be derived from personal instruction in the following subjects: Anatomy, Physiology, Histology, Pathological Anatomy, Clinical Medicine, Surgery, Obstetrics, Gynæcology, Dermatology, Syphilis, Ophthalmology, Otology, Laryngology and Rhinology, Neurology, Mental Diseases, Diseases of Children, Legal Medicine, Hygiene and Bacteriology. For full announcement of these courses, address Dr. C. P. WORCESTER, Secretary, Harvard Medical School, Boston, Mass.

REQUIREMENTS FOR A DEGREE.—Every candidate must be twenty-one years of age, must have studied medicine four full years, have spent at least one continuous year at this school, have passed a written examination upon all the prescribed studies of the course taken.

FEES.—Matriculation, $5; for the first three years, $200; for the fourth year, $100; for one term alone, $120; for Graduation, $30. For Graduates' Course, the fee for one year is $200; for one term, $120; and for single courses, such fees as are specified in the Catalogue. Payment in advance, or, if a bond is filed, at the end of the term. Students in regular standing in any one department of Harvard University are admitted free to the Lectures, Recitations and Examinations of other departments.

ITS LEADING CHARACTERISTICS.

1. It is established in Boston, an educational center.
2. It forms a part of Boston University, an institution of the most progressive and liberal character.
3. It has a large and able teaching Faculty.
4. It requires evidence of sufficient preliminary education to fit the student for the study of medicine before admission to the school.
5. It provides a carefully graded minimum course of three years before graduation.
6. It was the first school in this country to provide a course covering *four years* for those who wish to pursue their studies with special thoroughness and with suitable leisure for collateral reading, and to obtain professional experience under the direction of the Faculty.
7. It demands the actual attendance at a medical school three full years, as a condition to graduation.
8. It requires that every student shall pass a successful examination in all the studies of each year, before promotion to those of the next.
9. It has restored the degrees of Bachelor of Medicine, and Bachelor of Surgery, to be attained by students in the *four years' course*, who at the end of the third year pass a worthy examination.
10. It confers no honorary or *ad eundem* degrees. Its diplomas are obtained only for work actually done in the school.
11. It admits, both as teachers and students, men and women on equal terms and conditions, to the exercises of the School.
12. It gives, in addition to the various branches of medicine usually taught, a thorough knowledge of the homœopathic system.
13. It secures for its students in its extensive clinics, not only instruction illustrated by observation, but it requires them to have the personal care of medical, surgical, and obstetric cases, under the supervision of the Faculty, previous to graduation.
14. It has just finished a new and extensive fire-proof building, and has five large laboratories for practical work by the entire class ; a new library and reading room in which the students will have access to the medical journals and works of reference ; and it has constructed for its building a new and improved system of heating and ventilation.
15. Its diplomas are honored at home and abroad, and its graduates occupy respected professional and public positions.

BELLEVUE HOSPITAL MEDICAL COLLEGE

CITY OF NEW YORK.

The Regular Session

Begins about the end of September and closes about the end of March. During this session, in addition to the regular didactic lectures, two or three hours are daily allotted to clinical instruction. Attendance upon at least three regular courses of lectures is required for graduation.

The Spring Session

Consists of recitations, clinical lectures and exercises, and didactic lectures on special subjects. This session begins about the end of March and continues until the middle of June. During this session, daily recitations in all the departments are held by a corps of Examiners appointed by the Faculty.

The Carnegie Laboratory

Is open during the collegiate year, for instruction in microscopical examinations of urine, practical demonstrations in medical and surgical pathology, and lessons in normal histology and in pathology, including bacteriology.

For the annual "Circular of Information," giving requirements for graduation and other particulars, address

THE MEDICAL DEPARTMENT

OF

WASHINGTON UNIVERSITY.

ST. LOUIS MEDICAL COLLEGE.

The Regular Annual Session begins each year in the latter part of September and continues seven months.

This College was one of the few Medical Colleges in the United States that demanded, as early as 1880, of its students the advanced standard of qualifications attained by a graded course of study and three years' attendance. This high standard, so long maintained, gives an assured position to its graduates. We offer to students fine facilities for the study of the fundamental branches in Medicine, in our Anatomical Rooms and in our well-equipped laboratories of Histology, Physiology, Chemistry, Pathology and Bacteriology.

Our clinics are ample. The City General Hospital, the Female Hospital, the Sisters' or Mullanphy Hospital and the St. Luke's Hospital give abundant opportunity for Clinical Work. The out-clinics of the college are large and varied.

Our new building, just completed, is one of the best in the country. It is four stories high, has a front of one hundred and twenty-five feet by a depth of one hundred and fifty-five feet.

THE WINTER COURSES OF LECTURES

Begin the First of September and Continue Six Months.

The College Building is immediately opposite the City Hospital,

WHERE DAILY CLINICS ARE HELD,

And bedside instruction given. In addition to this, St. Joseph's Hospital, the Woman's Hospital, and the College and City Dispensaries afford a

LARGE AMOUNT OF CLINICAL MATERIAL.

It can be safely asserted that for *Clinical Advantages*, Memphis is unsurpassed by any city in the Southwest.

TWELFTH ANNOUNCEMENT.

The Thirteenth Annual Session of the University Medical College of Kansas City will open about the middle of September, 1893, and continue twenty-six weeks.

Instruction in this Institution is given by lectures, clinics, practical courses in the dissecting room and laboratories, and by repeated examinations covering three collegiate years.

CLINICAL LECTURES.—It is the determination of the Faculty to furnish to students such information as will best fit them to meet the requirements of active professional life. To reach this end no effort has been spared to make the College essentially a practical and demonstrative school.

REQUIREMENTS FOR ADMISSION.—Every applicant for admission must be of good moral character, and possess the evidence of a good English education. He should also possess a sufficient knowledge of Latin to read and write current prescriptions.

FEES:

Matriculation Fee (paid but once)	$ 5 00
General Ticket, including hospital and dispensary clinics	60 00
Practical Anatomy (material plenty and free)	FREE.
Practical Chemistry (chemicals at cost)	
Hospital Tickets	FREE.
Examination for Graduation (not returnable)	20 00

For graduates of recognized medical colleges the matriculation fee only will be required.

For Catalogue or further information, address the DEAN or SECRETARY.

The course of instruction is graded, and covers three years of nine months each. A fourth year is urgently recommended, but it has not been made compulsory.

THE TERM BEGINS EARLY IN SEPTEMBER, AND ENDS THE LATTER PART OF MAY.

The advantages of the climate of Colorado, especially for pulmonary and malarial affections, are unquestioned. Many young men and women who have been compelled to leave school, both in the East and South, on account of the development of pulmonary consumption, have come to Colorado and been able to pursue their studies without interruption.

Instruction during the first year will be given in Boulder, and during the second and third years in Denver.

First Year Studies.—Anatomy, Physiology, Chemistry and Histology.

Second Year Studies.—Practice of Medicine, Clinical Medicine, Surgery, Clinical Surgery, Materia Medica, Therapeutics, Obstetrics, Nervous Diseases, Pathology, Railway Surgery, Orthopædic Surgery, Physical Diagnosis, Hygiene, Bandaging and Minor Surgery.

Third Year Studies.—Practice of Medicine, Clinical Medicine, Surgery, Clinical Surgery, Therapeutics, Obstetrics, Pathology, Nervous and Mental Diseases, Medical Jurisprudence, Gynæcology, the Diseases of Children, Ophthalmology, Otology, Laryngology and Rhinology.

The University is Well Equipped with Facilities for Laboratory Work.

CLINICAL ADVANTAGES.

Clinical instruction, illustrating the didactic, will be a special feature of the second and third year courses in this school. The hospitals of Denver, to which medical students have access, accommodate about four hundred patients. The Arapahoe County Hospital, on whose staff are several members of the faculty, has two hundred and fifty beds, and its capacity is steadily increasing from year to year. At this hospital four clinical lectures are delivered each week to the medical students in the city.

The Dispensary of the College will be open daily, except Sunday, and at least six clinical lectures will be given at the college each week throughout the entire nine months.

Tuition is Free in all the Departments of the University.

Course of Instruction.—The college year begins in the middle of September and ends in April, extending over a period of seven months. The course is graded and embraces an attendance upon three full lecture courses. Instruction is given by Lectures, Recitations, Clinical and Laboratory Work. A large College Dispensary, and three Hospitals—the Arapahoe County, St. Luke's and the Deaconess' Home—furnish abundant clinical material.

REQUIREMENTS FOR ADMISSION.

Candidates for admission must be of good moral character, and must have a good English education. A diploma from a creditable high school, normal school, college, or a first-class teacher's certificate from a county or State school board of examiners will be taken as evidence of the necessary preliminary education. If such credentials are not presented, the candidate will be required to pass an examination in:

English Composition, Mathematics (Arithmetic), Physics (Elementary), History and Geography. This examination will be held during the first two days of the session.

REQUIREMENTS FOR GRADUATION.

(1) Candidate must be twenty-one years of age. (2) Must be of good reputation. (3) Must have studied medicine three full years, the last of which must be passed in this school. (4) And must pass the regular examination of the first second and third years.

FEES.

Matriculation Fee (annually)	$ 5 00	Graduation Fee (not returnable)	$30 00
Tuition Fee	75 00	Demonstrator's Ticket, including material,	10 00

Denver has now a population of 150,000, which is rapidly increasing. It is the metropolis of the Eastern Rocky Mountain Slope, the center of numerous railroads, of mining and cattle interests, of population and of education. As a sanitarium for various diseases, particularly those of the lungs, it is well known. Students in the East, who find it necessary, on account of ill health, to give up their medical studies, can pursue them in Denver, and thus complete their education.

Dissecting Material at cost. Ministers' and physicians' sons at half price. Students who have attended the first and second years in the Gross Medical College ; all alumni and graduates of medical colleges in the United States, may attend all lectures on payment of matriculation fee.

THE COLLEGE BUILDING.—The Faculty takes pride in announcing the gift of the property formerly owned by the Colorado Woman's Hospital Association. The building is now being put in order, and will be complete in all its appointments. Few medical colleges in the United States have better facilities for teaching than the Gross.

The County Hospital is a magnificent structure.

St. Luke's Hospital is new, large and handsome, and as much can be said of the Sisters' Hospital.

The Deaconness Home Hospital, which is situated in the center of the city, accommodates a large number of patients.

All of these institutions are more or less at the disposal of the Faculty of the Gross Medical College for clinical instruction.

UPJOHN'S FRIABLE PILLS ARE THE BEST. The Upjohn Pill and Granule Company, KALAMAZOO, MICHIGAN.

New York Post-Graduate Medical School and Hospital

222-230 EAST 20th STREET, NEW YORK CITY.

Incorporated by Special Act of the Legislature of the State of New York.

FOR ÷ PRACTITIONERS ÷ OF ÷ MEDICINE ÷ EXCLUSIVELY.

ELEVENTH YEAR. SESSIONS OF 1892-93.

This school was founded by members of the Post-Graduate Faculty of the University of the City of New York, and was the first institution in the United States to present a systematic system of clinical instruction for graduates in medicine. All the Lectures are Clinical. It is a place of instruction, in which the practitioner, by actually handling the cases under the guidance of the Professors and Instructors, may learn the use of instruments for examination and treatment and observe the effects of remedies.

Its facilities are unrivaled. Each hospital to which the teachers are attached forms a part of the field of instruction. The general schedule is so arranged that there is no conflict in the hours of attendance of the professors. The clinics begin at 9 A. M., and continue until 9 P. M., each day; and the CLINICAL SOCIETY OF THE SCHOOL meets twice a month on Saturday evenings. A Dispensary and a Hospital form a part of the school, with one building exclusively for infants, which has been lately endowed by benevolent ladies of New York City. DR. JOSEPH O'DWYER, the inventor of INTUBATION OF THE LARNYX, gives practical instruction to classes organized in this school, and only here.

Clinical Advantages—The Portland Hospital:

The main part of the Portland Hospital is now completed. It is a large and elegant structure, built of brick, and contains a commodious amphitheatre, furnished with the necessary appliances for all manner of clinical demonstrations and surgical operations. It is heated by steam, lighted by electricity, and has an Otis elevator and all the latest modern improvements. This institution is under the exclusive control of the Faculty, and each student will have access to its wards two days in the week to examine patients, hear clinical lectures, and see all operations performed.

FEES—Matriculation Fee (paid but once), $5; for a full Course of Lectures, $120; Demonstrator's Ticket, $10; Graduation Fee, $30. Students who have attended two full courses in this school are entitled to attend free of charge thereafter. Students who have attended two courses in other accredited medical colleges are entitled to a full course in this for $80. For further particulars and for annual catalogue, address

F. CAUTHORN, A. M., M. D., Secretary. RICHMOND KELLY, A. M., M. D., Dean.

1027 Cherry Street. KANSAS CITY, MO. 9th and Grand Avenue.

Ensworth Medical College and Hospital,

N.W. Cor, Jule and Seventh Streets,

ST. JOSEPH, - - MO.

The Seventeenth Annual Session will begin October 1, 1893, and will continue Five Months.

During the Course there will be from four to five Didactic Lectures delivered daily at the College.

One hour each day will be devoted to Clinical Lectures, and two entire afternoons each week will be devoted to Medical and Surgical Clinics. Thus it will be seen that at this College there is a systematic blending of the theoretical and practical, so that the student is enabled to combine the principles with the practice, with the best possible advantage.

Women are admitted on equal terms with men.

The Best Private Hospital in the West.

BEDS FROM $5 TO $14 PER WEEK.

UNIVERSITY OF MICHIGAN.

HOMŒOPATHIC MEDICAL COLLEGE.

Lectures Commence October 1, Each Year.

Special Advantages.—The *special* advantages which this department offers to medical students may be summed up as follows: *Its long, thorough and graded course of study; its low fees and inexpensive cost of living; its magnificent and thoroughly equipped laboratories; its new, commodious and well-equipped hospital; its corps of salaried professors and instructors; its association with the greatest University on this continent*, whose diploma is known, honored and recognized the world over, and which gives its possessor superior standing in, and commends him to the people of, any community.

The Homœopathic Hospital.—The new Homœopathic Hospital is provided with a corps of trained nurses, large, airy and well-lighted wards for male and female patients, private rooms for special patients, rooms for antiseptic surgery, dispensary, etc., all under the immediate direction of the Faculty.

Anatomical Laboratory.—The anatomical laboratory is admirably adapted for its purpose; the rooms are large, well-lighted, and well-ventilated.

Chemical Laboratory.—The chemical laboratory provides thorough instruction and suitable appliances for the practical study of all branches of medical chemistry.

Physiological Laboratory.—The apartments provided for the physiological laboratory offer excellent facilities for practical work, whether of class instruction or original investigation.

Histological Laboratory.—The histological laboratory is well supplied with microscopes, microscopical accessories, microtomes, imbedding apparatus, and other instruments used in histological work.

Pathological Laboratory.—The work in this laboratory comprises an elementary and an advanced course. It includes all ordinary practical work in connection with the study of the processes of disease as seen with the microscope.

Hygienic Laboratory.—There is a large room devoted to bacteriological work, which contains all the improved appartus employed by Koch. All the known pathogenic and the most important non-pathogenic germs are studied.

The Gymnasium.—The gymnasium is 152 feet long by 124 feet wide, while the administration rooms have an area of 82 feet by 32 feet, with a wing for the ladies' gymnasium, in addition. It is open to students of all departments.

MEN AND WOMEN ADMITTED ON EQUAL TERMS.

For Particulars Address DR. D. A. MacLACHLAN, Sec'y, Ann Arbor, Mich.

American Veterinary College. (UNIVERSITY OF THE STATE OF NEW YORK.) Address DEAN, 139 and 141 W. 54th Street, NEW YORK CITY. (See Page 12.)

HERING MEDICAL COLLEGE.

"If our school ever gives up the strict inductive method of Hahnemann, we are lost, and deserve only to be mentioned as a caricature in the history of medicine.—Constantine Hering.

THAT the strict inductive method of Hahnemann, based on the principles of The Organon, the single remedy in the potentized form and the minimum dose, is no longer taught from the college rostrum, nor practiced by the majority of our school, is acknowledged by all.

In its place a spurious science, disfigured by crude dosage, by unwise expedients, by paltry palliatives, and totally unworthy of the name homœopathic, holds almost undisputed sway.

Against such teaching, and against such practice the **HERING MEDICAL COLLEGE** is a protest and an appeal; a cry to halt and an effort to reform.

It differs, therefore, from all other existing colleges, both in regard to the principles taught and in the methods of teaching.

It advances Materia Medica and Therapeutics to their proper place of eminence and insists that *pure* Homœopathy is all that is necessary or desirable in the cure of the sick. No important field or specialty of modern medicine is neglected, but they are taught by men who are homœopathists first, and specialists second.

The faculty being zealously devoted to a central truth, are consequently in harmony, and this will insure an orderly, systematic and harmonious presentation of the whole broad subject of the science and art of Therapeutics, which, philosophically considered, is what Homœopathy is.

Students who have a leaning towards Homœopathy are earnestly requested to consider the above facts, and if they conclude to study homœopathy at all, are urged to study it in its purity, and not the hybrid of Allopathy and Eclecticism generally taught under that name.

Incorporated under the Laws of the State of Illinois

THE GERMAN

Homœopathic Medical College,

391 N. ASHLAND AVE., CHICAGO, ILL.

Organized and Incorporated 1891.

This College is the only one in the World with the right and privilege to grant the Diploma of Doctor of Medicine and Surgery, in which the German language is spoken throughout. The second annual course of lectures commenced September 26, 1892. According to the law of the State of Illinois, students must take a three years' course before they can graduate. The fees are as low as those of other first-class medical colleges. Owing to location and other favorable circumstances students can attend this College at less expense than any other. Students of both sexes are admitted. To make the study practical a hospital is connected with the College to study at the bedside all kinds of Diseases and see all kinds of operations. The Clinical Professors give daily clinics, not only during the course, but the whole year.

BOVININE. Under the Microscope reveals Myriads of Vitalizing BLOOD CORPUSCLES. See Adv., p. 12.

GENEVA HYGIENIC INSTITUTE.

This Institution, having been in successful operation for thirty-two years, is located in Geneva, N. Y., adjoining a large park. The village, which is one of great beauty, is situated on the banks of Seneca Lake, and is surrounded by a country unsurpassed in richness and beauty, affording delightful drives, walks, etc. Boating and fishing on the lake also furnishes pleasant and healthful exercise and recreation during the summer.

THE BUILDING.—Large additions have been made to the building, and the whole interior has been reconstructed and finished in natural woods; every apartment is heated with steam and lighted with incandescent electric lights, thus fulfilling as far as possible every modern Hygienic condition. Each floor has bath rooms, water-closets, and hot and cold water.

MODE OF TREATMENT.—This comprehends an observance of every Hygienic condition, such as diet, clothing, proper care of the skin, exercise, sleep, ventilation of apartments, mental and moral influences, etc.

BATHING.—Beside the usual variety of baths, carefully regulated by daily attention to their effects, we make use of the Electro-Thermal, Galvano-Chemical and Turkish Baths. The Galvano-Chemical Baths we find very effective in scrofula and defective and perverted assimilation. We also employ locally the various forms of Electricity and Galvanism known to the profession.

A very important part of our treatment is the application of active and passive movements. The medical treatment is principally Homœopathic. The medical department is under the care of A. B. SMITH, M. D., and J. C. KNAPP, M. D. Dr. Smith, the founder of the Institution, has been in charge of it ever since its establishment, a period of thirty-two years.

RATES.—Board and treatment, from $8 to $17 per week. In the winter there will be an extra charge of fifty cents per week for heat. All letters should be addressed to

DR. SMITH, or DR. KNAPP, Geneva, N. Y.

Medical College of Virginia.

The Annual Sessions begin the First of October and continue six months.

The 56th Session begins October 1, 1893.

PROFESSIONAL HAPPINESS!

Professional men work—so do business men—so does everybody—work too hard—feel tired—don't sleep—no appetite—indisposed half the time—not disposed the rest of the time—stay indoors too much—everybody does—folks know better—why not be sensible—do by yourselves as you tell others to do—There's only one exercise healthful, joyful, exhilarating, economical—giving everything Nature has, because it is with Nature—costs nothing to maintain—as safe as walking—adapted to everybody—it is bicycling—the most sensible vehicle of locomotion—the business man's horse—the doctor's carriage—the young folks' delight—Columbia bicycles lead all bicycles—they are the best bicycles because they are as good as bicycles can be made and better than all other bicycles—all about Columbias in magnificently illustrated book, free at all Columbia Agencies or sent by mail for two two-cent stamps.

The New York Sanitarium, 247 West 49th Street, NEW YORK CITY,

Offers to the profession, in the treatment of female diseases, all such advantages and facilities as may be obtained in a large institution, without the appearance and publicity of an hospital.

The building, expressly adapted for this purpose, contains 35 rooms, steam heated, having convenient and easily accessible bath-rooms on each floor, together with hot and cold water basins, all constructed in the best style of sanitary plumbing and separated from the sleeping rooms.

The Sanitarium, fully equipped for the management of acute, chronic and operative cases, can accommodate about 30 patients in rooms thoroughly aseptic, well ventilated and lighted by full sized windows opening on large spaces.

The beds communicate by electric bells with the nurses' room on every floor, so an attendant can be immediately summoned at all hours, and a physican in any emergency, as there will be always one present in the house.

In order to accommodate ladies who cannot for any reason have proper attention and seclusion at home during pregnancy and confinement, the Sanitarium has fitted up a private house in a quiet neighborhood as a maternity home, the location of which is unknown to the general public. A physician and trained nurses will be always in the house, and the board will be of the very best.

Terms by mail.

DIFFUSIBLE TONIC Relieves all Serious Conditions in DIPHTHERIA. } PAGE —811.—

The Maryland Lying-in Asylum,

115 West Lombard Street,

BALTIMORE, MD.

Under the Exclusive Control of the College of Physicians and Surgeons.

THIS Institution is open for the reception of patients. Indigent women of this City and State are admitted for their confinement, and carefully attended by scientific physicians and skilled nurses. Having been liberally aided by the Legislature, no cost nor pains have been spared to render it as perfect as possible in all its departments. The public wards are spacious, well warmed and ventilated, and are supplied with all the appliances and conveniences which can conduce to the comfort of the parturient woman.

Board, attention by a member of the Faculty, nursing and Medicines are given free of charge to all patients in the Public Wards.

Every precaution is taken to prevent the recognition of inmates.

Private patients are furnished rooms at from $6.00 to $12.00 per week, according to the size and location of the chambers.

For additional information apply to the Dean, or to W. WAYLAND FRAMES, M. D., House Physician.

THOMAS OPIE, M. D., Dean of the Faculty.

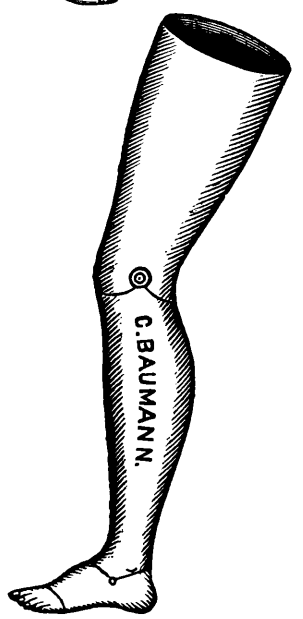
VACCINE FARM, ENGLEWOOD, ILL.

The largest, best equipped and most complete Vaccine stables on the continent, conducted under the immediate supervision of highly educated physicians and assistants of many years' practical experience in this specialty. The animals, after being used, are slaughtered and carefully examined for any indications of inoculable disease. During the season of '87 and '88 this work was all done under the immediate supervision of the United States Government Department of Agriculture and their skilled veterinarians, and in no case has any animal been found suffering from tuberculosis, nor any disease which would render the vaccine unfit for common use, a fact, which of itself speaks volumes for the care taken in the selection of the animals used.



This is the Only Vaccine which for 16 Years Always Stood the Severe Test Required by the Health Department of Chicago.

AMERICAN INSTITUTE OF MICROLOGY. Drs. Ephraim Cutter & Son, 120 Broadway, New York.

Dr. Laidlaw's Private Hospital

—) FOR (—

CHRONIC NON-CONTAGIOUS DISEASES,

137 West 41st Street, NEW YORK.

ESTABLISHED 1859.

DURING the last 33 years this Hospital has been maintained as a quiet and home-like retreat for the acceptance of patients afflicted with diseases incurable, except under the immediate and daily supervision of a medical expert.

At any time during their residence in this Hospital, patients remain free to consult the physician of their choice in person or by letter.

In general terms, no case will be received who, through any peculiarity, will disturb the quiet of the house, or who is likely, in any way, to interfere with the recovery of fellow sufferers.

All means known to the modern physician will be made available for the sick. All the help to be obtained in New York will be utilized to their advantage. As an invalid resort, this city is unsurpassed for the eminent standing of its physicians, the efficiency of its medical institutions, the salubrity of its situation, and the unlimited supply of all appliances necessary to the welfare and recovery of the afflicted.

The charges vary from $26.00 to $50.00 weekly, according to rooms selected, attendance, etc. These charges include board, fire, light, and the fees of the Hospital Physicians, and also those of the general bath nurses. The fees of Consulting Physicians, Surgeons and private nurses are not included in the above charges; they make their own charges and collect their own bills.

Turkish and Russian Baths are obtainable in neighboring establishments, and are paid for by the invalids who use them.

There are no extra charges for Chemical or Electrical Baths, or for the usual Hydropathic or Electropathic Treatment.

Patients for Orificial Surgery are received.

Experts in Galvanic Surgery, Massage and the Swedish Movement Cure are paid extra.

SANATORIUM

FOR THE

DISEASES OF WOMEN.

DRS. MAURY & MITCHELL,

111 Court Street, **MEMPHIS, TENN.**

This building has been erected especially as a Sanatorium for the treatment of the diseases of women. It has been constructed with great care and in accordance with the most approved principles of Sanitary science. Its equipment with all the appliances necessary for the treatment of disease, is complete. It is the endeavor of those in charge to make this a temporary home, as well as a place of rest, where invalids will find every comfort they may desire.

Physicians who wish to send patients away from home for the medical and surgical treatment necessary in this class of diseases, may feel confident that everything possible will be done here for their restoration to health.

For further information, DR. MAURY can be addressed at the Sanatorium.

For Relief from LITHÆMIA, BRIGHT'S DISEASE and other CHRONIC AFFECTIONS, SEND PATIENTS NEEDING REGULAR LIFE to THE JACKSON SANATORIUM DANSVILLE, NEW YORK. ☞ See Page 11.

DR. RING'S SANATORIUM.

ARLINGTON HEIGHTS, MASS.

Eight Miles from Boston, on the Boston & Lowell R. R.

ESTABLISHED 1879.

A Private Institution for the care and treatment of Affections of the Nervous System in both sexes, as well as for persons convalescing from non-contagious diseases, and those who simply require **Change** and **Rest** under the most favorable auspices.

This institution is delightfully situated on Arlington Heights, which overlook Boston, and many other cities, towns and villages, as well as the Atlantic Ocean on the east, the long stretch of sea coast on the south, and the mountains of Western Massachusetts and New Hampshire on the west and north. In summer it is as cool as at the White Mountains, while in winter it is dry and bracing.

Its Turkish, Russian, Electric and other Baths have been this year thoroughly renovated and greatly improved. No private institution in New England is so completely equipped for the administration of hydro-therapeutics as this.

Massage and Electricity in its various forms are important features. The Gymnasium is a large airy room, and equipped with all necessary appliances.

The Sanatorium is open all the year. It has steam heat, gas and electric bells in all the rooms, which are large, sunny and well furnished. **Number** of patients limited to twenty-five (25). Must come recommended by his or her physician. No mental cases received, nor any form of disagreeable invalidism. The terms are as reasonable as are possible in a select sanatorium.

The Superintendent lives in the establishment with his family, and everyone is made to feel that he or she is thoughtfully cared for. Circulars sent on application to

PHOTOGRAPHIC LENSES. THE GUNDLACH OPTICAL CO., Rochester, N. Y., Manufacture the Finest PHOTOGRAPHIC LENSES IN THE WORLD. Send for Catalogue.

ST. CHARLES
BRAND

EVAPORATED CREAM.

TRADE MARK REGISTERED.

Practical Facts that will Interest Every Physician and Enlist his Hearty Support.

WE CLAIM FOR THIS CREAM:

1st.—PERFECT STERILIZATION. This prevents any after fermentation or change, and causes the destruction of disease germs if any be present.

2d.—PURITY. Each herd of cows supplying us with milk is under our constant supervision, and milk from unhealthy or diseased cows, or from cows fifteen days before or fifteen days after parturition, is rigidly excluded. The cows are also required to be fed upon food and water of the best quality. These facts are ascertained by the constant inspection of the dairies.

3d.—UNIFORMITY OF PRODUCT. Every batch of St. Charles Evaporated Cream made is the mixed milk of a large number of cows and, as analyses of this mixed milk are made from time to time, the Evaporated Cream will always contain known amounts of water, fat, milk, sugar, etc. The physician therefore knows exactly the amount of these given and also how much dilution is necessary.

4th.—GREAT DIGESTIBILITY and SOLUBILITY. The process of manufacture so alters the albuminoids as to make them as digestible as human milk. If the St. Charles Evaporated Cream be diluted with three times its bulk of water, and an acid or gastric juice be added, the resulting curd will be powdery in form and *not in clots* as in ordinary condensed milk. Also, if a teaspoonful of the Evaporated Cream be poured upon the surface of some water, solution takes place at once. Ordinary condensed milk will not dissolve so rapidly.

5th.—Nothing but Milk in St. Charles Evaporated Cream Condensed or preserved milk always contains at least forty per cent. of cane sugar. The St. Charles Evaporated Cream will always be found to contain about the same amounts of water and milk solids, and will conform to the following analysis:

Water, 71.5%. Butter Fat, 8.5%.
Albuminoids, 8.2% Milk Sugar, 10.2%.
Salts, 1.6%.

The following table shows the amounts of the various constituents upon dilution with varying amounts of water (use boiled water):

	Water.	Butter Fats.	Albuminoids.	Milk Sugar.	Salts.
1-5 water and 4 5 evaporated cream	77.20	6.80	6.56	8.16	1.28
2-5 " 3-5 " "	82.80	5.10	4.92	6.12	0.96
1-2 " 1-2 " "	85.75	4.25	4.01	5.01	0.80
3-5 " 2-5 " "	88.60	3.40	3.28	4.08	0.64
4-5 " 1-5 " "	94.30	1.70	1.64	2.04	0.32

To make a milk almost exactly resembling human milk by analysis:
Take of the St. Charles Evaporated Cream four tablespoonfuls, of water 15 tablespoonfuls; dissolve by boiling in the water one even tea-spoonful of powdered milk sugar. Then mix this with the four tablespoonfuls of Evaporated Cream. Such a mixture, if analyzed, will be found to contain: Water, 88.30%; Albuminoids, 1.64%; Butter Fats, 1.70%; Milk Sugar, 8.01%; Salts, 0.32%.

Samples of the St. Charles Evaporated Cream cheerfully furnished upon personal application or by letter. Yours truly,

ST. CHARLES EVAPORATED CREAM CO.,
ST. CHARLES, ILLINOIS.

CHICAGO OPHTHALMIC HOSPITAL, 607 W. Van Buren St., having First-Class Accommodations for the Medical and Surgical Treatment of all Eye, Ear and Throat Diseases. Correspondence Solicited. H. M. MARTIN, M. D., Pres. See p. 1369.

WM. NISBET, M. D., Proprietor.

OPENS JUNE 1.

This is the largest and best Hotel at Avon Springs. It is furnished with gas, steam, hot and cold water, baths, etc., on each floor. It is new, and its appointments and cuisine are of the best. It is modern in structure, having wide, airy halls, broad and extended piazzas, and stands on an eminence which commands an extended view of the beautiful valley of the Genesee. The singular freedom from disease and epidemics of the village of Avon is well known, and is undoubtedly due to the abundant supply of pure water, the perfect drainage, and to its elevation above the fogs and dampness of the valley.

BATHS.

To supply a much felt want, an elegant and convenient BATH HOUSE, not in the hotel, but immediately adjoining it, and shown in the plate, has recently been erected by the proprietor. The building is steam heated, and the baths may now be enjoyed with perfect safety and benefit, regardless of the weather.

THE SPRING.

THE ANAYLSIS of PROF. S. A. LATTIMORE, of the Uuiversity of Rochester, of the SULPHUR SPRING on the Livingston House grounds shows that the water is one of the strongest, and by far the most pleasant yet discovered at Avon. The large quantity of carbonic acid gas, and other ingredients, approximate it to the highly carbonated waters, rendering it beneficial in a variety of diseases, where the more nauseating waters of some of the other springs cannot be borne without dilution.

The water is generally curative or beneficial in Rheumatism and Gout, in their various forms, Cutaneous affections, Gastric difficulties, Scrofula, Kidney and Liver derangements, Neuralgia and Nervous Troubles of all kinds.

LAKE CONESUS.

Near Avon, and the source of its water supply, a beautiful sheet of water, nine miles long, affords excellent boating and fishing facilities.

New System of Bookkeeping

FOR PHYSICIANS

CONSISTS OF A DAY BOOK AND LEDGER.

The Day Book is a complete, PRACTICAL and LEGAL FORM, for keeping daily accounts, as a book of original entry. It contains a title page, a table of contents, a calendar, a table of signs used in writing the accounts, twelve pages for bills sent monthly, and twelve pages for address of patients and others.

It has for each week in the year four pages, one for SPECIAL charges and credits, one for all REGULAR VISITS, one for daily EXPENSE ACCOUNT, and one for CASH received. All special charges and credits on account are written on the special page, and include all moneys paid on account, and all special charges for examinations of the chest, abdomen, pelvis, and their visceræ ; urine, dislocations, fractures and their treatment ; surgical operations, obstetrical delivery, instruments and medicines furnished ; EXTRA HOURS of DETENTION with patients SHOULD BE CHARGED.

The page for regular visits is ruled in columns for name of patron ; for WHOM visits were made ; for day of the week and month, and columns for amount charged, opposite each name, at the end of the week.

The page for daily expenses will show at the end of the week all disbursements, and to whom paid, thus preventing imposition from the unscrupulous.

The page for cash received will show the date and amount received, and from whom. This will materially assist physicians to keep all credits correctly written up, on the special page, should they overlook any by mistake.

A Day Book SHOULD BEGIN AND END WITH THE YEAR.

All accounts MUST BE WRITTEN IN INK, and on the day the services were rendered, to comply with the law.

To secure the Day Book promptly in any year on the first day of January, the order MUST be sent PREPAID before the first day of December preceding.

Price, $3 each. Sent free of charge on receipt of price. Copyright secured.

The Ledger is printed in clear type, on the best of paper, ruled in columns with appropriate headings to correspond with the pages of the Day Book. There are columns for regular visits ; to whom ; special charges ; old account, and total amount of debit. A SINGLE line of the Ledger will contain the entire weekly account of a patron when posted from the Day Book. The credit side of the Ledger is ruled in columns to show the month, day, year, amount of cash paid, balance still due, and time bills were presented. If kept properly, the balance due after each credit will appear in its appropriate column ; always an item of great importance.

PRICE OF LEDGERS:

500 pages, bound in leather.....$6 50 250 pages, bound in leather.....$5 00

250 pages, bound in cloth, leather back and corners, $4.

The 500-page Ledger is the cheaper.

Copyright secured. Books sent free of charge on receipt of price.

DIFFUSIBLE TONIC —The Guaranteed Specific for— Typhoid Fever. PAGE —811.—

"Education of the Public in legitimate medicine is its best protection against the deceptive wiles of quackery."
DR. O. O. BURGESS, in his Presidential Address before the State Medical Society of California.

"Preventive medicine should go hand in hand with the age of electricity, and he who is wise in the medical profession will shuffle out of the old ruts and get abreast of the age."
DR. N. B. SHADE, of Washington, D. C., in the "Medical World."

"The National Tribune," Washington, D. C.—"THE NATIONAL POPULAR REVIEW, is the name of a new and high-class periodical published at San Diego, Cal., and devoted to practical sociology and preventive medicine. It is edited with more than usual ability, and discusses every-day topics in the spirit of the highest common sense, without any limitations of priestly superstition or conventional prejudices."

"Sacramento Record-Union."—"It is a handsome magazine; crisp, vigorous and well-filled with useful information."

"Medical Review," St. Louis, Mo.—"It is a handsome octavo and will prove a success."

Prof. John H. Hollister, M. D., Chicago, Ill.—"Let me congratulate you upon the contents and make-up of the REVIEW."

Dr. J. R. Laine, Secretary California State Board of Health.—"I must congratulate you on the first number of the REVIEW. Have been reading it with great interest. It should take well, and will certainly be extensively read, which should mean success."

"Medical Fortnightly," St. Louis, Mo.—"In assisting in the introduction of the NATIONAL POPULAR REVIEW, we take more than usual pleasure, and it certainly deserves a notice more than usually favorable. Its work is within a hitherto untried field. It is a journal of preventive medicine, intended for the public as well as for the profession. And it bids fair to prove a valuable helpmeet to the physician, both in his never ending fight against disease, and against popular prejudices and superstitions, humbugs and "cures" Through it the fallacy of the Keeley cure and kindred unwarranted claims may be taught the public more successfully than through the regular medical press."

The "Sanitarian," New York.—"The NATIONAL POPULAR REVIEW is a welcome addition to the "Sanitarian's" exchange list of periodicals devoted to preventive medicine. Its editor has had a wide range of observation, and is favorably known by several contributions to the subject, particularly on climatology. . . . The multiplication of periodicals devoted to preventive medicine is a beacon at least, if not an ark, and the more there are of them, and particularly of those with capable projectors like the one before us, the more they will be read, and the better instructed the people will be, and the longer they will live."

The Sanitarian

1873—TWENTY-FIRST YEAR—1893.

AS OTHERS SEE IT:

Based at the outset upon medical knowledge and naval service, over an extensive field of observation in various climates in different quarters of the world, large experience in dealing with epidemic diseases, and practical sanitation for the maintenance of health under the most trying circumstances—

"THE SANITARIAN stands at the head of health journals."—*Baltimore Observer.*

"Is pre-eminently the most practical magazine published in the interest of health."—*N. Y Hotel Gazette.*

"Easily maintains its superiority over all similar publications."—*Medical World.*

"Has accomplished more good than all of the other sanitary papers put together."—*Hydraulic and Sanitary Plumber.*

"As its name implies, THE SANITARIAN is devoted entirely to Sanitary Science, in its liberal and proper sense. The field it occupies is a most important one, and the editor is admirably qualified for the work he has undertaken."—*Medical Examiner.*

"Is the best sanitary publication in America."—*Mississippi Valley Medical Monthly.*

"THE SANITARIAN is the leading and best edited and most vigorous journal of the age devoted to Sanitary Science."—*Record-Union.*

"The editor, Dr. A. N. Bell, is well known to the mercantile community for his co-operation with the merchants in quarantine reform, and to his profession as a leader in Sanitary Science."—*N. Y. Journal of Commerce.*

THE PRACTICAL SANITARIAN.

"The May number of the *Brooklyn Medical Journal* opens with a capital article under the above heading. It is a full and admirable sketch of the life work of Dr. A. Nelson Bell, the veteran pioneer in the great public health movement of this century. No one has been so long, so patient and so persistent in awaking public attention to an interest in this cause. No one has filled so many positions demanding skill in practical work. No one has been more successful in practical work under great difficulties. The writer of the article is Dr. Stephen Smith, the eminent surgeon and author. And this reminds us that among volunteer leaders in sanitary reform the great surgeons are foremost. Who among us will forget the earnest and efficient help of the illustrious Gross, or of the splendid Parker."—*Tennessee State Board of Health Bulletin.*

The Sketch referred to was reprinted in The Sanitarian for June, 1892.—35 cents a copy.

THE SANITARIAN will continue in its present form, 96 pages *text*, monthly; *two* volumes yearly. The volumes begin January and July. Subscriptions at any time.

TERMS—$4.00 a year, in advance; 35 cents a number; sample copies, 20 cents—ten two-cent postage stamps.

☞ **All correspondence and exchanges with THE SANITARIAN, and all publications for review, should be addressed to the Editor,**

THE BEST ANTISEPTIC.

FOR BOTH INTERNAL AND EXTERNAL USE.

LISTERINE.

NON-TOXIC, NON-IRRITANT, NON-ESCHAROTIC—ABSOLUTELY SAFE, AGREEABLE AND CONVENIENT.

LISTERINE is a well-proven antiseptic agent—an antizymotic—especially useful in the management of catarrhal conditions of the mucous membrane, adapted to internal use, and to make and maintain surgical cleanliness—asepsis—in the treatment of all parts of the human body, whether by spray, injection, irrigation, atomization, inhalation, or simple local application, and therefore characterized by its particular adaptability to the field of

PREVENTIVE MEDICINE—INDIVIDUAL PROPHYLAXIS.

LISTERINE destroys promptly all odors emanating from diseased gums and teeth, and will be found of great value when taken internally, in teaspoonful doses, to control the fermentative eructations of dyspepsia, and to disinfect the mouth, throat and stomach.

It is a perfect tooth and mouth wash, INDISPENSABLE FOR THE DENTAL TOILET.

DISEASES OF THE URIC ACID DIATHESIS.

LAMBERT'S

LITHIATED HYDRANGEA

RENAL ALTERATIVE—ANTI-LITHIC.

Close clinical observation has caused LAMBERT'S LITHIATED HYDRANGEA to be regarded by physicians generally as a very valuable Kidney Alterative and Anti-lithic agent in the treatment of

Urinary Calculus, Gout, Rheumatism, Cystitis, Diabetes, Hæmaturia, Bright's Disease, Albuminuria and Vesical Irritations Generally.

Realizing that in many of the diseases in which LAMBERT'S LITHIATED HYDRANGEA has been found to possess great therapeutic value, it is of the highest importance that suitable diet be employed, we have had prepared for the convenience of physicians,

DIETETIC NOTES,

suggesting the articles of food to be allowed or prohibited in several of these diseases. A book of these Dietetic Notes, each note perforated and convenient for the physician to detach and distribute to patients, supplied upon request, together with literature fully descriptive of LISTERINE AND LAMBERT'S LITHIATED HYDRANGEA.

LAMBERT PHARMACAL CO.,

ST. LOUIS, U. S.

Listerine is kept in stock by the leading dealers in Drugs and Medicines throughout the world.

UPJOHN'S FRIABLE PILLS ARE THE BEST. The Upjohn Pill and Granule Company, KALAMAZOO, MICHIGAN.

DR. CUSHING'S

Private Sanitarium

FOR

Diseases of Women

IS situated on high ground, overlooking the new park way, between Brookline and Boston, and commands fine views of the city and suburbs.

The building is new, large and commodious; it has been constructed especially for the purposes for which it is to be used, and has been designed so as to offer peculiar facilities for the accommodation of surgical cases.

It is divided into three sections by brick walls, with fire-proof doors, each section having a separate stand-pipe and hose, for use in case of fire. It is heated by the hot-water system, with provision for the admission of fresh air to each room separately. It is lighted by incandescent electric lights and by gas.

The rooms for patients are large and well ventilated, and each one is provided with an open fire-place, hard-wood floor, electric light and bells, double walls and double doors, and every other arrangement which seems adapted to secure the comfort, seclusion and safety of the patients. The open grounds and broad piazzas make this a very pleasant place in summer, and each private room opens on to the piazza by a long window, large enough to permit a couch or rolling chair to pass through.

There are wards intended for patients whose circumstances are such that they cannot afford a private room.

A skillful Resident Physician and well trained nurses will give the patients, the best care and attention.

For further particulars, address

BOVININE. The ONLY RAW FOOD in the World.
See Advertisement, Page 12.

WALTER'S SANITARIUM.

WALTER'S PARK, NEAR READING, PA.

Wernersville Station, Philadelphia & Reading Railroad, midway between Philadelphia and Harrisburg. Eighteen trains daily stop at this station, bringing us within a few minutes of two hours from Philadelphia, and four hours from New York.

THE SANITARIUM has come to stay.
A NECESSITY to the successful treatment of chronic invalids.
EVERY PHYSICIAN knows that **business** and **home-cares** greatly interfere with, or absolutely prevent **successful medication.**
REST and **RELAXATION** are especial features of Sanitarium life, and connected with **skillful medication** accomplish wonders.
MASSAGE is the grand representative method, and is nowhere more skillfully or successfully applied than at Walter's.
FOR 20 YEARS it has been an important adjuvant with us, and our **School of Massage** has sent out many skilled operators.
MANY PHYSICIANS are especially urgent for Walter's graduates. **Baths** of all kinds, **Electricity, Galvanism, Swedish Movements** and a **well-regulated dietary** auxilliary to Massage, Surgery and Medicine are to be noted.
THE MEDICAL STAFF are regularly educated, and especially prepared to treat the different ailments, as they come within their specialties, with ten to thirty years' experience, making ours the **Ne Plus Ultra** of institutions.
THE MOST ELIGIBLY LOCATED of all Sanitariums. We challenge comparison with anything in America.
IN THE MOUNTAINS, overlooking the famed Lebanon Valley, the City of Reading and several railroads and villages in view.
SCENERY declared by travelers "equal to anything in Europe or America."
MOUNTAIN AIR, pure, dry and bracing, fully equal to Colorado. Situated in a niche in the mountain, we are protected from the west and northwest storms of winter, while we enjoy the balmy Southern breezes—cool and bracing during the whole summer.
MOUNTAIN WATER, soft and pure from living springs.
CLIMATE, "the finest in the world."—*Bayard Taylor.*

DIFFUSIBLE TONIC —RELIEVES— All Febrile Conditions. } PAGE —811.—

HOTEL EASTMAN,

The Palatial House of the South.

SEASON OPENS IN JANUARY EACH YEAR.

The Hotel will be conducted this season in the same excellent manner as last, and the public will find it the most complete and delightful hotel they can possibly visit for a winter's rest or pleasure. Its capacity has been increased to six hundred guest rooms, everyone of which, owing to the peculiar construction of the Hotel, has an outside exposure, making them both light and airy. No convenience that could possibly add to the comfort of the public has been neglected in the arrangement of this house. It has a Grand Observatory, with numerous Balconies, commanding fine views of the beautiful scenery in and around Hot Springs, beautiful grounds and promenades, a grand parlor for balls and receptions, special parlors for ladies and gentlemen, reading rooms, card rooms and billiard rooms, and the largest and best lighted dining hall of any winter resort.

The management have determined to put the rates of this house at figures that will suit all classes of tourist travel, and prices will be made at $21.00, $25.00, $28.00, $35.00, $42.00 and $50.00 per week, according to location, but all of the rooms are elegant and perfect in their appointments. : : : : : : : : : : : :

The finest Bath House in the United States is directly connected with the Hotel, the corridors leading to it being heated to the same temperature as the hotel. The interior of this palace Bathing House is entirely of marble and brass.

The Hot Springs of Arkansas are the most wonderful curative waters in the world, being a certain cure for rheumatism, gout, neuralgia, catarrh, sore throat and kindred or hereditary diseases. They are also unsurpassed for those broken down in health and strength, from too close application to their professional or business duties.

Hot Springs is reached by any line to St. Louis, and thence via the Iron Mountain road direct to the Springs without change of cars.

For all information in regard to Hot Springs, write

HENRY N. WILLEY, Manager,

HOT SPRINGS, ARKANSAS.

MICROSCOPES. THE GUNDLACH OPTICAL CO., Rochester, N. Y., —MAKE A— SPECIALTY OF Microscopes for Physicians. SEND FOR CATALOGUE.

The Mountain Valley Springs.

For the cure or relief of Diabetes, Stricture, Bright's Disease of the Kidneys, Gravel, Inflamed Prostate, Inflammation of the Bladder, Jaundice, Dropsy, Liver Complaints, General Debility, Leucorrhœa, Uterine Troubles, and other female complaints, these waters have few, if any, equals in the world. They are also a specific cure for dyspepsia and diseases arising from an excess of acid in the stomach.

The purity of the water—having no trace of organic matter—makes it acceptable to the most delicate stomach when nothing else will be retained. To this absolute purity is attributed its extraordinary keeping quality, so indispensable in all good "shipping waters."

To those whose stomachs have become irritated and inflamed from the excessive use of spirituous liquors this water will be found excellent, as its stimulating qualities will in a measure act as a substitute, if used in large quantities; and those who desire to break off from the habit of excessive drink can do so, without any bad effect.

Any quantity of the water can be drunk without causing a feeling of oppression or overloading the stomach.

For the table, sick-room and bar, it is unsurpassed, and for such uses it is shipped in barrels and bottles to all parts of the country.

Visitors should try a box of the concentrated properties of this water (sedimentary deposit) for sick headache, dyspepsia and nervousness.

The hotel and water privilege is now controlled by MR. P. J. McCARTHY, and it is the first time, for several years, that both have been under one management. There is no doubt but it will prove beneficial to all interested. Mr. McCarthy, the lessee, has had experience with both departments, separately, and is therefore familiar with each. His excellent wife will have principal charge of the hotel, while he will divide his time between the Springs and the sale of water at Hot Springs, and its shipment to all parts of the United States. For prices of board at Mountain Valley Springs, or of the water for shipment, address

ARMY AND NAVY HOSPITAL,
HOT SPRINGS, ARKANSAS, February 27, 1891.

This is to certify that, after trying numerous springs of this country, endeavoring to find relief from Calculus in the Kidney and Bladder, I at last came to Hot Springs, Arkansas. I now hope and believe I have made a complete cure of myself by use of the Mountain Valley Water.

J. H. DURAL,
First Lieut. U. S. Army.

FLINT, GENESEE COUNTY, MICH., February, 1882.

DEAR SIR—I received a barrel of the Mountain Valley Water from you in 1879, and at the expiration of two years after receiving the water, there being some four or five gallons left in the barrel, I drank of it, and it was as pure and good as when I first received it. D. CRAWFORD.

COLUMBUS, KENTUCKY, February 7, 1882.

DEAR SIR—Please send me a half-barrel of Mountain Valley Water by express, C. O. D., as soon as you get this order, for I am nearly out. It is doing me a great deal of good. I believe it will cure me. Send by first train. Yours truly, W. G. BAILEY.

Correspondence solicited.

Upjohn's Friable Pills. MOST ELEGANT AND SOLUBLE PILL COATING EVER DEVISED.

THE

Denver Sanatorium

FOR CONSUMPTION.

THE DENVER SANATORIUM at the foot of the Rocky Mountains offers to the invalids suffering from consumption or from any other disease of the respiratory organs, unsurpassed advantages for effecting a **CURE.** The climate, with its rarified atmosphere, acts upon the system as a neutral stimulant, a stimulant that is **not followed** by subsequent harmful reactions and supplies thereafter the only condition under which the possibility of a **CURE** can be entertained. As science and experience has fully demonstrated, under such conditions as above mentioned, the DENVER SANATORIUM has been able to carry out the treatment with

KOCH'S LYMPH

with a success unsurpassed by any other institution in the world as its record of cases **discharged CURED** fully proves.

For further Particulars, address

S. H. MEUER, SECRETARY,

DENVER SANATORIUM,
OFFICE, 632 14TH STREET.

DENVER, COLORADO.

For Relief from LITHÆMIA, BRIGHT'S DISEASE and other CHRONIC AFFECTIONS, SEND PATIENTS NEEDING REGULAR LIFE to THE JACKSON SANATORIUM DANSVILLE, NEW YORK. ☞ SEE PAGE 11.

DR. J. WALES BROWN'S

New and Improved

DYSPEPSIA CURE

To Physicians, Druggists, and all persons suffering from Indigestion.

I beg leave to call your attention to a new and improved Anti-Dyspeptic, Anti-Bilious, Anti-Constipation Pill; a medicine of true merit, prepared with great care, and of the best materials, which I now offer to Physicians, Druggists and the public with perfect confidence, after having tested its merits in my private practice during the past ten years, without a single failure where the directions have been properly followed.

It is well known by the profession and the public generally, that no class of medicines have so often FAILED to give satisfaction, as those calculated to act upon the **Stomach and the Digestive Organs.** The afflicted have observed this, and have been led many times to complain of the medical advisor or pharmaceutist.

Articles and preparations that have been represented by the scientific to produce certain results, have entirely failed, while a disease that seemed simple in its nature has become continued, and finally grave and complicated; this, too, in the face of a rigid and careful diet, quietude of body and mind, favoring by every possible means the action of medicine toward a speedy cure.

In view of this fact, and in order to secure a reliable preparation, certain and speedy in its results, and at the same time free from those unpleasant qualities that usually compose the remedies heretofore used for indigestion or **Dyspepsia,** I now introduce this **New and Improved Medicine** in the form of a pill thus enabling Physicians and Druggists to handle it with ease, and thereby adapting it to every condition or individual case.

These new and improved Anti-Dyspeptic Pills are especially recommended, and can be relied upon as a certain cure for all forms of indigestion, constipation and stomach and liver troubles.

Instead of being the unpleasant, nauseating drug that is generally recommended to the afflicted, suffering from disorders of the stomach and digestive organs, this will be found in the form of a pill that can be taken by all ages and conditions.

Upon no other preparation of medicine I have ever compounded, have I bestowed as much thought and care as upon this. For five years I was incessantly experimenting, making and trying new combinations, and these pills are the result.

The assertion previously made, that these are the "best Anti-Dyspeptic, Anti Bilious and Anti-Constipation Pills ever made," I see no cause to modify in the smallest degree. Were they kept in every apothecary shop, and were Physicians to prescribe them in all dyspeptic and bilious complaints, they would be saved much trouble in compounding, and give them much more satisfactory results. I have compared their effects again and again, with the best other preparations in use, and I pledge my word that the Anti-Dyspeptic Pills will succeed in twice as many cases as any other compound that may be chosen.

Please give them a trial, Doctor, and I will be responsible for every hair's breath in which you find this proportion of successful results abridged.

The testimony of many Physicians who have prescribed them, and hundreds in public and private life who have been cured by these pills could be added to this letter, but I wish them to stand upon their own merits, and only ask a single trial to convince both **Physician and the afflicted** of their efficacy.

ANTI-DYSPEPTIC, ANTI-BILIOUS AND ANTI-CONSTIPATION PILLS.

The above titles have been given to many pills presented to the profession in the past, but from my own experience, I find that as applied to those made by the following private formula of Dr. J. Wales Brown, 1041 Washington St., Boston, Mass., they possess more of the qualities claimed for them, than do any other pills I have ever used. Each Pill contains:

Aloin, ...	1-2 gr.	Vegetable oil,	1-4 gr.
Citrullus Colocynthis,	1-4 "	Capsicum,	1-8 "
Gentiana Lutia, .	1-2 "	Pepsin,	1-8 "
Mentha peperita,	1-16 "	Soda,	1-4 "
Glycyrrhiza glabra,	1-16 "		

A. H. DAVIS, M. D.

DOSE:—One pill after meals, from 1 to 3 times a day.

The following letter speaks for itself, and will show how the pills are appreciated by those that use and prescribe them:

DR. J. WALES BROWN, No. 1041 Washington St.,
Boston, Mass.

DEAR DOCTOR:—Enclosed please find $1.00, for which send me 500 of your "Anti-Dyspeptic Pills." Having thoroughly tested them and being convinced of their efficiency, I would not be without them in my practice.

With thanks to you for your kindness to the profession,
I am respectfully,
E. P. STEWART, M. D.

I will furnish my brother practitioners with Anti-Dyspeptic Pills at actual cost price and postage, 25 cents per hundred or five hundred for $1.00.

J. WALES BROWN, M. D., No. 1041 Washington St., Boston, Mass.

The Exanthematic Method of Cure

(ALSO CALLED BAUNSCHEIDTISM.)

A Certain Cure for all Diseases.

In diseases of recent origin, as well as in chronic affections which have defied all salves, medicants and treatment, this method of cure may be confidently resorted to as the last anchor of salvation. Thousands of invalids, whom the doctors had given up as hopeless, have saved their lives and been restored to full health by means of this treatment. An account of the wonderful cures which have been brought about by this treatment, as also the necessary instructions for self-treatment for all diseases, is contained in my Book of Instructions, or Manual—**15th Edition,** 350 pages.

Illustrated circulars sent to any address, postpaid.

JOHN LINDEN,

Special Practitioner of the Exanthematic Method of Cure.

LETTER BOX W.: Residence, 948 Prospect St., Office, 391 Superior St., cor. Bond, **CLEVELAND, O.**

☞BEWARE OF COUNTERFEITERS AND FALSE PROPHETS.

FORT DODGE, IOWA, February 13th, 1889.

MR. JOHN LINDEN:—Enclosed please find remittance for the Resuscitator and belongings which I received in good order. Your Resuscitators are undeniably BETTER than Baunscheidt's, and your Oleum I tested against Baunscheidt's over twenty years ago, and found YOURS FAR SUPERIOR, let alone the difference in price.

With best regards, yours truly, REV. E. RIEDEL.

DENISON, Grayson Co., TEXAS, March 20th, 1889.

MR. JOHN LINDEN: Dear Sir—Find inclosed $5.00, for which send me of your Oleum. I received the new instrument from you some time ago. In all spinal affections your method of cure is UNSURPASSED. I have not failed in a single case and I am having good success in all cases that I could not handle successfully before.

Respectfully, DR. O. E. BRITTAIN. Box 97.

THORP SPRINGS, TEXAS, Feb. 6th, 1889.

JOHN LINDEN: Dear Sir—Inclosed please find $1.50 for which send me one bottle of your Oleum. My wife uses it for general weakness and heart affection. We find it splendid; it cures every time when the doctors and everything else fails. My wife would not take a thousand dollars for the Resuscitator and Oleum she has, if she could not get another. You can state to the public if you wish, as I am well known in Texas. Yours truly,

REV. WM. HALE, Thorp Springs, Hood Co., Texas.

BONDUEL, WIS., Feb. 13th, 1889.

MR. JOHN LINDEN: Dear Sir—Please send four bottles of your Oleum as soon as possible by express to F. Genzke, Shawano, Wis. We have used your medicine for over seven years and have found it a never-failing remedy for nearly every kind of sickness.

Very respectfully, F. GENZKE.

VALLEY FALLS, KANSAS, Jan. 5th, 1891.

MR. JOHN LINDEN: Dear Sir—Please send me one dozen bottles of Oleum to the following address: Kaspar Abbuehl, Valley Falls, Jefferson Co., Kansas. Send the bill to me, Rev. J. Schmidli, Shannon, Atchison Co., Kans. Mr. Abbuehl up to last year used the so styled "Imported Oil." Through my recommendation of YOUR Oleum he had six bottles ordered from you; this Oleum has given such satisfaction that it has entirely supplanted the Oil sold as "Imported."

With kind regards, REV. J. SCHMIDLI.

MILLVILLE, Clayton Co., Mo., Jan. 5th, 1891.

MR. JOHN LINDEN: Dear Sir—Your remedy, Resuscitator and Oleum, is the best, most efficacious and most reliable remedy that can be used in a family; no family should be without it. My wife suffered for a long time with cramps of the stomach; the doctors declared that there was no cure for them, but your Resuscitator and Oleum have cured her and she is now entirely well. Last spring my whole family was attacked by the Grip—myself, wife and 9 children—your Resuscitator and Oleum cured us all within three days. For toothache, ear and backache, there is no better and safer remedy than your Resuscitator and Oleum. We are now eight years in this country and have since only required the services of a doctor twice; but we always have the Resuscitator and Oleum in the house, and with it all sickness is cured at the start. Your Oleum is also better and stronger than the oil which is offered for sale in Cleveland, Ohio, as "Imported;" it works quicker and is as again as cheap as the alleged "Imported." Your remedy is a blessing to humanity.

JACOB BAUMBERGER.

The above testimonials were presented to us in the original.

THE

SOUTH CAROLINA RAILWAY

Is the Shortest and Only Direct Route between Augusta and Charleston and between Columbia and Charleston.

On the Augusta branch there are two daily passenger trains, making close connections in Augusta with the Georgia R. R. for all points in the West and Southwest. Over the Columbia line there are likewise two daily passenger trains, connecting in Columbia with trains in Upper South Carolina and all points in the East.

At Charleston the S. C. Ry connects with the Charleston & Savannah Ry. to and from points in Georgia with Atlantic Coast line to and from all points North, with New York and Charleston steamers, and also with Florida steamers.

Aiken, the most celebrated of all Health Resorts in the South, is located on the road, 18 miles from Augusta, and 120 miles from Charleston. Its population is 3,000, provided with good schools, and churches of all denominations. It is an elevated, sandy plateau, from 600 to 700 feet above the sea. The Highland Park Hotel is situated at Aiken, and is first-class in every respect. It is lighted by electricity and gas, has hydraulic passenger elevators, electric bells, its public rooms and halls are heated by steam, and the water supply is pure and abundant. Camden, located on another branch of the S. C. Ry., in the "high hills of the Santee," is coming into prominence as a winter resort. To the traveler the quaint, historical town of Camden, S. C., presents a most attractive appearance. The air, aromatic with the odor of the pines which surround the town, promises ease to the irritated lungs of the invalid, and "Uphton Court" and "Hobkirk Inn," two of the most perfectly equipped hostelries in the South, offer the tourist the best of entertainment.

About 21 miles from Charleston is the town of Summerville, situated on a ridge which extends across from the Cooper to the Ashley rivers, covered with pine woods, and remarkable for its healthfulness.

A new hotel has been erected there, named the "Pine Forest Inn," is capable of accommodating 150 guests.

The line of the road extends through one of the most picturesque sections of the Carolinas, enabling the tourist to view the magnificent moss-draped forest and wide-reaching rice and cotton fields to the best advantage.

Prof. J. B. SANBURN'S REMEDIES

ESTABLISHED 1880.

SANBURN'S SWEET . . .

WORM

WAFERS.

A Sure Cure for Worms.

This worm candy is complete within itself—removing the worms without destroying them—acting without the aid of other medicines, such as salts, oils, etc. This worm candy is also for the small seat or pin worms, removing the nest of them.

RETAIL, - - - - - - 25 CENTS PER BOX.

Sanburn's Liver Remedy.

CANNOT BE EXCELLED.

Gives tone and vigor to the entire system, being stimulative instead of exhaustive as most liver remedies are. One trial bottle will convince.

RETAIL, - - - - - - - $1.00 PER BOTTLE.

Sanburn's Pain Killer.

No household is complete without a bottle of this excellent remedy close at hand. While there are thousands of Pain Killers on the market to-day, this fine remedy easily defeats all competitors.

PRICE, PER BOTTLE, - - - 25 CENTS.

Sanburn's Tape Worm Remedy.

NEVER FAILS. GIVE IT A TRIAL.

Wholesale Price List and Sample of Worm Wafers Sent Free on Application.

TERRALINE.

PURIFIED PETROLEUM, Odorless and Tasteless.

WHAT PHYSICIANS WHO USE IT SAY:

I have used your preparation of petroleum called Terraline in quite a number of cases of catarrhal affections of the respiratory organs, and can assure you it is a most useful and valuable remedy in all such complaints. My experience in general with it has been such as to induce me to recommend it to my professional friends.
Yours truly, B. SEGNITZ, M. D., 149 East 63d Street, New York.

My experience with Terraline has been most satistactory, as results shown in all cases of pulmonary complaints treated with it demonstrate its superiority over any remedy hitherto tried. I have recommended it to my professional friends.
Yours truly, J. H. WHEELER, M. D., 319 54th Street, New York City.

I have used Terraline in cases of phthisis and debility, and am happy to say that both in adults and children I have observed the most satisfactory results. I believe it to be in every particular all you claim for it.
MAX GUGENHEIM, M. D., 181 Eldridge Street, New York City.

I have prescribed Terraline a number of times, and have thus far had the most satisfactory results in bronchial affections.
WM. C. OFFEISON, M. D., 144 Pierrepont Street, Brooklyn, New York.

No other preparation like Terraline. I have used it with best results in bronchial affections. It is with pleasure I recommend it to the medical profession. W. H. MCKINLEY, 157 West 26th Street, New York City.

For some months past I have been using Terraline in connection with Beechwood Creosote in bronchial and pulmonary complaints, and am much pleased with results. In the second stage of the peculiar broncho-pneumonia following La Grippe, I used it freely, and invariably with excellent results. BENJ. EDSON, M. D., 83 St. Mark's Avenue, Brooklyn, New York.

I have used your Terraline as a substitute for Cod Liver Oil, and am favorably impressed so far.
CHARLES JEWETT, M. D., 307 Gates Avenue, Brooklyn, New York.

I have used Terraline in a case of chronic broncho-trachitis and in one of enlarged glands on the base of the tongue, and benefit was derived from its use in each case. The former, through its systematic effect. In the latter, through its soothing and emollient effect directly upon the enlarged and swollen glands. In these cases it should command particular attention.
J. H. CLARBONE, 10 East 28th Street, New York City.

The value of Terraline in pulmonary and bronchial complaints I have found to be an available substitute for Cod Liver Oil.
CHAS. C. LEE, M. D., 79 Madison Avenue, New York City.

I have used Terraline in my practice for a year, and can speak in the highest terms of it. It does not nauseate like Cod Liver Oil. It digests easily and causes no eructation from the stomach. I give it when the cough is heavy, tight, and painful. It gives perfect satisfaction. R. W. ST. CLAIR, M. D., 667 Willoughby Avenue, Brooklyn, New York.

Manufactured only by **THE TERRALINE COMPANY,**

GLENMARY

MAIN BUILDING.

Is a private Sanitarium for the Homœopathic treatment of mental and nervous diseases, and habitues of opium, chloral, cocaine and alcoholic stimulants.

Glenmary consists of the main building and four cottages, located in a beautiful park, on a delightful elevation, in the suburbs of Owego, New York.

This Hospital is run strictly on the home plan, with experienced nurses and physicians, has large and commodious rooms, with the best modern improvements in regard to heating, lighting, ventilation, etc., in every way is carefully arranged for the comfort and convenience of its patients, has the best sanitation, and every advantage for curative treatment.

Owego is a convenient railroad centre, and is reached directly by first-class rapid trains from all points, east, west, north and south.

If you have a friend or patient in need of the care of such an institution, the management will endeavor to give him all the comforts and pleasures of his own home, together with the care and treatment that experience has shown to be best adapted to the restoration of health.

For terms and information concerning the admission of patients, address

GLENMARY, Box 127, OWEGO, N. Y.

SCHUMACHER'S INFANT FOOD

A Cereal Food, having as a basis the Flour of Wheat, Oats and malted Barley, dried and baked by a slow process converting much of the Starch into Dextrine, thus removing an objection to the administration of Cereals to young children, which might otherwise be raised. The value of its large percentage of gluten can hardly be overestimated.

All physicians who have tried it heartily endorse its merits and recommend it.

Price, 50 Cents per Pound Package.

CHICAGO OPHTHALMIC HOSPITAL, 607 W. Van Buren St., having First-Class Accommodations for the Medical and Surgical Treatment of all Eye, Ear and Throat Diseases. Correspondence Solicited. H. M. MARTIN, M. D., Pres. See p. 1369.

Beautiful location on the south shore of Chautauqua Lake, in the vicinity of the Chautauqua Assembly, now famous for its large annual gathering of devout and intellectual people. The most delightful rest and health resort on the lake, superb scenery, pleasant walks and drives, dry, bracing air, perfect natural drainage and excellent sanitation. The lake is 1,400 feet above sea level, 800 feet higher than Lake Erie, only six miles distant, has no inlet, is fed by numerous springs, and said to be the largest body of navigable water at so high an altitude.

The largest and most complete Sanitarium in the country, fitted up for 250 patients, equipped with all modern appliances for the treatment and cure of ALL forms of chronic disease. Three separate and distinct departments, conducted by a large corps of experienced physicians and trained nurses. The capitalization of science for the benefit of afflicted humanity, the amalgamation of SPECIALTIES for original investigation, the scientific application of rational therapeutics to the treatment of disease. Aerotherapy, hydrotherapy, massotherapy, calisthenics, hypnotism, electricity and dietetics are employed to assist the action of drugs.

PULMONARY TUBERCULOSIS has been specially studied and a complete system of therapeusis developed by means of which the tubercle bacillus and its spores can be destroyed and a large percentage of cures effected. This department is probably the most complete, and the results much better than ever before attained by the medical profession.

CHRONIC ALCOHOLISM has been permanently cured in more than 90 per cent of the cases treated, and the general health greatly improved.

OPIUM, COCAINE and TOBACCO habits are cured in three to five days without harm to the patient. For full particulars and circular information, address

STERLINGWORTH SANITARIUM.

BOVININE. The VITAL PRINCIPLES of UNCOOKED BEEF CONCENTRATED. See Adv., p. 12.

The Penn Mutual Life Insurance Company was the first (and so far the only Company) to make no discrimination against women insuring their lives upon a great variety of plans at exactly the same rates as those charged men. The Penn Mutual Life Insurance Company was the first (and so far the only Company) to consult the delicacy of women by employing women medical examiners, who attend to the details of insurance. Agencies in all principal cities and towns.

From "The American Journal of Medical Sciences," Philadelphia.

"The aim to make this valuable treatise practical by giving special attention to questions of treatment has been admirably carried out. Many a reader will consult the work with a feeling of satisfaction that his wants have been understood and that they have been intelligently met. He will not look in vain for details, without proper attention to which he well knows that the highest success is impossible."

DIFFUSIBLE TONIC —The Guaranteed Specific for— ALL FEVERS. PAGE —811.—

THERAPINE.

"TO CURE."

Formula: $(C_{13}\ H_{10}\ N\ O)\ Br_n$

HYPNOTIC and SEDATIVE, NERVINE and ANODYNE, ANALGE and FEBRIFUGE, as Shown by the Following Reports

1. **HYPNOTIC AND SEDATIVE,**
   In Delirium.—Report by DR. T. D. FINCK, Louisville.
   In Insomnia.—Report by DR. T. D. FINCK, Louisville.
   Superseding Potassium Bromide, Chloral Hydrate, Quinia Sulphate, Opium.

2. **NERVINE AND ANODYNE,**
   In Hemicrania, Neuralgia, Dysmenorrhœa, etc.
   Report by DR. J. J. KANE, St. Louis.
   The best remedy I have yet found. It is the King Drug.

3. **ANALYDESIC AND FEBRIFUGE,**
   Report by DR. H. C. BUELL,
   Good Samaritan Hospital, Cincinnati, Ohio.
   Superior to any other Antipyretic and Anodyne.

4. **ANTI-ARTHRITO-RHEUMATIC,**
   Report by DR. FRED A. DAVIS, Newport, Ky.
   (U. S. Examining Surgeon.)
   I cannot speak too highly of it.

THERAPINE is used in combating pains in general. The special pains of Locomotor Ataxia.

THERAPINE is used in Epilepsy. Produces complete relief from lightning pains in Tabes Dorsalis. For the following reasons it will recommend itself to you: 1. It acts promptly. 2. It is harmless. 3. Absence of any gastric irritation. 4. Power and long continued action. 5. Absence of any depression in the heart.

RECOMMENDED BY LEADING DOCTORS IN AMERICA.

THERAPINE is indicated in Headache, Neuralgia, the severe pains of Dysmenorrhœa—in fact, all pains that can be reached by medicine taken into the stomach. Without trying it you cannot tell whether it is good or not. Please give it a fair trial. DOSE:—5 to 10 grains in powder, or 5 grain tablets.

ELIXIR OF QUERCUS COMP.—An astringent in all bowel troubles. Recommended for children by Dr. R. B. Gilbert; Dr. J. M. Matthews, Louisville; Dr. Williford, Memphis; H. Crumly, Chattanooga, Tenn.

RENAL CORDIAL.—A Diuretic Kidney and Liver Alterative. Recommended by Dr. Mussey, Cincinnati, Ohio.

THESE THREE PREPARATIONS ARE MADE SOLELY BY

ALBEMARLE CHEMICAL CO., 115 Fulton St., New York, and Nashville, Tenn.

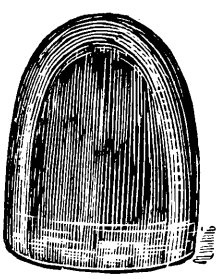
FALKIRK.

JAMES FRANCIS FERGUSON, M D. **DAVID H. SPRAGUE, M. D.**

ON the Highlands of the Hudson, near Central Valley, Orange County, New York, a Home for the treatment of nervous and mental diseases and the alcohol and opium habits.

FALKIRK is 800 feet above sea-level; the grounds cover 200 acres, are well shaded and command a magnificent view; within them is a lake of pure water, covering over 50 acres. The buildings, constructed on the cottage system, are new, steam-heated, and lighted by gas, and the water supply is from pure mountain springs. All the living rooms face southwest, and every provision is made for comfortable home-living.



The best methods in sewerage have been followed, and the arrangements for comfort and recreation include a sun-room, steam-heated in winter, for sun-baths and indoor exercise.

Dr. Ferguson and Dr. Sprague may be consulted at their office, 168 Lexington Avenue, New York City, on Tuesdays and Fridays, between 11:30 A. M. and 12:30 P. M., or by appointment, or may be addressed at

Upjohn's Friable Pills. MOST ELEGANT AND SOLUBLE PILL COATING EVER DEVISED.

Neat=Richardson • Drug • Co.,

MANUFACTURING DRUGGISTS,

Proprietors of Royal Condition Powders, Liver Pills and Bitters.

Manufacturers of Bronchiline, Neutral Elix. Comp., Syrup Hypoph. Comp., Ess. Pepsin, Etc.

DOCTOR—Do not conclude that all expectorants are worthless. If others have disappointed you, try **BRONCHILINE** and you will continue its use. This elegant preparation combines in their purest forms the active principles only of remedies long popular with the profession in the treatment of Throat and Lung Affections, and will be found of great convenience and value by the busy practitioner, where indicated in Coughs, Colds, Bronchitis, Asthma and Whooping Cough.

If you wish to try it we will send you a pint bottle of **BRONCHILINE FREE,** if you will pay the express charges.

If you will send us **THREE DOLLARS** (with **FIRST ORDER ONLY**) we will send you a Five Pint Bottle of BRONCHILINE, and send **Free of Charge a Five Pint Bottle of Compound Syrup of Hypophosphites.** Formula on every bottle.

HUNTINGTON, West Virginia.

GENTLEMEN—You have the best expectorant combination that I have used, and I have given it a thorough trial, both in this section and in Virginia. Wishing you continued success, I am

Truly yours, JOHN D. MYERS, M. D., Surgeon C. & O. R. R.

BLIND TEAT PAD TRUSS.

PATENT APPLIED FOR.

An Entirely New Principle, and a Truss that not only relieves, but Cures.

Has been tried by many of the American Specialists who will sustain us in our claim.

THE RUPTURE PAD consists of a wooden base, oval shaped, on which is fastened a flat pad, stuffed with raw sheep's wool. In this pad a hard rubber teat is inserted near the center of same, and placed in such a way that it projects about one-fourth inch above the surface. By a screw attached to the base of the teat which goes through the brace, the teat can be made larger or smaller as the case may require it.

When we send out a Truss we adjust the teat on the pad as our knowledge of the condition of the case seems to require. In this position the Truss is applied to the patient for a few days Then by screwing the teat gradually out, in the course of a month, to its full length, it is left in this position on the body until a permanent cure is insured. Under favorable conditions a cure can be effected in three months.

SAINT AGNES

PRIVATE

LYING-IN Hospital

AND

Gynæcological Institute,

8 WOODBINE STREET, ROXBURY,

BOSTON, MASS.

CAPACITY, TWELVE.

Superintendent and Resident Physician, Dr. Adelida A. Thomas. Matron, Mrs. Mary Small.

The situation of this model institution is in the healthiest and most beautiful suburb of Boston, three miles from the city. Electric cars pass the door from all depots every few minutes.

Since its establishment in 1889 the hospital bears the unique record of having had NO DEATHS occur from puerperal or other causes.

Particular attention is paid to hygiene and to prophylaxis. Each patient occupies a separate room, furnished with every comfort, and is assured of the utmost delicacy and most absolute privacy. Patients are boarded previous to confinement for any length of time.

Correspondence from physicians is very cordially invited.

American Veterinary College. (UNIVERSITY OF THE STATE OF NEW YORK.) Address DEAN, 139 and 141 W. 54th Street, NEW YORK CITY. (See Page 12.)

"CONSUMPTION." EPHRAIM CUTTER, M. D, JOHN A. CUTTER, M. D., 120 BROADWAY, NEW YORK.

CUMBERLAND SANITARIUM AND SULPHUR SPRING CO.,

CUMBERLAND, MAINE.

The sanitarium is beautifully located in the country, eight and one-half miles from Portland, Maine; it is within five minutes walk of the Grand Trunk Railroad Depot. A charming summer retreat and a perfect home comfort. The Sanitarium is heated by steam during the winter. The entire sanitary arrangements of the institution are the best. The climate is very fine, the air dry and invigorating, with sulphur and natural spring water on the grounds.

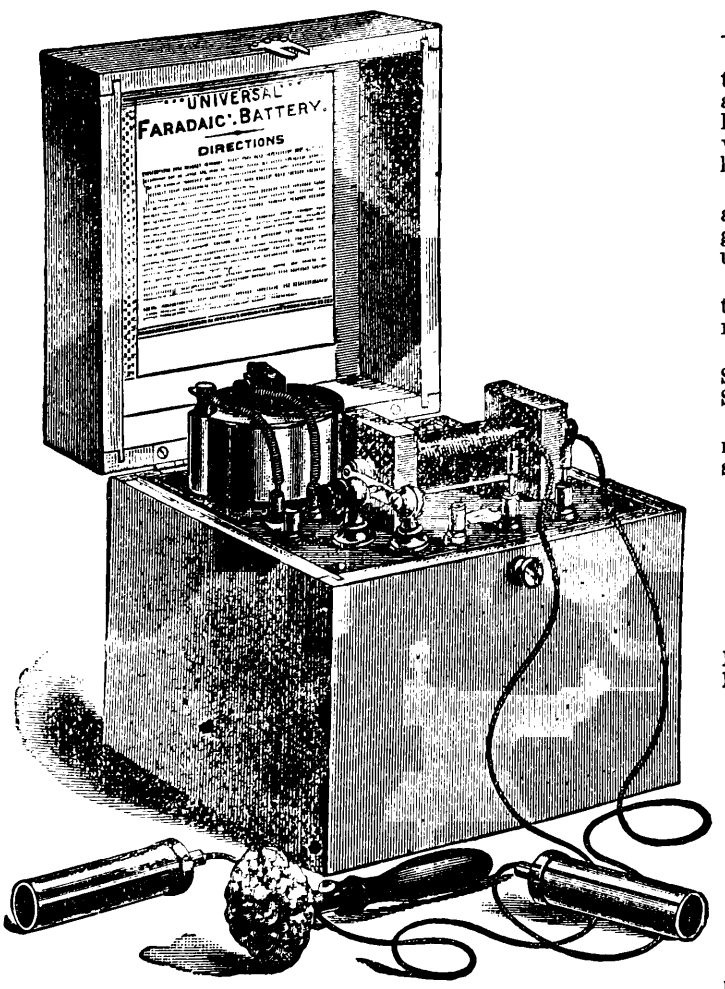
The institution is designed for the treatment of

Melancholia, Spinal Irritation, Nervous Prostration, General Debility, Rheumatism, Sciatica and Skin Diseases. : : :

BATHS WILL FORM A SPECIAL FEATURE OF THE INSTITUTION.

PARTICULAR ATTENTION GIVEN TO DIET.

In meeting the necessities of the individual cases, as little medicine is given as possible.



TERMS REASONABLE.

For information, address

Cumberland Sanitarium and Sulphur Spring Co., CUMBERLAND, MAINE.

WM. CALDWELL, M. D.,
President and Superintendent.

JOHN H. POTTER,
Secretary and Treasurer.

No. 1—UNIVERSAL FARADAIC BATTERY.

All objectionable features overcome by use of dry cell. : :

With automatic cut-off the battery is started by raising the cover, and circuit broken and battery locked by closing same, thereby with ordinary caution, giving long life to the dry cell. : : : :

The currents are smooth, soft and of great strength, and may be graduated to any degree by the user. : : : : : : :

Full directions for using the batteries furnished with each instrument. : : : : : :

Price, complete with Foot Plate, Sponge Electrode, Handles and Silk Conducting cords, $10.00.

These attachments are also furnished with the No. 2 Universal, as shown on page. : : : :

These presses are designed to extract the juice from freshly BROILED STEAK. The yield should be about six ounces from one pound of round steak, costing from six to twelve cents. It has been found that BEEF TEA, however made, contains no nourishment. The Albumen coagulates at so low a temperature, nearly 100 deg. below the boiling point, that it is unsafe to warm the expressed juice above the temperature of the body. Tepid Water may be added, but avoid HOT WATER. Any one of these presses may be obtained, express free to any point east of the Rocky Mountains, upon receipt of price as stated.

MEAT JUICE is recommended for the aged and infirm, for delicate infants, for summer complaint, in extreme prostration from disease, for typhoid, pneumonia and consumptive patients, persons recovering from excessive use of intoxicants, women in a delicate condition suffering from nausea, and in all cases where a perfect nourishment is required in a concentrated form.

For rectal administration it is invaluable.

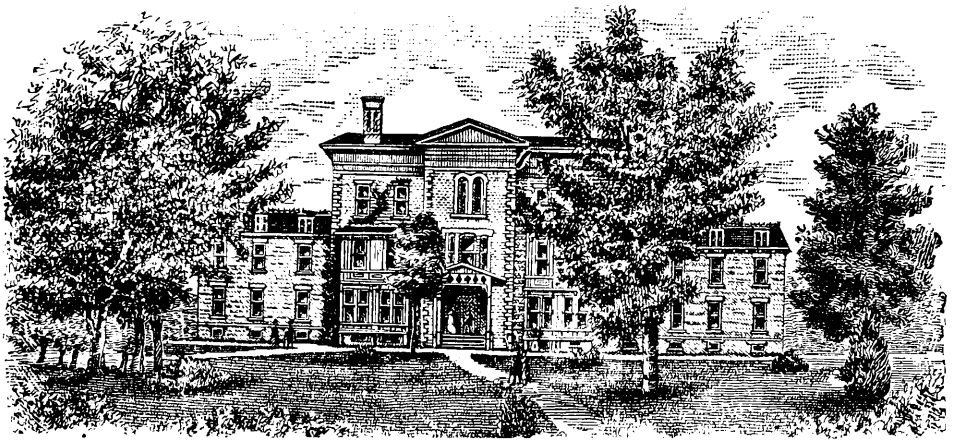
UPJOHN'S FRIABLE PILLS ARE THE BEST. The Upjohn Pill and Granule Company, KALAMAZOO, MICHIGAN.



BELLEVUE PLACE, Batavia, Ill.

ESTABLISHED 1867.
FOR THE TREATMENT OF

THE INSANE and those afflicted with NERVOUS DISEASES.

FEMALES ONLY ADMITTED.

R. J. PATTERSON, M. D., Superintendent; L. H. PRINCE, M. D., Resident Physician; Mrs. MARY A. RUGGLES, Matron; Consulting Physicians: D. R. BROWER, M. D., Professor in Woman's Medical College, Chicago, Ill.; SARA HACKETT STEVENSON, M. D., Professor in Woman's Medical College, Chicago, Ill.

This institution is located in the beautiful town of Batavia, Ill., on the banks of Fox River, 35 miles west from Chicago. It is accessible by the Dixon and Omaha Branch of the Northwestern Railway, via Geneva, and by the Chicago, Burlington & Quincy Railroad, via Aurora.

Dr. L. H. PRINCE, Resident Physician, was formerly Assistant Physician of the Illinois Eastern Hospital for the Insane at Kankakee.

The building is a massive, permanently built stone structure, with halls 150 feet long by 12 feet wide, and spacious rooms for the accommodation of patients.

The views from the building are pleasant and extended, ranging up and down the valley of Fox River, toward Geneva and St. Charles north, and Aurora south. The grounds, which embrace 20 acres, are private, quiet, and pleasantly shaded with evergreens and elms.

Connected with Bellevue Place are greenhouses, covering 40,000 square feet, with wide walks and ample sitting space, where patients may ramble at leisure, in sunshine, and protected from the cold of winter.

Nervous invalids, who are not insane, and those who occupy a border land between undoubted insanity and doubtful sanity, may here find needed rest, freedom from care, generous diet, healthful recreations and all appliances for curative treatment.

Incurable patients who for want of room cannot gain admission to State Hospitals, or those whose friends may prefer a less public place for them, may here find every essential comfort and all needed care.

Bellevue Place is arranged and fitted with special reference to the best care and treatment of patients whose friends prefer an institution of the private class, and is designed to combine the comforts of a rural, quiet home, with such treatment as ample experience and able counsel can suggest.

Insane patients who are habitually noisy, violent or destructive are not admitted.

All correspondence in reference to patients should be addressed to

FORMULA No. 1.
Eucalyptus Globulus
Eucalyptus Resinifera.
Horehound Herb
Elecampane Root
Liquorice Root.
Comfrey Root.

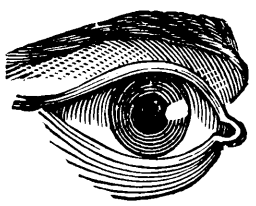
Addition of (Squibbs) Muriate of Ammonia 2 grains to the drachm.

No. 2 is precisely the same, excepting that the Ammonia is left out and the Acetate of Morphine added in proportion of one thirty-second of a grain to the drachm.

Prepared expressly for Physicians in the treatment of Pulmonary diseases and containing in addition to the Syrup Compound, the Muriate of Ammonia in No 1, and the Acetate of Morphine in No 2 (For example, No 1 contains no *Morphine*. and No 2 does not contain *Ammonia*). See formulas

It has proven very valuable in Coughs from colds, and is especially good where there is Bronchitis or tightness of the chest from Pneumonia or other diseases of the lungs It has antiseptic properties that are valuable, it is efficacious in certain stages of Consumption, and has an ameliorating effect in Asthma Our No 1 is flavored by a superior extract of Orange Peel (sweet), which disguises the taste of the Ammonia, is very palatable and readily taken by children or adults. It has no effect on a weak stomach and has met with universal favor. Packed in quarts, Price $1.67.

Tyndales Pure Oil of Eucalyptus. Containing a high percentage of Eucalyptol, is produced by us in Australia and particularly adapted to purposes requiring the best Medicinal effect. Packed in half ounce packages, Price 50 cents.



Tyndales Eucalyptus Ointment, and Ointment base. A combination of the pure oil of Eucalyptus (Eucalyptol) and the best white Petrolatum. To which may be added other valuable ingredients. In itself a valuable combination and affording the Physician an opportunity to make his own ointment with a reliable base. It will combine readily with Sulphur. Iodine, Bromine, Camphor and Carbolic Acid, and will keep any length of time in any climate without becoming rancid. Packed in pound packages, (16 ounces), price One Dollar.

These preparations are justly termed "Good in every particular," by a large number of the medical profession.

Boothby Surgical Hospital

1 and 3 Worcester Sq., Boston, Mass.

Since its establishment in March, 1889, every endeavor has been put forth to make this a model private hospital.

Our aim is to have it conducted on strictly scientific principles, and every effort is made to have the whole house aseptic by cleanliness, and the use of antiseptics when required. We claim for it all the advantages of the public hospital, with the privacy and freedom of home. All surgical (except contagious) cases of both sexes are received. Electricity is used in many gynecological cases, especially uterine fibroids, and during convalescence from operation. Personal attention is given to the care of patients after operation.

Nervous Department.

Induced by a constantly increasing demand, facilities have been provided at No. 3 Worcester Square for the care and treatment of this class of cases. The building has been entirely refitted for this purpose, avoiding, so far as consistent with the best sanitation, every traditional appearance of a hospital, and seeking to give it as home-like an air as possible. The latest and most approved electrical apparatus has been secured, and no means will be neglected to insure to the patient the treatment best suited to the case.

This department has been placed in charge of Dr. Frank C. Richardson, who will give his personal attention to the application of electricity and the general management of patients.

DIRECTIONS

For Taking the Measure of a Leg for Elastic Stockings for Varicose Veins.

Measure around the limb accurately with a tape measure at the points corresponding with the dotted lines on the cut, and place the number of inches around opposite the dotted lines. In hose to go above the knee send the measure from the bottom of foot to No. 5, and from No. 5 to as high as it is wanted to go. Give the exact measure of the limb—we allow for pressure. All goods made from the best material.

Manufactured by TIVEY & CO.,

Dr. J. R. DEANE, Proprietor,
Newton Highlands, Mass.

THE TOLEDO MEDICAL COMPEND, Toledo, Ohio.

Dr. Tuholske's Private Surgical and Gynæcological Hospital.

This Hospital has been specially designed and built for the care of patients requiring surgical or gynæcological treatment, and it is believed that so far as sanitary conditions, ventilation, light and heating are concerned, this Institution will compare favorably with the best in the land. The rooms are nicely and cosily furnished, the cuisine equals that of first-class hotels, the nurses are thoroughly trained, competent and required to be affable, gentle and attentive. Patients will find in this institution the comforts, and if desired, the luxuries of a home combined with the quiet, seclusion and trained nursing, such as one finds in hospitals only, and the security which comes from the knowledge of being under the direct and personal care of the Surgeon.

The Institution is centrally located on N. E. Cor. Jefferson Ave. and Locust St., St. Louis, Mo.

DR. H. TUHOLSKE, Surgeon in Charge. MRS. FLETCHER, M. D., Superintendent Nurse.

WM. P. BALLANCE, M. D.,

84 Dover St., BOSTON, MASS.

OFFICE HOURS:

9 TO 12 A. M. 2 TO 4 P. M.
6 TO 8 P. M.

SPECIALIST . . .
in Diseases of Women, Nervous System, Heart, Stomach and Urinary Organs of both sexes.

SPECIFIC AND CHRONIC DISEASES.

I beg to call your attention to my present address, and to offer my professional services. To such as apply, I promise intelligent and careful treatment, without any of the tricks and subterfuges of the Quack.

I am a REGULAR GRADUATE in MEDICINE of almost 20 YEARS standing; the INSTITUTION of which I am a graduate is among the oldest and most honored in the land, and my EXPERIENCE has been VARIED and AMPLE, and I have largely devoted myself to the treatment of a special class of diseases, which in a large number of cases find their way to the offices of the Charlatan and Quack, and to sufferers with DISEASES PECULIAR TO WOMEN, Nervous System, Heart, Stomach and Urinary Organs (both sexes), Specific and Chronic Diseases in all Stages, I promise a Treatment, made up from the Best of all Systems, regardless of the special teachings of any special School, and using for the most part, remedies (some new and some old) of my own devisIng and combination.

I feel warranted by my success in the past, in promising to ALL, benefit, and in very many cases, Positive and LASTING CURES.

All consultations are strictly private and confidential, and my fees are fairly moderate, being within the range of the fee bill of Massachusetts Medical Society.

Very Respectfully,

WM. P. BALLANCE, M. D.

N. B. I seek an intelligent and appreciative clientage.

The National Medical Exchange.

CHICAGO OPHTHALMIC COLLEGE, 607 W. Van Buren St., a School of Applied Ophthalmic Optics and Ophthalmology for Physicians and Opticians. The Oldest of its kind in America. H. M. MARTIN, M. D., Prest. See page 1369.

MEDICAL AUXILIARIES

Administered only under the intelligent guidance of the Medical Faculty, such as

MASSAGE AND RATIONAL MEDICO-GYMNASTICS.

Also Portable Dry Hot Air, Vapor and Other Medicinal Baths at Patients' Homes.

NEW YORK SCHOOL OF TRAINING FOR MASSAGE,

78 West Forty-Sixth Street, Cor. Sixth Avenue.

FIRST ESTABLISHED IN 1862.

References (on application) of the very highest order to eminent physicians and lay people.

Skilled Male and Female Operators Supplied to any part of the City or Country on the Shortest Notice.

The purpose of these schools is:

1. To counteract, as far as possible, the ill effects produced upon the public mind by Massage and so-called Swedish Movement "cure" charlatans, whose incompetency and presumption have gone far to disgust the medical profession and to mislead others in regard to the real therapeutical advantages of the art.
2. To put into this field of auxiliary usefulness a class of systematically trained male and female operators of good moral character and possessing all the NECESSARY requisites of health, disposition, physique and training. A certificate of qualification is granted to successful graduates by the Instructor, and signed by not less than two medical men, constituting a Committee of Examiners.
3. To offer advantages to ladies and gentlemen desirous of acquiring some knowledge of the art themselves for use in their own families, or for having their maids or valets taught.

EDWIN T. OSBALDESTON, Instructor.

Formerly Surgeon *S. S. McGregor* and *Micado*, of the Australian Pacific Mail Company's service.

MISSES

M. MEIKLE AND E. L. CHURCH

Graduates of Bellevue Hospital, T. S. F. N., '79, beg to announce to the medical profession that they are prepared to receive a limited number of patients in their home No. 28 Beekman Place, New York City.

Surgical cases preferred, although medical ones—non-contagious—especially rest cures, are received.

The sanitation of the house is perfect. The locality exceptionally quiet and airy. The rooms large and furnished especially with a view to sanitary surgical nursing. Walls painted throughout the house; no plumbing in bedrooms; rugs on floors.

The best professional nursing will be given patients, while a special effort is made to abolish the characteristics of hospital life, to many so repugnant, and to provide those refinements, and the attention to individual preferences ladies are accustomed to receive in their own homes, and miss so keenly in ordinary hospital care. For terms, etc., address

MISS M. MEIKLE,

28 Beekman Place, NEW YORK, N. Y.

Upjohn's Friable Pills. MOST ELEGANT AND SOLUBLE PILL COATING EVER DEVISED.

SPECIAL COURSE ON THE AFFECTIONS OF THE EYE AND EAR,

By FLAVEL B. TIFFANY, M. D., Professor of Ophthalmology, Otology and Histology in the University of Kansas City, and Oculist and Aurist to All Saints' and German Hospitals.

THIS course begins the first Monday of each month and closes the last Saturday of each.

This course of study is intended to meet the wants of the general practitioner, who not only wishes to rest for a time from the routine work of practice, but also to add to and refresh his knowledge on these special subjects — subjects which, perhaps for want of time and opportunity, were more or less neglected during his college days. It is also intended as a preparatory course for him who wishes to make a specialty of the affections of the eye and ear.

During each term special attention will be given to instruction in the use of the Opthalmoscope, Otoscope, Perimeter and Optometer, affording each student an opportunity of familiarizing himself with the use of these instruments in the diagnosis of the different affections of the eye and ear.

Two hours of each week will be given to the working out of the anomalies of Refraction and Accommodation.

During the term an opportunity will be afforded each member of the class for making some of the minor operations on the living subject, while a considerable degree of skill through practice upon the pig's eye in the phantom may be acquired by each student in making many of the capital operations.

Tuition, including certificate, $50.00. **1235 GRAND AVENUE, KANSAS CITY, MO.**

CHICAGO OPHTHALMIC HOSPITAL, 607 W. Van Buren St., having First-Class Accommodations for the Medical and Surgical Treatment of all Eye, Ear and Throat Diseases. Correspondence Solicited. H. M. MARTIN, M. D., Pres. See p. 1369.

Private Hospital.

I Have Opened at

800 LYDIA AVENUE,

KANSAS CITY, MO.

A thoroughly well equipped and conveniently arranged **Private Hospital,** for the treatment of surgical and allied diseased conditions. The building is thoroughly heated with steam, and ventilated throughout. The rooms are large, airy, well-lighted and cheerful in every way. The Operating room is so constructed as to get absolutely pure air, heated and moistened to any degree that may be desired. The whole air in the room is changed every two minutes; hence, no odor from anesthetics, or other vapors, or exhaled air in any way. Having my office in the same building, I am enabled to give personal supervision to every case. The nursing and management is in charge of SISTER ISABEL, so well and favorably known in connection with All Saints' Hospital. A corps of thoroughly trained nurses in attendance night and day.

GEO. HALLEY, M. D.

GROWS HAIR ON BALDHEADS.

NO HAIR, NO PAY.

M. A. TODD'S VEGETABLE HAIR TONIC.

Headquarters for Treating The Scalp.

BUFFALO, N. Y., U. S. A.

LADIES and GENTS! Call and be treated for the following diseases of the Scalp:—Baldness, Hair Falling off, Dandruff, Itching Scalp, Scab and Scurf, and Dryness of the Hair. **CONSULTATION FREE.**

To all Whom it May Concern:

I take great pleasure in recommending to the public, M. A. Todd's Vegetable Hair Tonic. I have used it for Dandruff and Itching Scalp and find it entirely satisfactory in every respect.

MRS. C. G. BUCHANAN,
College of Commerce,
327 Washington St., Buffalo, N. Y.

BUFFALO, N. Y., July 20, 1891.

I have used two bottles of M. A. Todd's Vegetable Hair Tonic and find it has done all he claims for it. It has stopped my hair from falling out and cleansed my scalp entirely of Dandruff. It is the finest thing I have ever used.

DIFFUSIBLE TONIC —The Guaranteed Specific for— Typhoid Fever. PAGE —811.—

DR. B. A. HOLLENBERG,

Cancer Specialist,

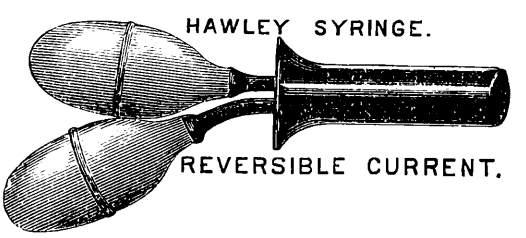
214 E. FOURTEENTH STREET,

NEW YORK CITY.

NO KNIFE! NO OPERATION! NO RETURN!

My method for the treatment of Cancer spares the patient the anxiety of dangerous operations, by which no good results are obtained. My cures are speedy and successful.

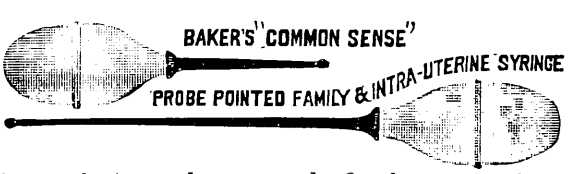
TESTIMONIALS AT MY OFFICE.



B. A. HOLLENBERG, M. D., Cancer Specialist.

THE ONLY

Perfect Female Syringe



ever offered to the profession or the public.

UNIQUE IN PRINCIPLE, MECHANISM, OPERATION AND EFFECTIVENESS.

An entirely new principle. Volume exchanged for velocity and force. A reversible, interchangeable, washing current established between two flexible bulbs. Guaranteed to do more cleansing in three minutes with three ounces of water than any other female syringe can do in one hour with an unlimited quantity of water. No soiling of person or clothing. No wasting of medication. No Progressive Medical Man can afford to be Without One.

PRICE, $3.00.

This Syringe supplies a want long felt by the profession for something entirely safe to use in treating the internal uterus, and that can be conveniently guided and worked with one hand. For injecting and ejecting fluids, saturating prepared cotton, or blowing powder, it is unique in its work. For cleansing and medicating the internal uterus, deep wounds, fistulas, cysts, abscesses, the throat, the ear, the nose, the bladder, the urethra and piles, it has no equal. It is impossible for the probe point to injure, or even irritate the most delicate membrane. By placing the pipe over a steam jet it can be bent into any desired shape. For safety, convenience, effectiveness, durability and cheapness this syringe will commend itself to the practical good sense of every Physician and Nurse.

Price, prepaid by mail, 7-inch Pipe, $1.25. 3-inch Pipe, 75c.

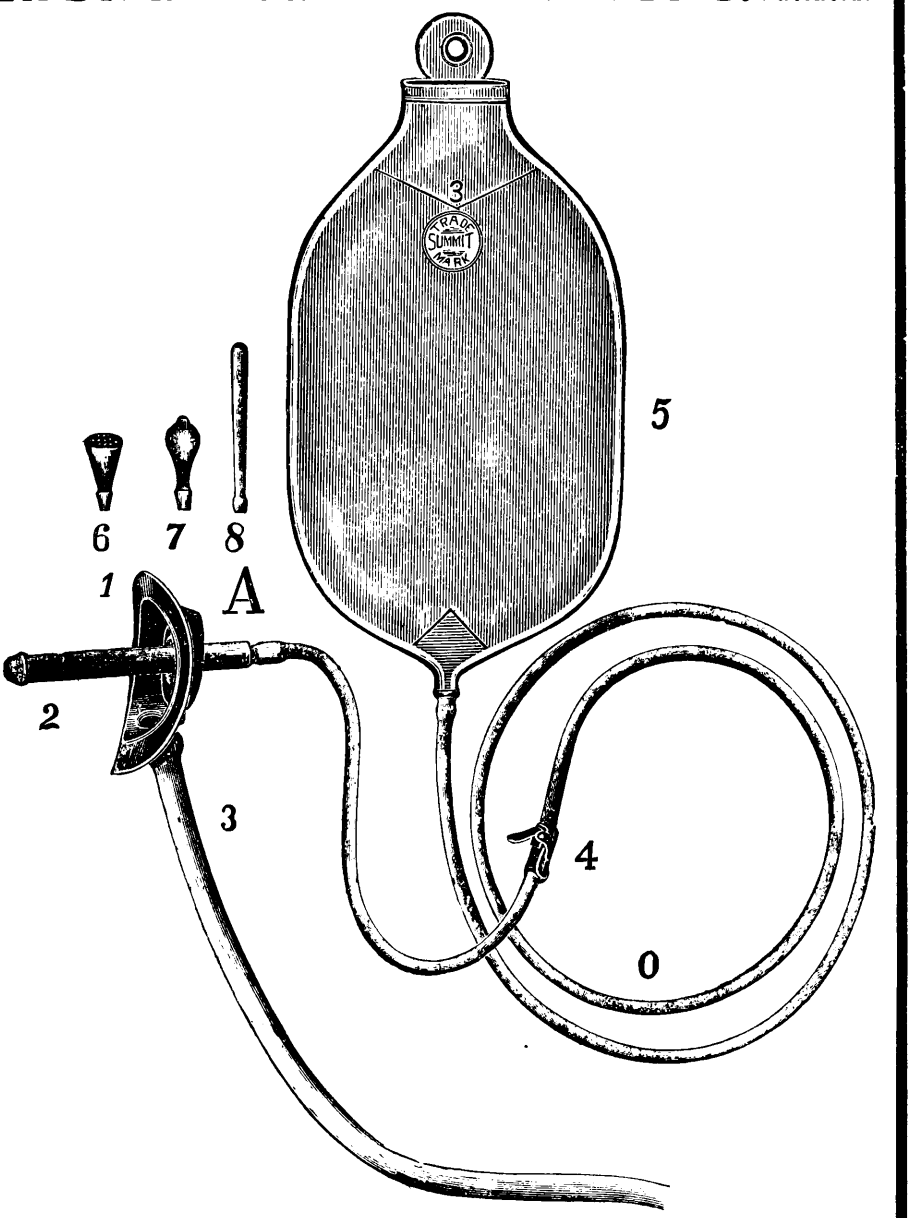
TELESCOPES. THE GUNDLACH OPTICAL CO., Rochester, N. Y., MAKE A COMPLETE 3-INCH TELESCOPE for One Hundred Dollars. Send for Catalogue.

TRIMBLE WHISKIES.



Mean and adulterated drinks supply temperance fanatics with their most powerful arguments, and if it were possible to abolish the manufacture and sale of these abominable concoctions, there would be little need for high license for the restriction, much less for local option laws for the prohibition of the traffic The maker and dealer in pure, sound liquor is a real benefactor and friend, supplying thousands with the means of maintaining health, strength and courage to enjoy life, and overcome its ever-recurring cares and difficulties. Such a house is that of **Messrs WHITE, HENTZ & CO., 222 and 224 North Second St., Philadelphia,** the well-known proprietors of **Trimble Whiskies.** The latter has had enormous sales during the past years, and has proved itself to be all claimed for it—a bland, ripe and delicious whisky that has few equals—the favorite with bon vivant and medical practitioner alike.

FOOTE'S NEW SYRINGE and URINAL FOR LADIES. Patented.

A new and ingenious device, perfect in design and operation. It has met with universal approval from Physicians and is in use in the principal hospitals of New York.

Letter A represents the syringe with the movable irrigating tube passing through a soft rubber packing in the top of the shield, arranged for a syringe, and showing all the attachments.

No. 1. The Shield.
No. 2. The Irrigating Tube.
No. 3. Large Waste Pipe.
No. 4. Stop Cock.
No. 5. Large Rubber Fountain Bag.
No. 6. Eye Spray.
No. 7. Nose and Ear Douche combined.
No. 8. Rectum Tube.

The Shield can be used as a plain urinal, for the very sick in bed without the fountain bag, by substituting a cork in place of the irrigating tube. The patient need not be lifted at all. The urinal will work perfectly on females of any age, keeping the bed clothes clean and dry. This can be sold separately. The Syringe and Urinal will be sent, charges paid, by mail or express, securely packed, to any part of the United States or Canada, on receipt of the price, $5.00, money order or draft on New York.

Price, $5.00. **The B. F. GOODRICH CO., Sole Manufacturers, AKRON, OHIO.**

"CONSUMPTION." EPHRAIM CUTTER, M. D. JOHN A. CUTTER, M. D., 120 BROADWAY, NEW YORK.

THE GENERAL PRACTITIONER.—A Book for Ready Reference.

By Dr. Th. Strehz, Central Music Hall, Chicago, Ill. PRICE, $3.50.

OPINIONS OF THE PRESS:

In a recent number of your Journal there appeared a notice of "The General Practitioner," by Dr. Th. Strehz. Having examined the work somewhat critically I feel impelled to state that no compend of medicine has appeared equal to the work of Dr. Strehz IN EXACTNESS OF SCHOLARSHIP, COMPLETENESS, BREVITY AND CLEARNESS. It is original in design and arrangement, and to any one interested in medicine will afford a readily available fund of information concerning all departments of the healing art.—H. AMERICA.

This work is a veritable compendium of the science of medicine; the entire science, as it were, in a nutshell. We have never yet seen so much in so little space. * * * * * The treatment of each topic is concise but thorough and authoritative. The arrangement of the diseases is alphabetical and the indications for single and direct remedies given in an unusually lucid manner. * * * * * —MEDICAL TIMES.

This is a most unique and wonderful little medical encyclopædia, embracing nearly all the diseases of the art, with their several definitions, symptoms and causes. It contains an immense fund of condensed general information in convenient space, and is, all in all, a peculiar book, both for its style and usefulness.—THE SOUTHERN CLINIC.

This is a condensed and very intelligent view of the information required by the practitioner of medicine. * * * * * This work embodies much research and will amply repay a close study on the part of the medical man.—MEDICAL WORLD.

CHICAGO OPHTHALMIC COLLEGE, 607 W. Van Buren St., a School of Applied Ophthalmic Optics and Ophthalmology for Physicians and Opticians. The Oldest of its kind in America. H. M. MARTIN, M. D., Prest. See page 1369.

The Banchoreion of the State of New York.

Organized, 1875. Chartered, 1878.

AFTER being in domicile for the past seven years with the Choreion of Buffalo, this Banchoreion was recently recalled to its old domicile with the Choreion of Manhattan, in the City of New York, and its charter has been modified so as to include seven different Bodies. In order to accomplish this, the Board of Managers dissolved its civil incorporation, February 4th, 1893. It will be reincorporated forthwith. The said seven Bodies are : The Druidic Gonsedh of the State of New York, The Lyceum Magnum of the State of New York ; the two Bodies composing the Choreion of Manhattan, viz : Cadair Manhattan and the Lyceum of Manhattan ; the ancient Druidical Order of Senæ (Druidesses); Pendragon Conclave and Hercules Conclave, "of the Arthurian Order of Druids," both of New York City. For further information apply to

PEPPER WHISKY

Distilled only by JAMES E. PEPPER & Co., Lexington, Ky., under the same formula for more than 100 years, is the best and purest in the world, and genuine only when bearing our signature thus: Our own bottling at the

Jas. E. Pepper & Co.

distillery, aged under our personal supervision, is genuine only when bearing our unbroken signature, as above, across the stopper. Sample case sent on trial. If not perfectly satisfactory it can be returned to us and money will be refunded. The public is cautioned against imitation and refilled bottles. Genuine Pepper Whisky is the Best in the World. Jas. E. Pepper is the only one bearing the name of Pepper, who has been engaged in the Distillery Business in this country for more than 20 years, therefore any whisky offered as Genuine Jas. E. Pepper Whisky is fraudulent, unless distilled by Jas. E. Pepper & Co., Lexington, Ky.

Topeka Vacuum Cure,

Established 1890, By DR. W. C. FRANCIS, Vacuum Specialist,

FOR THE CURE OF NERVOUS AND CHRONIC DISEASES.

Particular attention given to the treatment and cure of **Paralysis, Chronic Congestions, Inflammations, and any atrophy of the Nerve and Muscle Tissues.**

In ALL chronic cases, the patient's circulation has become imperfect; the blood more or less stagnant and coagulated, in places, or entirely clogged. and the red corpuscles absorbed by the system, liquid serum remaining to, in time, become jellied and fibrous. My experience is, that 5 per cent. of chronic cases are in this condition, to a greater or less degree; a condition that no form of medicinal, electrical or mechanical treatment, **other than Vacuum Treatment,** can possibly cure; and then only by one skilled in this practice.

I invite the attention of Medical men of all schools, and students of the art and science of healing disease and relieving physical suffering, to this phase; and too, to the *fact*, that I have removed fully fifty ounces of liquid and jellied serum, together with some thirty blood clots, from the veins along the spine of one patient, who was slowly dying of a starvation of the nerve and muscle tissues of the nerve centers, and therefore, generally.

From another "*incurable*," sixty-four years of age, I took some two ounces of serum, liquid and jellied, and a blood clot fully one and a quarter inches in length, by a full half inch in width, and a quarter deep at the thickest part; the mass being very tough and chicken-liver like. His immediate, rapid recovery was phenominal.

I treat no infectious or contagious disease, but do remove their after effects; as in Scarlet Fever, La Grippe, Etc., even after the case has been long chronic.

Physicians having cases of this kind, or any form of Paralysis, Atrophy, Spinal Irritation, Incipient Insanity, or Chronic Kidney Disease, are cordially invited to accompany their patients and watch the cure. No physician should make the *mistake* of supposing Vacuum treatment is as simple, or its practice as inexpensive, as it appears. Successfully followed, as a profession, it is not only hard and complicated, but expensive of both money and time; too much so for use in general practice, but should enter Institute, Sanitarium and Hospital practice. There is no literature on the subject of Vacuum treatment, therefore, those desiring to study the practice can do so, thoroughly, only by entering the office of a **successful** practitioner; consequently, the dense ignorance of physicians, in general, upon this subject. I possess neither lance nor other surgical appliance. My treatment is mechanical, and so positive its effects in the cure of Paralysis, as treated by me, that to the uninitiated it seems impossible; yet, of all who come, I hold 75 per cent., a large percentage indeed, when their old, chronic state is considered, and the times they have met with disappointment elsewhere. In time, each becomes an enthusiast too, for I cure after all others have failed. Given one spark of vitality, I will fan it into a flame of life and health. Those who may disagree with me on sight, will kindly bear in mind: It is not what a man thinks, but what he knows, and the way he uses the knowledge, that has intrinsic value. Yours for Progress,

301 W. 6th Avenue, TOPEKA, KANSAS. **W. C. FRANCIS.**

NOTE TO PHYSICIANS:—In July, 1887, I fell a distance of fourteen feet, striking my back on a projection of solid rock, cracking the pelvis bone of the left hip, contusing the spine, spinal marrow and cerebellum, and sustaining an hemorrhage of the brain. At the end of two years' most scientific medical treatment I had become reduced to ninety pounds of helplesss, hopeless bones, semi-delirous all the time, and frequently wild from congestion of marrow and brain and supersensitive state of enlarged joints. Vacuum treatment took me out of bed in six months, and, as near as am able to learn, no like feat has ever been accomplished. Your standpoint is medical; mine mechanical; and interchange of experiences cannot but be mutually profitable.

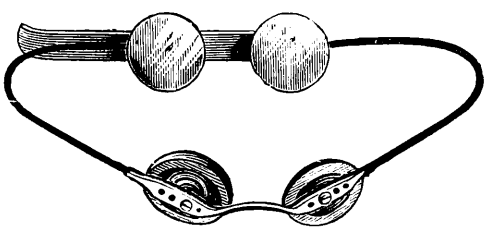
PRIVATE • HYGIENIC • RETREAT

FOR LADIES.

Established, 1885.

JAMAICA, L. I.



New York Avenue. Near Brooklyn, N. Y., Cars to city every ten minutes.

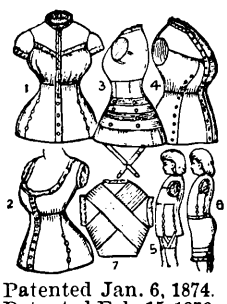
E. B. WILSON, Superintendent.

Attending Physicians: Philip M. Wood, M. D. (R.), Clinton A. Belding, M.D. (H.), of Jamaica.
Consulting Physicians: H. G. Small, M. D. (R.), Walter S. Terhune, M. D. (H.), of Brooklyn.

SPECIALISTS IN WOMEN'S DISEASES AND NERVOUS AILMENTS.

"THE RETREAT" is delightfully situated—a large, well-appointed, private country house, entirely surrounded by its own fruit and pine-wooded grounds, where ladies needing **rest** and **quiet** may enjoy the comforts and privacy of a liberal and refined home, either WITH or WITHOUT special care or medical treatment. **Cuisine and attendance are unexceptionably good.** Best arrangements made for **LYING-IN PATIENTS.** Correspondence from Physicians respectfully invited. Reputable Physicians may attend their own patients.

Klingler's "American" Truss.



The Safest and Most Comfortable Radical Cure Truss in use. Send for Circulars and Testimonials. Satisfaction warranted to physician and wearer.

I have examined and seen the practical working of the "American" Truss, as made by Mr. H. Klingler, and I am satisfied as to its great merits. In several cases, under my observation, it has efficiently retained the hernia, when trusses of other well known makers failed, and I highly recommend it to the medical profession.

FLYNT WAIST, or TRUE CORSET

Patented Jan. 6, 1874.
Patented Feb. 15, 1876.

No. 1 represents a high-necked garment. No. 2 a low-necked one, which admits of being high in the back and low front. No. 3 is to illustrate our mode of adjusting the "Flynt Hose Support" each side of the hip; also, the most correct way to apply the waistbands for the drawers, under and outside petticoats and dress skirts. No. 4 shows the Flynt Extension and Nursing Waist, appreciated by mothers. No. 5, the Misses' Waist, with Hose Supports attached. No. 6, how we dress very little people. No. 7 illustrates how *the warp threads of the fabrics cross at right angles in the back*, thereby insuring in *every waist* **the most successful Shoulder Brace ever constructed.** It is universally indorsed by eminent physicians as the most Scientific Waist or Corset known. **THE FLYNT WAIST** is the only garment manufactured where the material of which it is made is **shrunk** before cut; the only one which in its natural construction contains a **SHOULDER BRACE** which supports the bust from the shoulders, and (so essential to large girls or women) thereby overcomes the objectionable abdominal development. The Flynt Waist, fitting superbly, permits that most desirable grace of motion possible only with perfect respiration gained by freedom from compression. For singers, actresses, teachers, or pupils of elocution or physical exercise, for equestrians or invalids, for every girl or woman, the Flynt Waist is unequaled. Thousands of ladies, whom we have fitted by mail satisfactorily, are constantly blessing its inventor.

☞ Our "Manual," containing 48 pages of reading matter relating to the subject of Hygienic Modes of Under-Dressing, **sent free** to any physician or lady, on application to

CHICAGO OPHTHALMIC HOSPITAL, 607 W. Van Buren St., having First-Class Accommodations for the Medical and Surgical Treatment of all Eye, Ear and Throat Diseases. Correspondence Solicited. H. M. MARTIN, M. D., Pres. See p. 1369.

Instruments for Electricity in Medicine and Surgery.

FLEMMING'S FARADIC BATTERIES, with rapid and slow interrupted Induction Currents.

GALVANIC CELL BATTERIES. — Batteries, combining both the Faradic and Galvanic Currents.

CAUTERY BATTERIES. — Flemming's Universal Batteries, combining Cautery-Galvanism and Induction.

STATIONARY AND CABINET OFFICE BATTERIES.

All Forms of Electrodes.

For simplicity and novelty of construction and solid workmanship, combined with elegance in appearance, these instruments stand without rivalry. They are used and indorsed by high medical authority throughout our own and foreign countries, and are officially adopted by our U. S. Government as the most perfect.

ADDRESS

FRANK K. ASHLEY, Vice-President, P. O. Box 929, Pittsburgh, Pa.

THE NEW YORK INSTITUTE OF MEDICAL SCIENCE,

247 West 49th Street, NEW YORK CITY,

Includes the following incorporated Schools: New York College of Midwifery, incorporated 1883; Woman's Infirmary and Maternity Training School, incorporated 1884; New York College of Massage, incorporated 1888. The charter of each is approved by the Supreme Court, filed in the office of the clerk of the City and County of New York and endorsed by the Secretary of State at the Capitol in the City of Albany. The instruction and lectures are in English, German and Italian, with dispensary and hospital practice. The faculty consists of ten regular physicians, professors of the several branches taught. Each school being separate issues its own diploma to the successful student. Circulars giving full information free by mail.

"J. C. Schnoter's Knitted Suspensories"

Are the only perfect Suspensory Bandages in the world. The bag is seamless, being elastic is easily adjusted, thereby rendering solid comfort to the wearer. To guard the public against prevailing "Imitations," we have placed a pink label in every one of our bandages, which reads as follows:

CAUTION:

As a protection against parties who are putting inferior goods on the market, fraudulently representing them to be the celebrated "Schnoter Suspensory Bandages," this label is put in every box of the genuine andoriginal SCHNOTER Bandages. See that the inventor's initials, J. C., before the name of SCHNOTER, are on every box and bandage. None are genuine without the initials "J. C." All Others are Poor Imitations. For sale at all Druggists' throughout the United States.

"CLINICAL MORPHOLOGIES OF BLOOD, SPUTUM," ETC, Drs. Ephraim Cutter & Son, 120 BROADWAY, NEW YORK.

PATRONIZE AMERICAN INDUSTRY.

"VIRGIN OLIVE OIL."

Pressed from the fruit of the olive tree, and GUARANTEED to be ABSOLUTELY PURE. Pressed—with scrupulous regard to cleanliness—filtered and packed in the most careful manner for shipment to any part of the world. One dozen quart or two dozen pint bottles in a case; also packed in half cases. Mill open at all times, where the whole operation of grinding, pressing, filtering and packing can be seen. "Freestone" Pickled Olives in 3, 5, 10, 25 and 50 gallon packages, "Virgin Olive Oil," or Pickled Olives, can be had direct from

FRANK A. KIMBALL'S OLIVE OIL WORKS,

Eighth Avenue and Twenty-fourth Street, NATIONAL CITY, CALIFORNIA.

BURNHAM'S ASEPTIC ABSORBENT COTTON LINT.

Patented Sep. 15, 1891. Other patents pending.

The modern method of treating wounds requires an amount of ABSORBENT dressing more than sufficient to absorb the discharged fluids. The material must be PERFECTLY ASEPTIC. And it must be cheap. This material is more absorbent of blood, pus, sero-purulent and muco-purulent fluids than is the ordinary absorbent cotton, because of the intermingled bits of thread and the peculiar, twisted-together formation of portions of the fiber, which furnish channels into the substance of the dressing, whereas the fine fiber of the ordinary absorbent cotton allows a glazing of the surface first exposed to the discharges, thus rendering the bulk of the cotton useless.

The perfect asepticism of BURNHAM'S COTTON LINT is ensured not only by its prolonged exposure to live steam in the Bleaching Bath, but also by its final subjection for several hours to a dry heat of 250° F, after it has been rolled up and sealed in packages. BURNHAM'S COTTON LINT, besides being better, is cheaper than any other Absorbent Cotton. For midwifery uses its great advantages are equally apparent. Samples will be sent free to any applicant.

PRICES—In one pound packages, 40 cents, by mail, post-paid; or with sterilized absorbent gauze, sufficient for thirty pads, 60 cents. Special rates for Hospitals and for large orders.

L. T. BURNHAM, Manufacturer, Waltham, Mass.

FOR TERMS, ADDRESS **DR. J. J. THOMPSON,**
70 STATE ST., CHICAGO, ILL.

DROPSY

Positively Cured with Vegetable Remedies.

Have cured many thousand cases through the U. S. and Canada. Cure patients pronounced hopeless by the best of physicians. From first dose of medicine the symptoms rapidly disappear, and in ten days at least two-thirds of all symptoms are removed. Thirty to sixty days to effect a permanent cure. **Ten Days' Treatment Furnished Free** in order that the patient may realize the great merit of our treatment before paying out any money. Under this proposition, can any person be wicked enough to cry humbug? If you order ten days' treatment, give a full history of the case, and send ten cents in stamps to pay postage. No medicine will be sent unless name of patient is given. Send for free book containing testimonials of miraculous cures, questions, etc.

THE DRAKE SANITARIUM

HYDE PARK, DES MOINES, IOWA.

FOR THE
TREATMENT
AND
CURE
OF
CHRONIC
AND
SURGICAL
DISEASES.

CHRONIC DISEASES. The Sanitarium is well equipped with everything necessary for the successful treatment of all chronic diseases, including Rupture, Cancers, Rheumatism, Asthma, Hysteria, Dyspepsia, and numerous other diseases having their origin in the sympathetic nervous system. The central lesion is usually the generative system, and in all these cases the lower orifices become involved, on account of their close contiguity to the other organs, and through the action of the sympathetic and spinal nerves. It is this class of complicated cases that we solicit and are so well qualified and prepared to treat.

BATHS. The Bath Rooms have been arranged with special reference to the comfort and requirements of the patients, and are unsurpassed in point of furnishings and fittings for the purpose. Here are given the Thermo-Electric, Medicated, Vapor, Turkish, Mineral, and plain baths and massage. The best operators and masseurs are in charge of this department, under our immediate supervision.

ORIFICIAL SURGERY A SPECIAL FEATURE.

THE ROCHESTER, N. Y.,

Electro-Technic Institute.

Physicians qualified in the Scientific use of Electricity in the treatment of every known disease. We keep fully up with the times in our specialty.

A Scientific Novelty and Great Addition to the Science of Applied Medicine.

By this mechanism, air is forced from the blowing bulb, which is clasped by the right hand, to the bottom of the reservoir containing the medicine to be used, and by a system of suction and injection is thoroughly mixed and impregnated with the properties of the remedy, and then forced through the nose-piece held by the left hand into and throughout the cavities of the head, throat and lungs, opening and expanding obstructed cavities, tubes and sinuses, dislodging mucus and folicular secretions, and **Medicates the Entire Tract.**

It is apparent, from the adjoining diagram of the air passages and cavities of the head and throat, that medicines snuffed, douched or inhaled, do not reach No. 3, the frontal cavity; No. 4, Lachrymal Canal, leading to the eye; No. 5, Ganglionic Nerve; No. 1, Sphenoid Cavity, or No. 2, Eustachian Tube, leading to the inner drum of the ear, the strongholds of Catarrh, but passes through No. 8, the Lingual Cavity, A, Larynx, to the Bronchial Tubes and Lungs.

CHICAGO OPHTHALMIC HOSPITAL, 607 W. Van Buren St., having First-Class Accommodations for the Medical and Surgical Treatment of all Eye, Ear and Throat Diseases. Correspondence Solicited. H. M. MARTIN, M. D., Pres. See p. 1369.

DEEP ◎ ROCK
• SPRING WATER. •

The popularity of this celebrated mineral water is attested by the increasing demand for it from all sections of the country. Whether on draught or as a beverage for table use, it excels all other mineral waters, and possesses important medicinal properties, which have brought it into high repute as a most valuable curative agent. DEEP ROCK is carefully put up in barrels and bottles (quarts and pints), and shipped to any part of the country. Patronage is respectfully solicited. All inquiries by letter promptly answered.

Fully warranted. Special terms to Boards of Health, and on large orders. In 1870 we introduced into America the practice of Animal Vaccination. Our establishment continued, uninteruptedly since, is by far the oldest, largest and best appointed in the country. Our Virus, hitherto the most expensive, can now be obtained by the profession at as low a price as any other.

No Virus Ours, Unless Package Bears the Fac-Simile of our Signature.

CATARRH CURED But Not FREE.

Many frauds and humbugs offer to cure catarrh free. I cannot do this, neither can any one else. But I will send free my treatise on catarrh and diseases of the throat, and a pamphlet full of testimonials of those who have been cured by my MEDICO-ELECTRO INHALER BATTERY. It is SUCCESSFUL and CURES CATARRH. Write me fully and freely, and I will soon satisfy you that I have a specific for this most distressing disease.

Dr. E. S. BURNHAM, 36 Genesee St., Buffalo, N. Y., and 720 Spadina Ave., Toronto, Can.

Upjohn's Friable Pills. DRY POWDER IN PILL FORM. PERMANENTLY SOLUBLE.

TERRALINE.

PURIFIED PETROLEUM, Odorless and Tasteless.

WHAT PHYSICIANS WHO USE IT SAY:

I have used your preparation of petroleum called Terraline in quite a number of cases of catarrhal affections of the respiratory organs, and can assure you it is a most useful and valuable remedy in all such complaints. My experience in general with it has been such as to induce me to recommend it to my professional friends.

Yours truly, B. SEGNITZ, M. D., 149 East 63d Street, New York.

My experience with Terraline has been most satisfactory, as results shown in all cases of pulmonary complaints treated with it demonstrate its superiority over any remedy hitherto tried. I have recommended it to my professional friends.

Yours truly, J. H. WHEELER, M. D., 319 54th Street, New York City.

I have used Terraline in cases of phthisis and debility, and am happy to say that both in adults and children I have observed the most satisfactory results. I believe it to be in every particular all you claim for it. MAX GUGENHEIM, M. D., 181 Eldridge Street, New York City.

No other preparation like Terraline. I have used it with best results in bronchial affections. It is with pleasure I recommend it to the medical profession.

W. H. McKINLEY, 157 West 26th Street, New York City.

For some months past I have been using Terraline in connection with Beechwood Creosote in bronchial and pulmonary complaints, and am much pleased with results. In the second stage of the peculiar broncho-pneumonia following La Grippe, I used it freely, and invariably with excellent results. BENJ. EDSON, M. D., 83 St. Mark's Avenue, Brooklyn, New York.

I have used Terraline in a case of chronic broncho-trachitis and in one of enlarged glands on the base of the tongue, and benefit was derived from its use in each case. The former, through its systematic effect. In the latter, through its soothing and emollient effect directly upon the enlarged and swollen glands. In these cases it should command particular attention.

J. H. CLARBONE, 10 East 28th Street, New York City.

I have used Terraline in my practice for a year, and can speak in the highest terms of it. It does not nauseate like Cod Liver Oil. It digests easily and causes no eructation from the stomach. I give it when the cough is heavy, tight and painful. It gives perfect satisfaction.

R. W. ST. CLAIR, M. D., 667 Willoughby Avenue, Brooklyn, New York.

Manufactured only by **THE TERRALINE COMPANY,**

BOVININE. The VITAL PRINCIPLES of UNCOOKED BEEF CONCENTRATED. See Adv., p. 12.

CELERINA

NERVE TONIC, STIMULANT AND ANTISPASMODIC.

FORMULA—Every Fluid Drachm represents FIVE grains EACH—Celery, Coca, Kola, Viburnum and Aromatics.

INDICATIONS.—Loss of Nerve Power (so usual with Lawyers, Preachers, Writers and Business Men), Impotency, Spermatorrhea, Nervous Headache, Neuralgia, Paralysis, Hysteria, Opium Habit, Inebriety, Dyspepsia and ALL LANGUID conditions of the System.

Indispensable to restore a patient after alcoholic excess.

DOSE.—One or two teaspoonfuls three or more times a day, as directed by the Physician.

ALETRIS CORDIAL

UTERINE TONIC AND RESTORATIVE.

PREPARED FROM THE ALETRIS FARINOSA OR TRUE UNICORN.

INDICATIONS.—Amenorrhea, Dysmenorrhea, Leucorrhea, Prolapsus Uteri, Sterility, to PREVENT Miscarriage, Etc.

DOSE.—One teaspoonful three or four times a day.

Unrivaled as a Uterine Tonic in Irregular, Painful, Suppressed and Excessive Menstruation.

It Restores Normal Action to the Uterus, and Imparts Vigor to the Entire Uterine System.

Where Women have miscarried during previous Pregnancies, or in any case where miscarriage is feared, ALETRIS CORDIAL is indicated, and should be continuously administered during entire gestation.

S. H. KENNEDY'S

CONCENTRATED EXTRACT OF

PINUS CANADENSIS

DARK. **A NON-ALCOHOLIC LIQUID.** **WHITE.**

A most Valuable Non-Irritating Mucous Astringent.

INDICATIONS.—Albuminuria, Diarrhœa, Dysentery, Night-Sweats, Hemorrhages, Profuse Expectoration, Catarrh, Sore Throat, Leucorrhea, and other Vaginal Diseases, Piles, Sores, Ulcers, Burns, Scalds, Gonorrhea, Gleet, Etc.

When used as an Injection, to avoid Staining of Linen, the WHITE Pinus should be used.

RECOMMENDED BY PROMINENT EUROPEAN AND AMERICAN PHYSICIANS.

The above preparations are prepared exclusively for Physicians' Prescriptions, and a sample of each or all of them will be sent to any Physician who wishes to test them, if he will pay the Express Charges.

For Relief from LITHÆMIA, BRIGHT'S DISEASE and other CHRONIC AFFECTIONS, END PATIENTS NEEDING REGULAR LIFE to THE JACKSON SANATORIUM DANSVILLE, NEW YORK. ☞ SEE PAGE 11.

New York Post-Graduate Medical School and Hospital,

222-230 East 20th Street, NEW YORK CITY.

Incorporated by Special Act of the Legislature of the State of New York.

FOR PRACTITIONERS OF MEDICINE EXCLUSIVELY.

ELEVENTH YEAR SESSIONS OF 1892—93.

This school was founded by members of the Post-Graduate Faculty of the University of the City of New York, and was the first institution in the United States to present a systematic system of clinical instruction for graduates in medicine. All the Lectures are Clinical. It is a place of instruction, in which the practitioner, by actually handling the cases under the guidance of the Professors and Instructors, may learn the use of instruments for examination and treatment and observe the effects of remedies.

Its facilities are unrivaled. Each hospital to which the teachers are attached forms a part of the field of instruction. The general schedule is so arranged that there is no conflict in the hours of attendance of the professors. The clinics begin at 9 A. M., and continue until 9 P. M., each day; and the CLINICAL SOCIETY OF THE SCHOOL meets twice a month on Saturday evenings. Professor August Caille gives practical instruction in INTUBATION OF THE LARNYX to classes organized in this School, and only here. Land has been purchased on the northeast corner of Second avenue and Twentieth street, and a large, six-story fire-proof building, containing the School, the General Hospital, the Babies' Wards and the Dispensary, is now being erected, and will be occupied in the Fall of 1893.

CHICAGO OPHTHALMIC HOSPITAL, 607 W. Van Buren St., having First-Class Accommodations for the Medical and Surgical Treatment of all Eye, Ear and Throat Diseases. Correspondence Solicited. H. M. MARTIN, M. D., Pres. See p. 1369.

A Great Sanitarium

The attention of the Medical Profession is called to the fact that **EXTENSIVE IMPROVEMENTS** are inaugurated and considerably advanced on over 1,600 acres of most beautifully picturesque pine forest and mountain land, at

EUREKA SPRINGS, ARKANSAS,

Which, when finished, is intended to result in one of, if not the

Most Extensive and Complete Sanitarium in the World.

All **IMPROVEMENTS** will be of the best and most durable quality.

It will be **COMPLETELY AND FULLY EQUIPPED** with all the best modern improvements and

APPROVED THERAPEUTIC MEASURES,

And will introduce some important features, not as yet given in institutions of this kind.

It has grown up out of the profession as a Specialty and Necessity, and its **POLICY** will be controlled and directed by some of the best and most favorably known physicians in this country.

A Surgical Annex or Hospital

Will be one of its features, in which philanthropically disposed persons may endow memorial beds or wards for general or special classes of cases.

For full Particulars, Address

CHAS. E. DAVIS, M. D.

P. O. Box 880, Eureka Springs, Ark.

"CLINICAL MORPHOLOGIES OF BLOOD, SPUTUM," ETC, Drs. Ephraim Cutter & Son, 120 BROADWAY, NEW YORK.

The Sand Beach Mineral Baths.

OPEN SUMMER AND WINTER.

For the Cure of Rheumatism and all Skin and Nervous Diseases.

MINERAL, FRESH WATER, VAPOR, MINERAL VAPOR, AND SHOWER BATHS GIVEN.

The Sand Beach Mineral Waters, being obtained from a spring 1,900 feet deep, are strongly impregnated with sulphur and salt, standing at the head of all known springs as regards bromide and potash, and in calcic and magnesic chlorides they are remarkably strong, making the greatest combination of medical ingredients herein given of any waters in America, displaying 50 per cent. more solids than any mineral water known.

ANALYSIS.

SAMUEL DUFFIELD, PH. D., Consulting Chemist.

The Bath House and Spring are in the heart of the village, the main building commanding a magnificent view of Lake Huron.

The village is easy of access by boat and rail, being connected with Detroit by the D. & C. line of steamers and Grummond's Mackinac Line, and by the F. & P. M. Railroad.

Course of 21 Baths, with Attendant, $30 to $50, according to room.

Board can be obtained at the several hotels at from $6 to $8 per week.

All correspondence promptly answered and information cheerfully given. Address

The Sand Beach Mineral Bath Co., Sand Beach, Mich.

TO PHYSICIANS: The Garfield Eye and Ear Dispensary,

AND HOSPITAL, is located in the new six story building at 2600 and 2602 State street, Chicago, Illinois, where all operations in Eye and Ear Surgery are successfully performed. Artificial Eyes adjusted. Eyes tested for glasses, correcting all refractive error.

We have a private ward for ladies during confinement.

Specialists in each department.

Liberal Commissions paid to physicians sending patients to the dispensary.

For particulars address

UPJOHN'S FRIABLE PILLS ARE THE BEST. The Upjohn Pill and Granule Company, KALAMAZOO, MICHIGAN.

ALE AND BEEF PEPTONIZED Dr. I. N Love, St. Louis, Mo., says: "I have additional evidence of the value of your Ale and Beef, Peptonized. I find in many cases of children s troubles it is well received. I have found it of special value for nursing mothers. It serves as a tonic, and increases the flow of milk in an admirable way."

Clinical Advantages—The Portland Hospital:

The main part of the Portland Hospital is now completed. It is a large and elegant structure, built of brick, and contains a commodious amphitheatre, furnished with the necessary appliances for all manner of clinical demonstrations and surgical operations. It is heated by steam, lighted by electricity, and has an Otis elevator and all the latest modern improvements. This institution is under the exclusive control of the Faculty, and each student will have access to its wards two days in the week to examine patients, hear clinical lectures, and see all operations performed.

FEES—Matriculation Fee (paid but once), $5; for a full Course of Lectures, $130; Graduation Fee, $30. Students who have attended two full courses in this school are entitled to attend free of charge thereafter. Students who have attended two courses in other accredited medical colleges are entitled to a full course in this for $80. For further particulars and for annual catalogue, address

F. CAUTHORN, A. M., M. D., Secretary. **RICHMOND KELLY, A. M., M. D., Dean.**

Dr. Tuholske's Private Surgical and Gynæcological Hospital.

This Hospital has been specially designed and built for the care of patients requiring surgical or gynæcological treatment, and it is believed that so far as sanitary conditions, ventilation, light and heating are concerned, this Institution will compare favorably with the best in the land. The rooms are nicely and cosily furnished, the cuisine equals that of first-class hotels, the nurses are thoroughly trained, competent and required to be affable, gentle and attentive. Patients will find in this institution the comforts, and if desired, the luxuries of a home combined with the quiet, seclusion and trained nursing, such as one finds in hospitals only, and the security which comes from the knowledge of being under the direct and personal care of the Surgeon.

The Institution is centrally located on N. E. Cor. Jefferson Ave. and Locust St., St. Louis, Mo.

DR. H. TUHOLSKE, Surgeon in Charge. MISS FLETCHER, M. D., Superintendent Nurse.

Upjohn's Friable Pills. DRY POWDER IN PILL FORM. PERMANENTLY SOLUBLE.

ALE AND BEEF PEPTONIZED
Dr. J. C. Culbertson, Cincinnati, Ohio, says: "I am very glad to hear of and note the great success you are having with Ale and Beef, Peptonized. As a Nutrient Tonic it is just the thing in a host of cases. The name itself commands and strikes attention at once." ☞ YOUR DRUGGISTS HAVE IT.

DAILY DISPENSARY SERVICE IN COLLEGE BUILDING.

The Winter Session for 1893-94 begins on Wednesday, September 13, 1893, and closes March 8, 1894. Three years' graded course. Students admitted to advanced standing on passing a satisfactory final examination, or presenting certificates of having passed such examination at a recognized medical school.

The Spring Course offers special advantages to the student, with opportunity to review the Winter's work in a series of recitations, and also special courses upon practical subjects. Clinical material as abundant as in Winter, and clinics held every day in the week.

With Winter Session '93-94, a course will be given in Bacteriology with extended laboratory practice. The plan of instruction during the Winter Session includes didactic and clinical lectures and operations, recitations, quizzes and practical demonstrations.

Commencement occurs March 1, 1893. Annual meeting of Alumni Association to be held at 2 P.M. on commencement day. FEES.—General Ticket. $100.00 Further information upon application to **GUSTAV C. E. WEBER, M. D., LL. D., Dean; H. H. POWELL, M.D., Registrar.**

DR. C. B. PARKER, Secretary of the Faculty, 564 Euclid Ave, Cleveland, Ohio.

ALE AND BEEF PEPTONIZED
YOUR LEADING DRUGGISTS HAVE IT.

The sale of Ale and Beef, Peptonized, with us has been wonderfully large since you introduced it in Philadelphia. It meets with great favor among most of our prominent physicians. Yours truly,
GEO. B. EVANS, Pharmacist, Philadelphia, Pa.

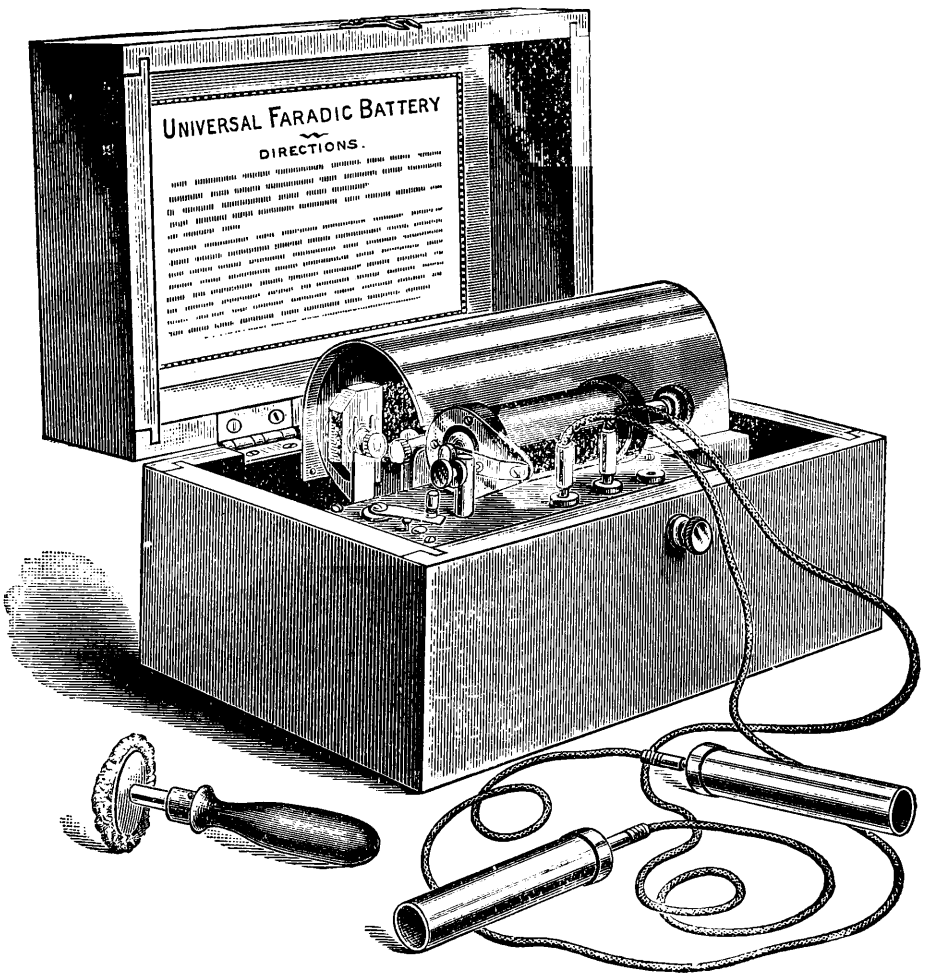
CAUTION.

Beware of so-called State Medical Directories, copied from our Medical and Surgical Register by irresponsible persons, and palmed off as original publications. This fraud has been perpetrated in various parts of the country, notwithstanding our efforts to prevent it by prosecution under the copyright law.



To avoid being imposed upon, you should ascertain the standing and responsibility of the publisher before signing an order.

Our friends will confer a favor upon us, as well as the medical profession, by promptly giving notice of any such attempted fraud.

Is Superior to all Others

FOR THE FOLLOWING REASONS:

1st. It adapts itself to every movement of the body, giving strong and even support.

2d. It produces warmth without irritation or sweating, as it is perfectly ventilated.

3d. In pregnancy, corpulency, tumors, or other cases of enlargement of abdomen, it supports weight of body from the backbone, relieving the sinews of their overwork.

4th. Its easy appliance (lace and draw on over head or feet).

5th. It is cheap, durable. It can be washed when soiled, proper care being taken to cleanse in lukewarm water, and dry in the shade.

IN ORDERING,

GIVE THE MEASURE OF THE ABDOMEN.

The Supporter should be about ten inches longer, according to the degree of support required.

PHYSICIANS' NET PRICE LIST OF EMPIRE ABDOMINAL SUPPORTER.

"THE EMPIRE UMBILICAL TRUSS" is an eleven-inch Abdominal Supporter with button inserted at the navel. Price, $4.00.

The Empire Elastic Bandage

Specially Adapted for Varicose Veins.

We invite the attention of the Medical and Surgical Profession to the various merits combined in our Bandages:

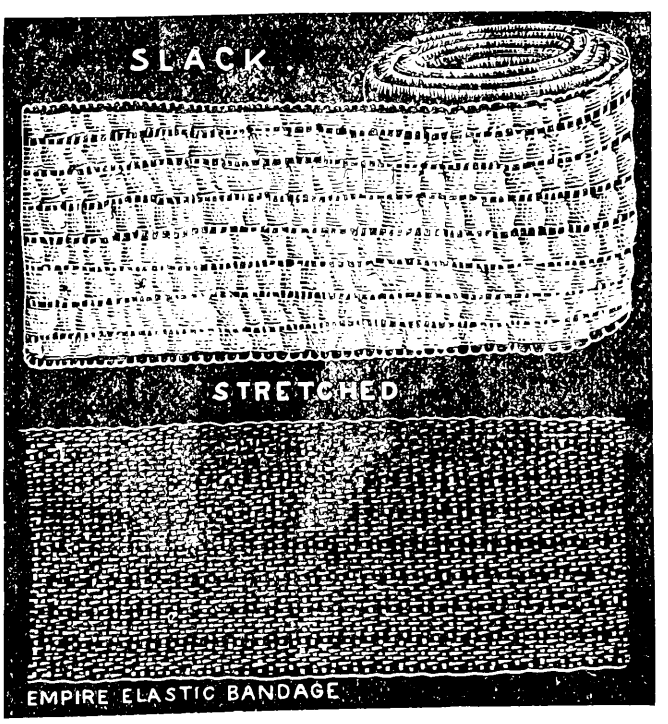
1st. ITS POROSITY—the greatest in the "Empire." It never causes itching, rash or ulceration under the bandage.

2d. ITS ELASTICITY, which will enable the surgeon or nurse to put it on at any required tension, and which will follow a swelling up or down, as the case may be, a feature unknown to any other bandage.

3d. ITS ABSORBENT PROPERTIES—greatest in the "Empire."

4th. ITS EASY APPLICATION to any part of the body, not being necessary to fold it over, as with other bandages, as it follows itself with equal uniformity around any part of the anatomy.

5th. ITS SELF-HOLDING QUALITIES—No bother with pins, needles, and thread, or strings, so tiresome to surgeons, as simply tucking the end under the last fold insures its permanent stay, until its removal for purpose of cleanliness.



6th. The only Bandage that is SUPERIOR TO THE ELASTIC STOCKING for varicose veins.

Send $1.00 for sample of Large Bandage, on approval. Any or all of our goods sent free by mail upon receipt of price. Money refunded if not satisfactory.

UNDER AVERAGE LIVES.

National Mutual Insurance Company,
World Building, New York.

N. W. BLOSS, President. J. F. MORSE, G. F. POTTER, Vice-Presidents.
W. G. LORD, Secretary. D. E. ANTHONY, Counsel.

This Company insures under average lives on the

ADJUSTED RATE PLAN

And pays the full amount of the policy. The plan is an entirely new and original feature in life insurance, and is meeting with unparalled success. It is the most equitable system of life insurance ever offered the public, as the rate charged is directly in proportion to the risk assumed, rather than an equal rate for all. While none but those safely insurable are accepted, the

Merit of the risk establishes the Rate of Premium.

The principle is similar to that applied to fire insurance, the premiums being regulated in accordance with the nature of the risk. The Adjusted Rate Plan avoids also the

UNREASONABLE AND PURELY ARBITRARY TECHNICALITIES

which have so long worked injustice to applicants and agents, and while it does not contemplate in any sense, the acceptance of an applicant not safely insurable, it recognizes the fact that a large number of risks usually declined, can be safely insured at an increased premium.

A View of Hot Springs, South Dakota.

This resort is rapidly becoming the most famous health and pleasure resort in the West. Altitude, 3,500; climate, delightful; water, just about the temperature of the body, requiring neither hot nor cold water to temper. Hotels: Gillespie and Hot Springs House, both large, stone buildings, nicely equipped and managed; many smaller hotels and private boarding places.

The "New Minnekahta," which was completed in 1892, is an elegant, modern, stone building, 150 feet square, and complete in all appointments.

A WONDERFUL WATER.

Eminent Chemists' Enthusiastic Praises of the

Pagoda Spring

A REMARKABLE ANALYSIS.

The eminent physician, Cyrus Edson, chief medical inspector of the New York board of health, president of the department of pharmacy in the College of the City and County of New York, member of the municipal committee on hygiene, surgeon and lieutenant colonel of the national guard (New York) and a learned contributor to magazine literature, has made an analysis of Pagoda Spring water, and what he thinks of it may be judged by the following letter:

Messrs. Egnew & Scott, Proprietors Mt. Clemens Pagoda Spring:

GENTLEMEN—The following are the results of an analysis of the sample of water submitted by you marked "Mt. Clemens Pagoda Spring Water": The amounts are expressed in grains per U. S. gallon of 231 cubic inches.

Chloride of sodium	2.097	Carbonate of magnesium	5.872
Chloride of potassium	0.853	Carbonate of iron	0 073
Sulphate of sodium	1.923	Phosphate of sodium	trace.
Sulphate of potassium	0.574	Phosphoric acid	trace.
Sulphate of calcium	0.417	Organic matter	faint trace
Carbonate of calcium	11.031		

A sanitary analysis of the water was also made, the result of which demonstrated it to be entirely free from contamination with organic matter. ITS PERFECT PURITY IS EXTRAORDINARY.

It contains no free or albumenoid ammonia and no nitrates or nitrites.

It is a mildly alkaline water of REMARKABLE PURITY. It is a superior table water, especially for persons addicted to the excessive use of a meat diet, and for those who have inherited or acquired a rheumatic or gouty temperament. This water will also prove very useful in the treatment of digestive disorders due to liver derangement. It will be found beneficial in cases of bladder and kidney disease. It is a better diluent than the ordinary "lime water" of the shops for milk administered to invalids and young infants. Unlike the ordinary alkaline waters, it contains nothing that would contra-indicate its use in wasting diseases.

Respectfully yours, CYRUS EDSON, M. D.

This analysis is the second of its kind made at the instance of the proprietors of the spring. It is a verification of the first analysis made of the water by C. Gilbert Wheeler, the distinguished analytical chemist of Chicago, who says:

It is analagous to the waters of Waukesha and the celebrated Coronado springs of California, although it analyzes better than either, being entirely free from ammonia, albumenoids of ammonia, nitrates and nitrites. Its mineral constituents, sulphates and carbonates, are medicaments, and indicate its great value in kidney and kindred difficulties. I consider it much better than either Coronado or Waukesha waters, which are justly famed.

DR. McMUNN'S

ELIXIR OF OPIUM.

An Invaluable Discovery in the Preparation of Opium.

It contains all the valuable medicinal properties of Opium in natural combination, to the exclusion of all its noxious deleterious, useless principles upon which its bad effects depend. It possesses all the sedative, anodyne and antispasmodic powers of Opium: To produce sleep and composure; to relieve pain and irritation; nervous excitement and morbid irritability of body and mind; to allay convulsive and spasmodic actions, etc.; and being purified from all the noxious and deleterious elements, its operation is attended by no sickness of the stomach, no vomiting, no costiveness, no headache, nor any derangement of the constitution or general health. Hence its high superiority over Laudanum, Paregoric, Black Drop, Denarcotized Laudanum, and every other Opiate preparation.

CAUTION.—On account of its large sale, spurious articles are offered in bulk. The genuine is sold only in vials of about 7 drachms, with yellow wrappers and signature of Jno. B. McMunn.

The Banchoreion of the State of New York.

Organized, 1875. Chartered, 1878.

AFTER being in domicile for the past seven years with the Choreion of Buffalo, this Banchoreion was recently recalled to its old domicile with the Choreion of Manhattan, in the City of New York, and its charter has been modified so as to include seven different Bodies. In order to accomplish this, the Board of Managers dissolved its civil incorporation, February 4th, 1893. It will be reincorporated forthwith. The said seven Bodies are: The Druidic Gorsedh, of the State of New York; The Lyceum Magnum, of the State of New York; the two Bodies composing the Choreion of Manhattan, viz: Cadair Manhattan and the Lyceum of Manhattan; the ancient Druidical Order of Senæ (Druidesses); Pendragon Conclave and Hercules Conclave, "of the Arthurian Order of Druids," both of New York City. For further information apply to

SECRETARY TONKS,
552 Greenwich St., New York City.

N. B.—This notice is addressed only to Druids, Bards, Ovytes, Avenytes, and other Druidical disciples and candidates, and is not intended for the general public.

Reputation and Money Both.

HITHERTO the practice of medicine has been considered as an art. From now on it is elevated to a plain science, especially as far as the treatment of fevers and chronic and contagious diseases is concerned. The introduction of

HELMER'S BI-OZONE CURE

has accomplished this result **by proving** that consumption, epilepsy, paralysis, dropsy, leucorrhœa, dyspepsia, nervous prostration, heart disease, syphilis, etc. can be very easily cured by this one remedy.

It revolutionizes all existing methods of healing, and should be studied and applied by all truly progressive medical minds.

It is an original discovery, and true investigators and unbiassed students should secure the agency for the same in their respective cities all over the United States. Besides the increase of remunerative practice and reputation the handling of

HELMER'S BI-OZONE CURE

Affords a Handsome Margin of Profit.

"After careful investigation I fully recognize the almost incalculable importance of the discovery as one step nearer to a solution of the problem of life."

CAUTION.

Beware of so-called State Medical Directories, copied from our Medical and Surgical Register by irresponsible persons, and palmed off as original publications.

This fraud has been perpetrated in various parts of the country notwithstanding our efforts to prevent it by prosecution under the copyright laws.

To avoid being imposed upon you should ascertain the standing and responsibility of the publisher before signing an order.

Our friends will confer a favor upon us as well as upon the medical profession by promptly giving notice of any such attempted fraud.

WALDEMERE

ON-THE-SOUND.

E. N. CARPENTER, M. D.

FOR THE CARE AND TREATMENT OF

MENTAL AND NERVOUS DISORDERS.

SELECTED CASES OF

ALCOHOLIC AND NARCOTIC HABITUES

RECEIVED BY SPECIAL ARRANGEMENT.

WALDEMERE is situated at Orienta, one mile from Mamaroneck, Westchester County, N. Y., one and one-half miles from Larchmont Manor, and thirty-five minutes from Grand Central Station, New York, via New York, New Haven and Hartford Railroad. Trains every hour.

The building faces a natural grove of old forest trees, covering about two hundred acres; in the rear is a fine view of Long Island Sound, Mamaroneck Harbor and Oakhurst Park. There are beautiful drives and walks in the vicinity.

The building contains all modern improvements—hot water, heat, gas, an abundant supply of pure spring water, and has natural drainage. All the living rooms have a southern exposure, are large, cheerful and well ventilated.

DR. CARPENTER may be consulted at his office, 5 EAST FORTY-FIRST STREET, NEW YORK CITY—Hours, 9 to 11 a. m.—and by appointment, or may be addressed at MAMARONECK, WESTCHESTER CO., N. Y.

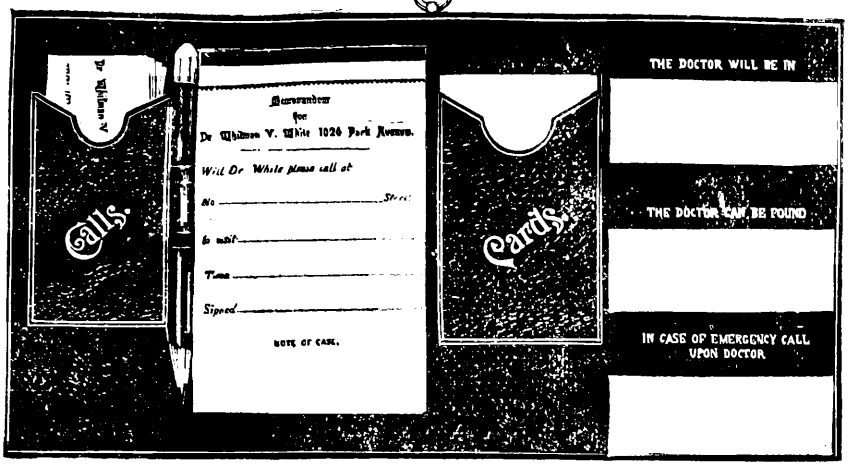
CAUTION.

Beware of so-called State Medical Directories, copied from our Medical and Surgical Register by irresponsible persons, and palmed off as original publications. This fraud has been perpetrated in various parts of the country, notwithstanding our efforts to prevent it by prosecution under the copyright law.

To avoid being imposed upon you should ascertain the standing and responsibility of the publisher before signing an order.



Our friends will confer a favor upon us, as well as the medical profession, by promptly giving notice of any such attempted fraud.
